## Mibao MBCS101MGY

# Mibao Durable Door Mat Instruction Manual

Model: MBCS101MGY

## INTRODUCTION

The Mibao Durable Door Mat is designed for both indoor and outdoor use, providing an effective barrier against dirt, moisture, and debris. Constructed from high-quality, natural rubber and polypropylene fiber, this mat offers durability, flexibility, and safety for various high-traffic areas. Its low-profile design ensures it fits under most doors without obstruction.

## SETUP

- 1. Unpack the Mat:** Carefully remove the door mat from its packaging. The mat is designed to lay flat immediately upon unrolling.
- 2. Choose Placement:** Select a suitable location for the mat, such as a front door, back door, patio, or entryway. Ensure the surface where the mat will be placed is clean and dry.

3. **Positioning:** Place the mat flat on the desired surface. Ensure it does not obstruct the opening or closing of doors.
4. **Safety Note:** Avoid placing the mat on wet surfaces to prevent potential slipping. The mat's non-slip rubber backing is most effective on dry, clean floors.

## OPERATING INSTRUCTIONS

The Mibao Durable Door Mat is designed to capture dirt and absorb moisture from footwear, helping to keep your indoor spaces cleaner. Its robust construction is suitable for high-traffic areas.

- **Dirt and Moisture Trapping:** The mat's woven polypropylene fabric is engineered to scrape off dirt, dust, grit, mud, sand, grass, or snow from shoes and absorb moisture.
- **Versatile Placement:** This mat can be used in various locations including front doors, back doors, laundry rooms, living rooms, lobbies, offices, patios, garages, and driveways.
- **Non-Slip Feature:** The 100% natural rubber backing provides a powerful non-slip grip on most floor types, ensuring stability for both people and pets.

## MAINTENANCE

Regular cleaning will help maintain the appearance and effectiveness of your Mibao Durable Door Mat.

- **Routine Cleaning:** For light cleaning, simply vacuum the mat with a hand-held vacuum, sweep with a broom, or shake it outdoors to remove loose dirt and debris.
- **Deeper Cleaning:** For a more thorough clean, wipe the mat with a damp cloth and mild soap. Alternatively, you can rinse the mat outdoors with a garden hose.
- **Drying:** After cleaning, allow the mat to air dry completely before placing it back in its position. Ensure it is fully dry to prevent moisture buildup underneath.
- **Avoid Bleach:** Do not use bleach or harsh chemicals on the mat, as this may damage the material and affect its durability.

## TROUBLESHOOTING

---

- **Mat is Slipping:**

**Issue:** The mat moves or slips on the floor.

**Solution:** Ensure the floor surface beneath the mat is completely dry and clean. The mat's natural rubber backing provides optimal grip on dry surfaces. Avoid placing on excessively wet or oily floors.

- **Mat Traps Water:**

**Issue:** Water accumulates on or under the mat, especially in shaded or less sunny areas.

**Solution:** While the mat absorbs moisture, prolonged wetness can occur in areas with poor drainage or limited sunlight. If this is a concern, consider placing the mat in a location that receives more sun exposure to aid drying, or periodically lift and dry the mat and the surface beneath it.

- **Dirt Accumulation:**

**Issue:** The mat appears dirty or less effective at trapping debris.

**Solution:** Increase the frequency of cleaning. Regular vacuuming, sweeping, or shaking the mat outdoors will prevent excessive dirt buildup and maintain its effectiveness.

## SPECIFICATIONS

---

<b>Brand</b>	Mibao
<b>Model Name</b>	MBCS101MGY
<b>Size</b>	24" x 36"
<b>Material</b>	100% Natural Rubber, Polypropylene Fiber
