

Emotionlite ELN-085-6

Emotionlite ELN-085-6 Plug-in LED Night Light User Manual

Model: ELN-085-6

1. INTRODUCTION

Thank you for choosing the Emotionlite Plug-in LED Night Light. This manual provides essential information for the safe and efficient use of your new night lights. These lights are designed to provide a soft, warm white glow, automatically activating in low light conditions, making them ideal for various indoor spaces.

2. SAFETY INFORMATION

- **Indoor Use Only:** This product is designed for indoor use in dry locations. Do not expose to water or high humidity.
- **Electrical Safety:** Ensure the electrical outlet is in good condition and properly grounded. Do not overload outlets.
- **Avoid Obstruction:** Do not cover the night light or its sensor with clothing, furniture, or other objects, as this may interfere with its automatic operation.
- **Not a Toy:** Keep out of reach of children. This product is not intended for use as a toy.
- **Disassembly:** Do not attempt to disassemble or modify the night light. There are no user-serviceable parts inside.
- **Fireproof Material:** The night light is constructed from fireproof material for enhanced safety.

3. PACKAGE CONTENTS

Your package should contain the following items:

- 6 x Emotionlite Plug-in LED Night Lights (Warm White)

Image 3.1: Six Emotionlite plug-in LED night lights. These lights are designed for automatic operation and provide a soft, warm illumination.

4. PRODUCT FEATURES

- **Automatic On/Off:** Equipped with a built-in smart light sensor that automatically turns the light on when ambient light is insufficient and off when light is detected.
- **Soft Warm White Glow:** Emits a 2700K soft warm white light, which is gentle on the eyes and suitable for nighttime navigation.
- **Energy Efficient:** Features a 0.5W LED, eliminating the need for bulb replacement and offering low power consumption.
- **Long Lifespan:** Designed for durability with an average lifespan of up to 50,000 hours.
- **Compact Design:** Its small size ensures that it does not obstruct the second electrical outlet, allowing for continued use of the power strip.
- **Versatile Application:** Ideal for various indoor locations such as kids' bedrooms, nurseries, bathrooms, hallways, stairways, corridors, and any dark corners requiring subtle illumination.

AUTOMATIC ON/OFF

Dusk to Dawn Sensor, Only Activates in Darkness

Image 4.1: Automatic ON/OFF functionality. The night light activates only in darkness, thanks to its integrated dusk-to-dawn sensor.

5. SETUP

Setting up your Emotionlite LED Night Light is simple:

1. Unpack the night lights from their packaging.
2. Locate a standard 120V AC electrical outlet in your desired indoor location.
3. Plug the night light directly into the outlet. Ensure it is securely seated.
4. The night light will automatically begin operating based on ambient light conditions.

Safety and Reliable

Fireproof Material

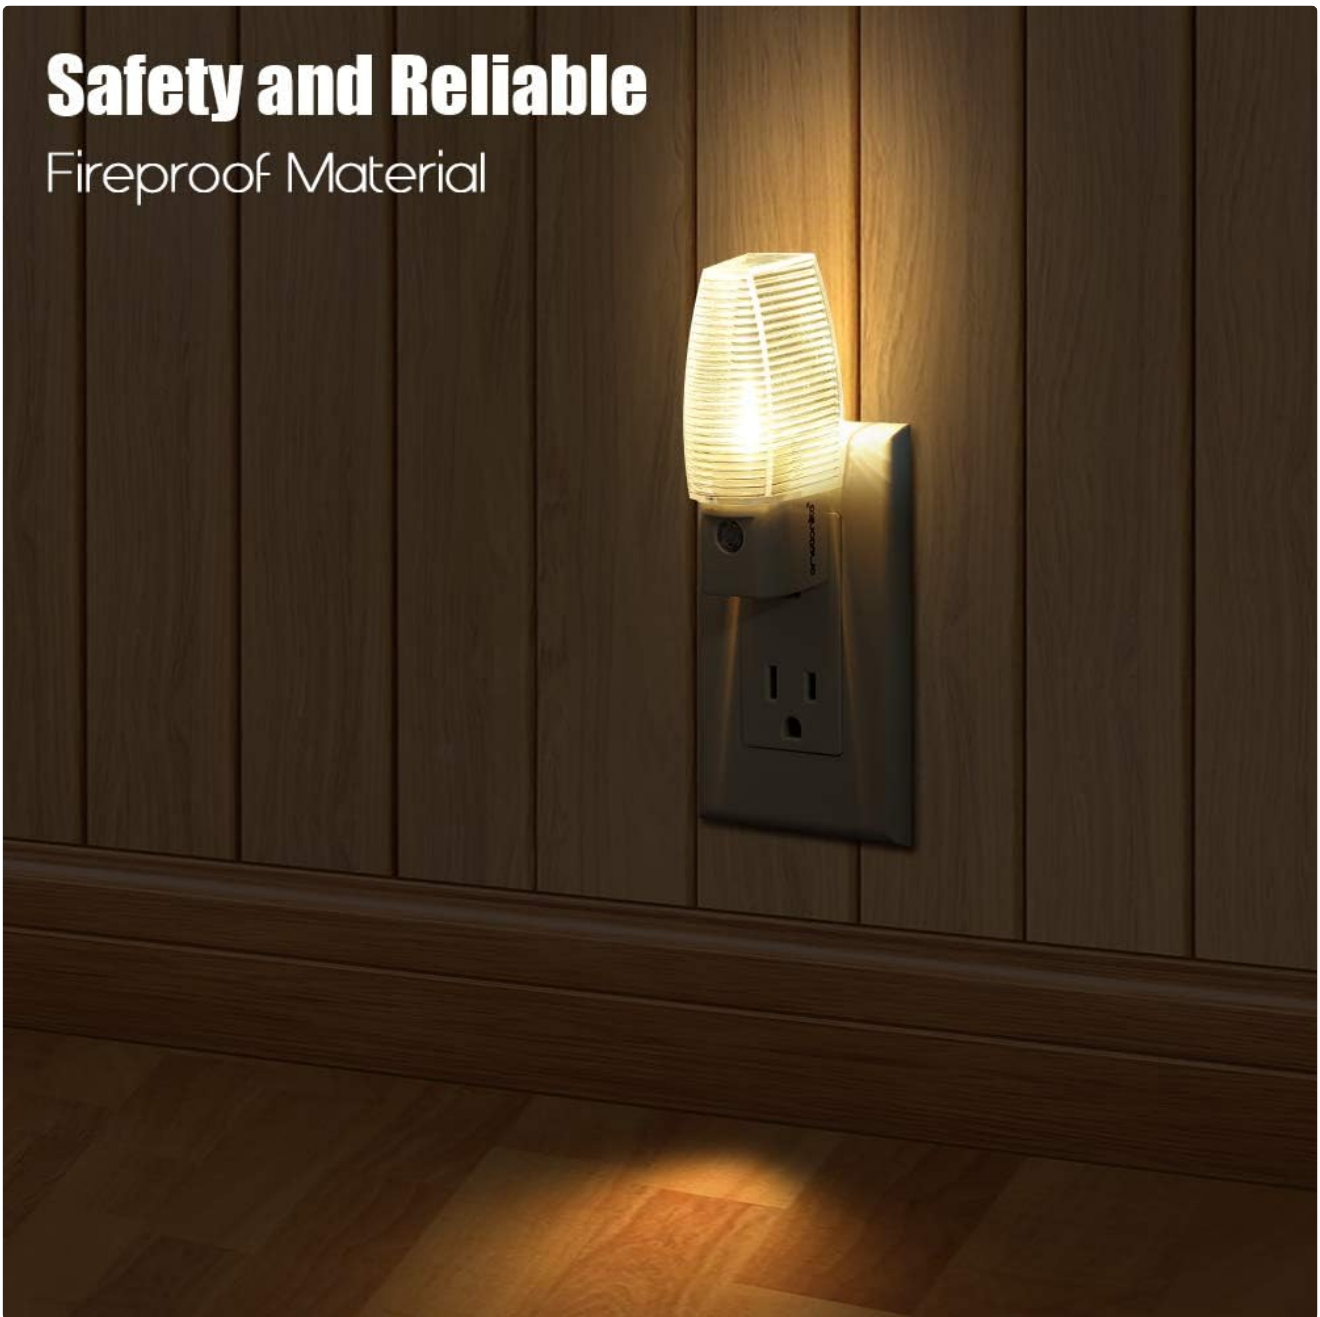

Image 5.1: Night light plugged into an outlet, demonstrating its compact size and fireproof material construction.

6. OPERATING INSTRUCTIONS

The Emotionlite LED Night Light operates automatically:

- **Dusk-to-Dawn Sensor:** The integrated light sensor detects ambient light levels.
- **Automatic Activation:** When the surrounding area becomes dark (e.g., at dusk or in a dimly lit room), the night light will automatically turn on.
- **Automatic Deactivation:** When sufficient light is detected (e.g., at dawn or when room lights are turned on), the night light will automatically turn off.
- No manual switching is required.

Image 6.1: Night light providing illumination in a nursery, demonstrating its soft glow in a low-light environment.

Image 6.2: Night light illuminating a hallway, showcasing its effectiveness in providing subtle guidance in dark areas.

7. MAINTENANCE

The Emotionlite LED Night Light requires minimal maintenance:

- **Cleaning:** To clean the night light, unplug it from the outlet. Wipe the exterior with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **No Bulb Replacement:** The integrated LED is designed for the lifetime of the product and does not require replacement.

8. TROUBLESHOOTING

If you encounter issues with your Emotionlite LED Night Light, refer to the following:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Night light does not turn on in darkness.	1. Insufficient darkness. 2. Light sensor is obstructed. 3. Power outlet issue.	1. Ensure the room is sufficiently dark for the sensor to activate. 2. Check that the light sensor (small circular component on the front) is not covered. 3. Test the outlet with another device to confirm it has power.
Night light stays on during daylight.	1. Insufficient ambient light. 2. Light sensor is obstructed.	1. Ensure the area around the night light receives adequate ambient light during the day. 2. Check that the light sensor is not covered or in a shadowed area.
Light flickers or is dim.	Product malfunction.	Unplug the night light and plug it back in. If the issue persists, discontinue use.

9. SPECIFICATIONS

Feature	Specification
Model Number	ELN-085-6
Light Source	LED
Wattage	0.5 Watts
Voltage	120 Volts (AC)
Brightness	8 Lumens
Color Temperature	2700 Kelvin (Warm White)
Color Rendering Index (CRI)	80.00
Average Lifespan	50,000 Hours
