## Hot Wheels DMT90

# Hot Wheels Star Wars First Order TIE Fighter

Model: DMT90 - Instruction Manual

## INTRODUCTION

---

This manual provides essential information for the setup, operation, and care of your Hot Wheels Star Wars First Order TIE Fighter die-cast vehicle. This highly detailed replica is designed for display and light interaction, capturing the essence of the iconic starfighter from the Star Wars universe.

## SAFETY INFORMATION

---

**Warning: Not suitable for children under 14 years. For use under adult supervision.**

This product contains small parts and is intended for collectors and enthusiasts aged 14 and above. Keep out of reach of younger children to prevent choking hazards. Handle with care to avoid damage to the model or injury.

## WHAT'S IN THE BOX

---

- Hot Wheels Star Wars First Order TIE Fighter Vehicle
- 2 total starship display stand components

## SETUP

---

The Hot Wheels First Order TIE Fighter is designed for display and comes with a flight stand for various presentation options. Follow these steps to set up your model:

1. **Unboxing:** Carefully remove the TIE Fighter and its display stand components from the packaging. Inspect for any damage.
2. **Assembling the Display Stand:** The display stand typically consists of a base and a support arm. Gently connect these pieces. The stand is designed to securely hold the TIE Fighter in a flying pose.
3. **Mounting the TIE Fighter:** The TIE Fighter can be displayed in three ways:
  - **On Landing Gear:** The model can rest on its integrated landing gear for a grounded appearance.
  - **On Display Stand:** Attach the TIE Fighter to the assembled display stand. Ensure it is firmly seated in the designated notch or connection point on the stand.
  - **With Display Stand Notch Covered:** For a cleaner look, the display stand notch on the model can be covered if not in use.

## MAINTENANCE

---

To ensure the longevity and pristine condition of your die-cast model, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For more stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or solvents.
- **Storage:** Store the model in a cool, dry place away from direct sunlight and extreme temperatures, which can cause paint fading or material degradation. Keeping it in its original packaging or a display case can protect it from dust and accidental damage.
- **Handling:** Always handle the model by its main body or sturdy sections. Avoid gripping delicate parts like the solar array wings or antennae to prevent bending or breakage.

## TROUBLESHOOTING

---

This die-cast model is a static display item with limited moving parts. Should you encounter any issues, consider the following:

- **Loose Parts:** If any small parts become loose, carefully reattach them if possible. For intricate repairs, consider consulting a professional model repair service.
- **Display Stand Instability:** Ensure the display stand components are fully engaged and placed on a flat, stable surface.

For issues not covered here, please refer to the support section for manufacturer contact information.
