Zazu BOBBY-01

Zazu Bobby the Bear Sleep Trainer and Alarm Clock User Manual

Model: BOBBY-01

1. INTRODUCTION

The Zazu Bobby the Bear is a compact sleep trainer and alarm clock designed to help children understand when it is acceptable to get up. It features an analogue and digital time display, and an alarm function for older children. Please note that Bobby is not a toy and is intended for use as a sleep trainer and alarm clock.

Image 1.1: Zazu Bobby the Bear Sleep Trainer showing both awake (eyes open) and asleep (eyes closed) states.

Key Features:

- **Sleep Trainer Function:** Bobby's eyes close at bedtime and open in the morning to indicate when it is time to sleep or wake up.
- **Alarm Clock:** An adjustable volume alarm is available for older children.
- **Dual Time Display:** Features both analogue and digital time for easy comprehension.
- **Compact Design:** Measures approximately 12 x 12 x 12 cm with a 10 cm screen diameter.

2. SETUP

2.1 Battery Installation

The Zazu Bobby the Bear requires 3 AAA batteries (not included) for operation. Ensure batteries are inserted with correct polarity.

1. Locate the battery compartment on the back of the unit.
2. Open the battery compartment cover.
3. Insert 3 AAA batteries, observing the correct positive (+) and negative (-) terminals.
4. Close the battery compartment cover securely.

2.2 Initial Time and Wake-Up Setting

Refer to the specific buttons and controls on the device to set the current time and the desired wake-up time. The wake-up time determines when Bobby's eyes will open.

ZAZU is very proud of the awards that we have won for our products

3. OPERATING INSTRUCTIONS

3.1 Sleep Trainer Function (Eyes Open/Close)

Bobby the Bear uses its eyes to visually communicate sleep and wake times to a child.

- **Bedtime:** Manually close Bobby's eyes at bedtime. This indicates to the child that it is time to sleep.
- **Wake-Up Time:** At the pre-set wake-up time, Bobby's eyes will automatically open, signaling that it is now acceptable for the child to get out of bed.

Time to sleep

eyes closed

Image 3.1: Bobby the Bear with eyes closed, signifying sleep time.

OK to get up

eyes open | optional sound alarm

Image 3.2: Bobby the Bear with eyes open, signifying wake-up time.

3.2 Alarm Clock Function

For older children or those who prefer an audible wake-up, Bobby can function as an alarm clock.

- **Setting the Alarm:** Use the control buttons to set the desired alarm time.
- **Adjusting Volume:** The alarm volume is adjustable. Refer to the device controls for specific instructions on volume adjustment.

3.3 Time Display

Bobby displays time in both analogue and digital formats, making it easy for children to learn and understand time concepts.

Image 3.3: Visual representation of Bobby's eyes closed for sleep and open for wake-up.

4. MAINTENANCE

To ensure the longevity and proper functioning of your Zazu Bobby the Bear, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the unit with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.
- **Battery Replacement:** Replace batteries when the display dims or functions become unreliable. Always use new AAA batteries.
- **Storage:** If storing the unit for an extended period, remove the batteries to prevent leakage.

5. TROUBLESHOOTING

If you encounter issues with your Zazu Bobby the Bear, consider the following common solutions:

- **Unit Not Powering On:**
 - Check if batteries are inserted correctly.
 - Replace with new AAA batteries.
- **Eyes Not Opening/Closing at Correct Time:**
 - Verify that the current time and wake-up time settings are accurate.
 - Ensure the sleep trainer function is activated correctly.
- **Alarm Not Sounding:**

- Check if the alarm time is set.
- Ensure the alarm volume is not set to minimum or muted.

If problems persist, please contact Zazu customer support for further assistance.

6. SPECIFICATIONS
