1. Introduction

This manual provides essential information for the proper setup, use, and care of your ZINUS 1.5 Inch Swirl Gel Cooling Memory Foam Mattress Topper. This product is designed to enhance your sleep experience by providing an additional layer of comfort and temperature regulation to your existing mattress.

The topper features a specially formulated cooling gel infusion and a unique Wave Dynamics technology surface to promote airflow, helping to dissipate heat and maintain a comfortable sleeping temperature. It is constructed with CertiPUR-US Certified foam, ensuring it meets rigorous standards for content, emissions, and durability.

2. Setup Instructions

Your ZINUS mattress topper is compressed and rolled for convenient shipping. Please follow these steps for proper setup:

1. **Unpack:** Carefully remove the topper from its packaging. Avoid using sharp objects that could damage the foam.
2. **Unroll:** Place the rolled topper on a clean, flat surface, such as your bed frame or floor. Gently unroll the topper.
3. **Allow to Expand:** The topper will begin to expand immediately. For full expansion and to allow any potential new foam odor to dissipate, allow up to 72 hours in a well-ventilated room. Expansion time may vary based on ambient temperature and humidity.

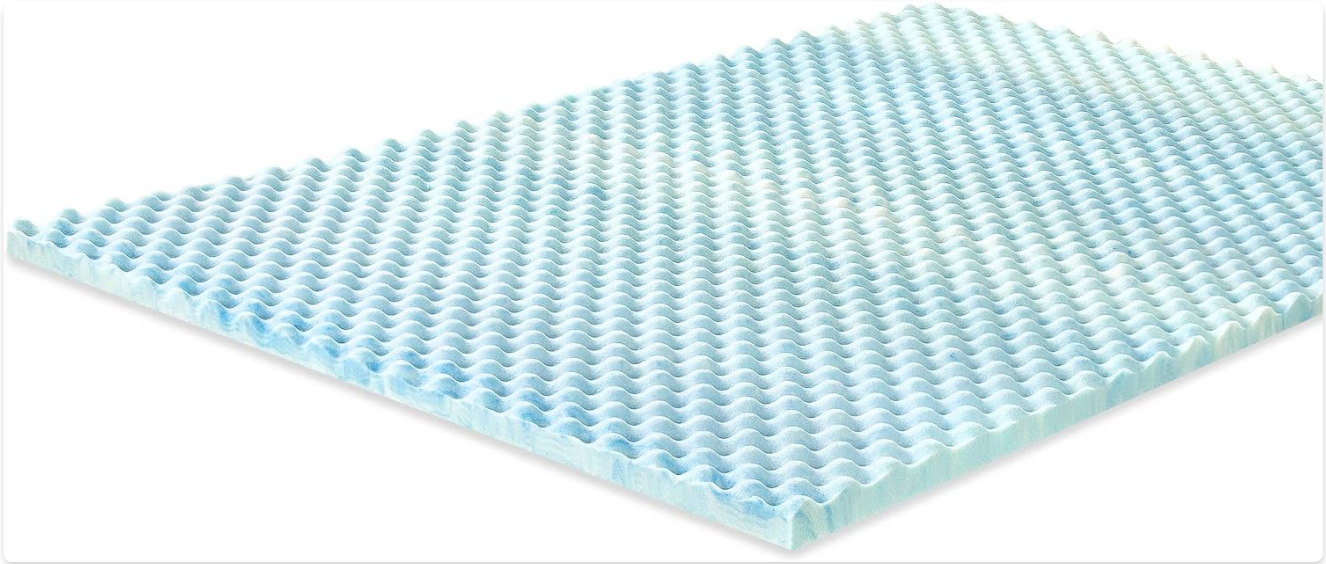

Image 2.2: Allow up to 72 hours for the topper to fully expand to its intended size and shape.

3. Operating Instructions

Once fully expanded, place the ZINUS Swirl Gel Cooling Memory Foam Mattress Topper directly on top of your existing mattress. The textured, wavy side should face upwards to maximize airflow and cooling benefits. You can then cover it with your standard or deep-pocket fitted sheet.

The gel-infused memory foam conforms to your body, providing pressure relief and support, while the unique design promotes air circulation to help regulate your body temperature throughout the night.

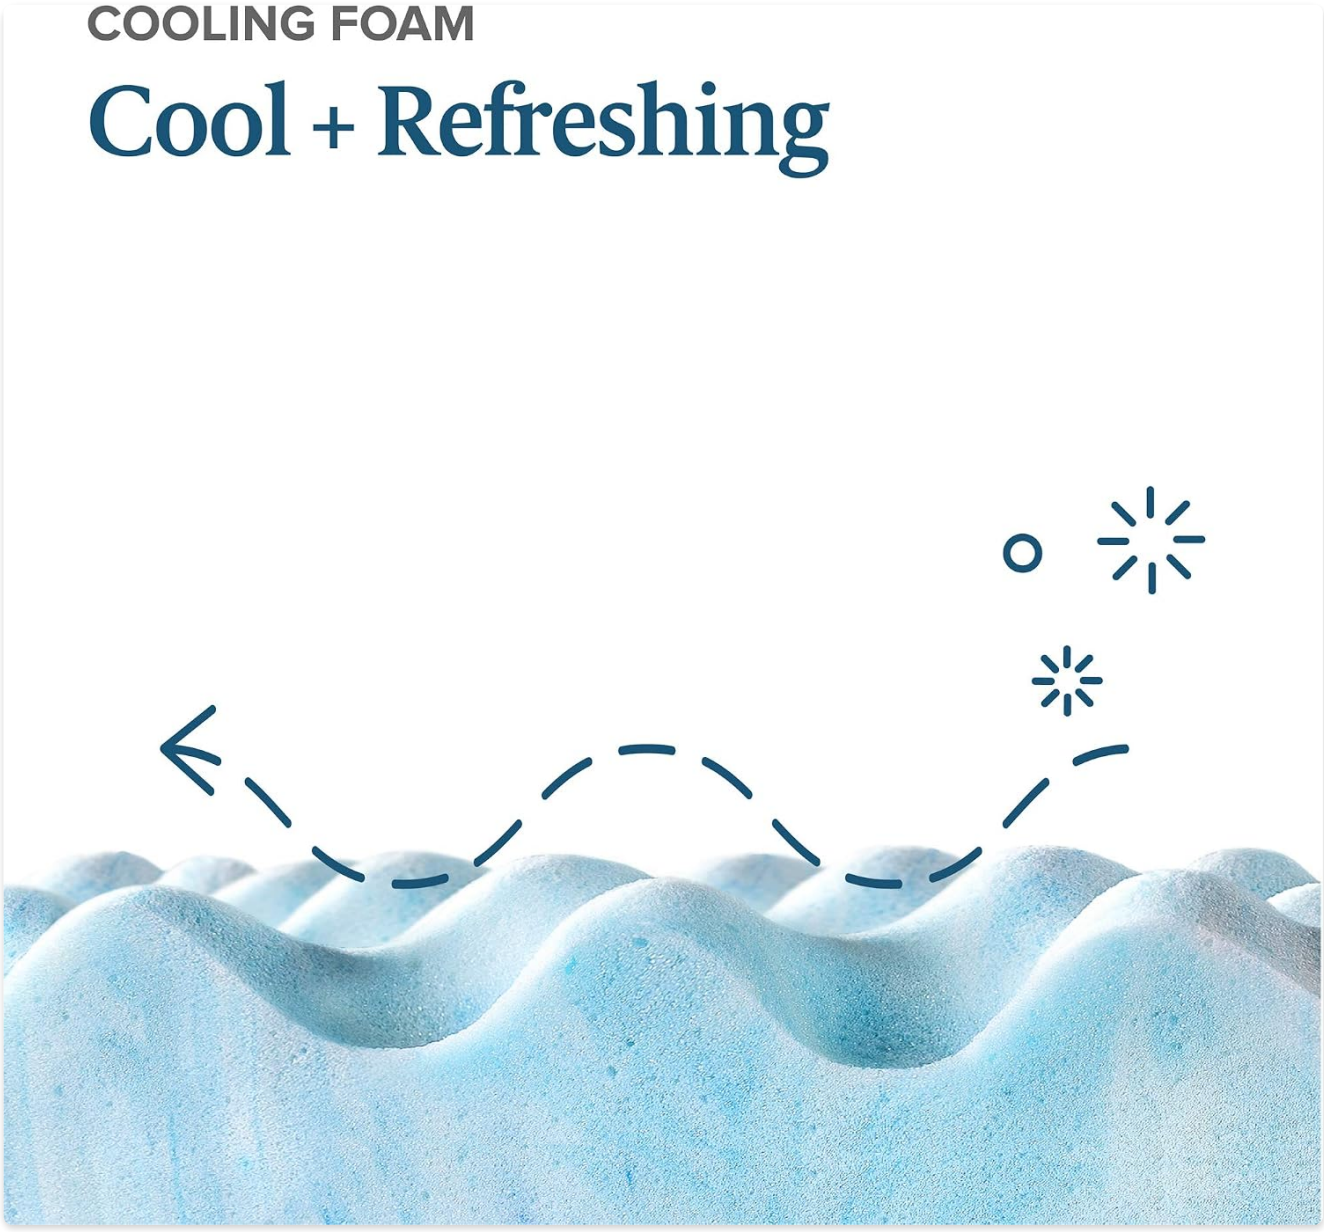

Image 3.1: The wavy surface design facilitates cooling airflow.

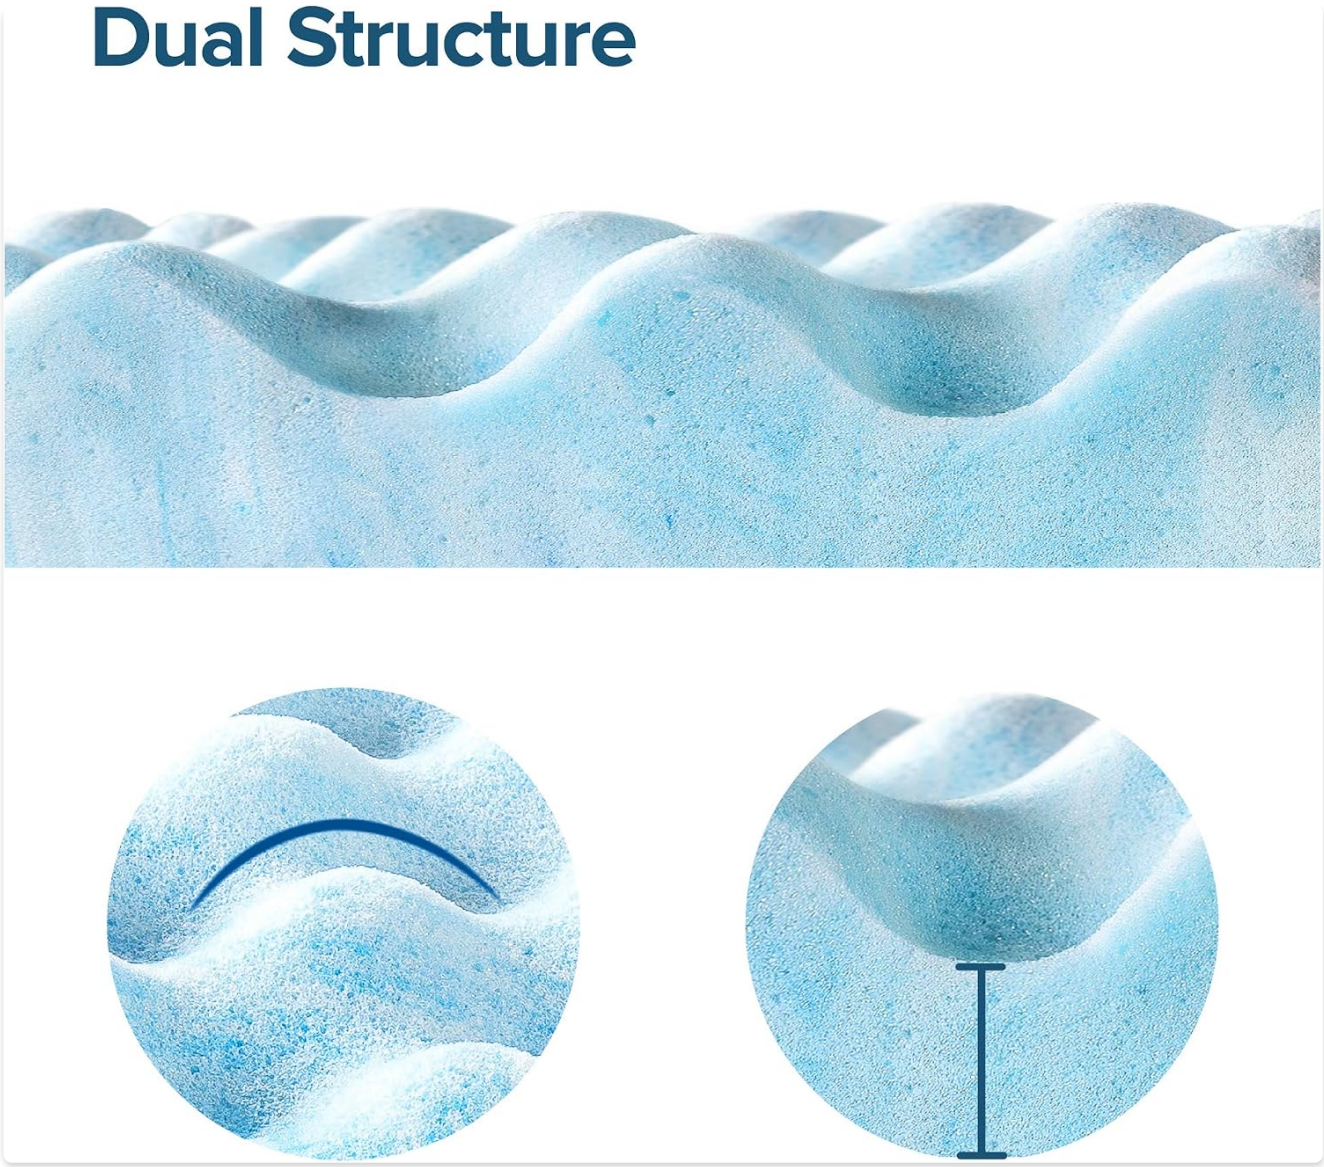

Image 3.2: Memory foam conforms to the body for enhanced comfort.

4. Maintenance

To maintain the quality and longevity of your mattress topper, please adhere to the following care instructions:

- **Cleaning:** Spot clean only. Do not machine wash, tumble dry, or dry clean the mattress topper. Use a mild detergent and a damp cloth to gently clean any soiled areas. Allow to air dry completely before placing back on the bed.
- **Protection:** For best results and to protect against spills and stains, use a mattress protector over the topper.

5. Troubleshooting

Issue: Initial Odor

Upon unboxing, a new foam odor may be present. This is normal and harmless.

Solution: Allow the topper to air out in a well-ventilated room for up to 72 hours. The odor should dissipate naturally.

Issue: Topper Not Fully Expanded

The topper may appear smaller or thinner than expected immediately after unrolling.

Solution: Ensure the topper has been given the full 72 hours to expand. Cooler temperatures can slow down the expansion process; a warmer room may help. Ensure it is laid flat without obstructions.

Issue: Topper Feels Warm

While designed for cooling, individual perception of temperature can vary.

Solution: Ensure the wavy side of the topper is facing upwards to maximize airflow. Use breathable bedding materials. If the issue persists, consider adjusting room temperature or using additional cooling bedding accessories.

6. Specifications

Feature	Detail
Brand	Zinus
Model Name	Topper
Item Model Number	AZ-SWFT-150T
Color	Light Blue
Size	Twin
Thickness	1.5 Inches
Material	Memory Foam
Fabric Type	Plush
Special Feature	Cooling
Product Dimensions	74 x 38 x 1.5 inches
Item Weight	3.51 pounds
Product Care Instructions	Spot Clean Only
Maximum Recommended Load	250 Pounds (Twin size)
Certifications	CertiPUR-US Certified Foam

7. Warranty Information

The ZINUS 1.5 Inch Swirl Gel Cooling Memory Foam Mattress Topper comes with a **5-year limited warranty**. This warranty covers manufacturing defects and ensures the product meets Zinus's quality standards under normal use. Please retain your proof of purchase for any warranty claims.
