ZINUS OLB-MFHB-Q

ZINUS Jessica Upholstered Metal Headboard Instruction Manual

Model: OLB-MFHB-Q | Brand: ZINUS

Product Overview

The ZINUS Jessica Upholstered Metal Headboard is designed to enhance any bedroom with its classic shape and modern style. Constructed with a sturdy metal frame and foam-padded grey upholstery, it provides a comfortable and elegant backdrop for your mattress. This headboard is a testament to ZINUS's commitment to comfort and innovative design.

Key Features

- Classic Styling to match any Décor
- Foam padded grey upholstery
- Available in twin, full, Queen, and King sizes
- Worry free 5 year limited warranty
- Bed frame and mattress sold separately

Setup and Assembly

The ZINUS Jessica Headboard is designed for easy and quick assembly. All necessary components and tools are included. For detailed step-by-step instructions, please refer to the official Installation Manual (PDF) available here.

Components Included

- Upholstered Headboard Panels
- Metal Frame Components
- Assembly Hardware (bolts, wing nuts, washers)
- Assembly Tool (Allen wrench)

Assembly Process

Assembly typically involves matching numbered parts and securing them with the provided hardware. The design allows for straightforward construction, often completed in minutes. Ensure all connections are tightened securely for stability.

Operating Instructions

Attaching to Your Bed Frame

The ZINUS Jessica Headboard is designed to attach to most universal bed frames. Align the pre-drilled slots on the headboard legs with the corresponding holes on your bed frame. Use the included bolts, wing nuts, and washers to secure the headboard firmly to the frame. Ensure all connections are tight to prevent wobbling or noise.

The headboard is compatible with Twin, Full, Queen, and King size bed frames, offering versatility for various bedroom setups.

Care and Maintenance

Cleaning

To clean the upholstered sections, gently wipe with a dry cloth. For spills or stains, blot immediately with a clean, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the fabric or metal finish.

General Care

- Periodically check all bolts and connections to ensure they remain tight.
- Avoid leaning excessively on the headboard, especially if it is not securely attached to a bed frame.
- Keep the headboard away from direct sunlight and excessive moisture to preserve the upholstery and metal finish.

Troubleshooting

Common Issues and Solutions

- **Wobbling Headboard:** Ensure all assembly bolts connecting the headboard to the bed frame are securely tightened. If using a ZINUS bed frame, verify compatibility and proper alignment.
- **Noise from Headboard:** Check for any loose connections. If the headboard is contacting the wall, consider placing felt pads or rubber stoppers between the headboard and the wall to reduce noise.
- **Stains on Upholstery:** For minor stains, blot immediately with a clean, dry cloth. For more stubborn stains, a mild fabric cleaner designed for upholstery may be used, following the product's instructions and testing on an inconspicuous area first.
