### Moen 7864SRS

# Moen Sleek Kitchen Faucet Instruction Manual

Model: 7864SRS | Brand: Moen

## INTRODUCTION

The Moen Sleek Kitchen Faucet Collection is designed with clean lines and a minimalist aesthetic, offering both style and functionality for your kitchen. This manual provides essential information for the setup, operation, and maintenance of your new faucet.

Its dramatic flared base seamlessly flows into the pulldown, self-retracting spray wand, offering both style and functionality. Designed for ease of use, the retractable spray head glides effortlessly back into place, ensuring a smooth and clutter-free kitchen experience. The Sleek collection goes beyond transitional aesthetics, pushing into a refined modern style with broad appeal. Its cylindrical shape and soft, flowing lines create a contemporary focal point, complementing a variety of kitchen decors. Engineered for both beauty and performance, this faucet offers effortless operation and easy cleanup for busy households. Elevate your kitchen with the Sleek collection, a fusion of modern form and cutting-edge functionality that redefines the future of kitchen design.

## OPERATING THE FAUCET

Your Moen Sleek kitchen faucet is designed for intuitive and efficient use, featuring several innovative technologies:

- **Pulldown Sprayer with Reflex System:** The integrated pulldown sprayer is equipped with the Reflex system, ensuring smooth operation and secure docking of the spray head back into the spout after use. This allows for extended reach and flexibility for various kitchen tasks.
- **Power Boost Technology:** Activate the Power Boost feature with the push of a button for a quicker clean and faster water flow. This technology is ideal for filling pots rapidly or for enhanced cleaning power.
- **Dual Spray Modes:** Easily switch between a steady stream and a powerful spray mode using the toggle button on the spray head, adapting to your specific needs.

## MAINTENANCE

To keep your Moen Sleek faucet looking its best and functioning optimally, follow these maintenance guidelines:

- **Spot Resist Stainless Finish:** The Spot Resist Stainless finish is designed to resist fingerprints and water spots, contributing to a cleaner-looking kitchen. For general cleaning, wipe the surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that might damage the finish.
- **Regular Cleaning:** Periodically clean the spray head nozzles to remove any mineral buildup that might affect water flow.

MOEN®

# Spot Resist™ Technology

Keep your faucet looking cleaner with a finish that resists fingerprints and water spots.

## TROUBLESHOOTING

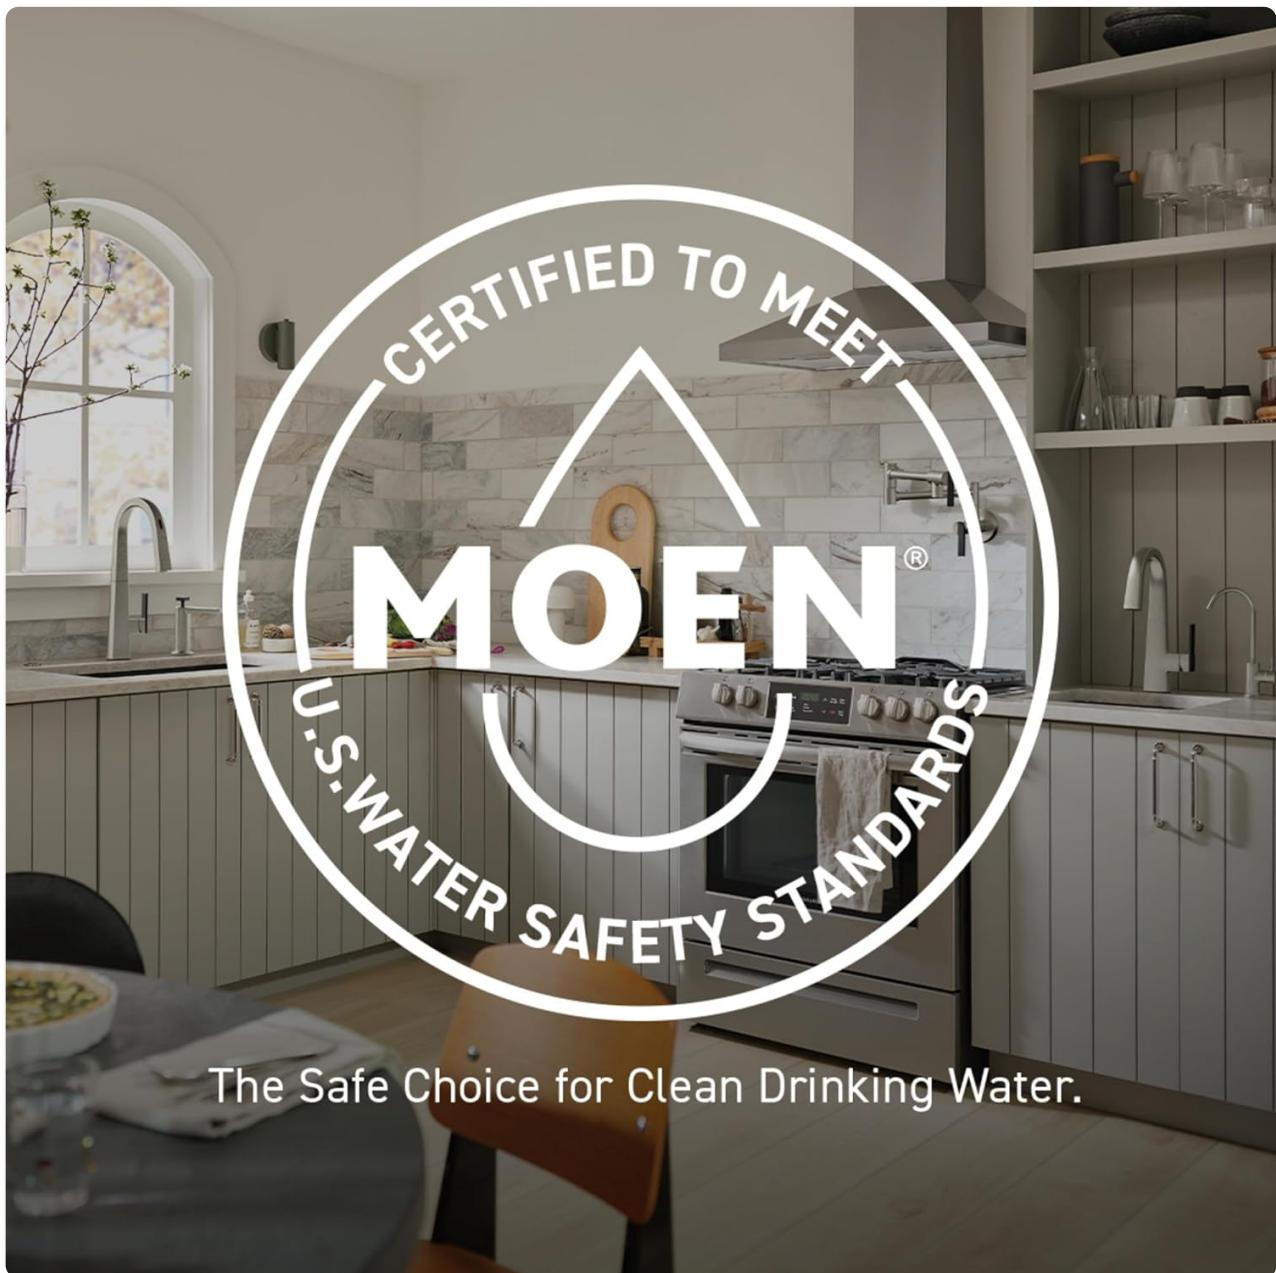

If you encounter any issues with your Moen Sleek faucet, consider the following common solutions:

- **Low Water Flow:** Check if the aerator on the spray head is clogged with debris or mineral deposits. Clean it thoroughly. Ensure that the water supply valves under the sink are fully open.
- **Leaks:** If you notice any leaks, especially from the base or connections, ensure all connections are secure. For internal leaks, it is recommended to contact Moen customer support as the faucet is backed by a comprehensive warranty.
- **Sprayer Not Retracting:** Ensure there are no obstructions under the sink preventing the weight from moving freely along the hose.

For more complex issues or if troubleshooting steps do not resolve the problem, please refer to the Warranty & Support section for contact information.
