HomeSpot UL Certified USB Wall Charger 5V1A Instruction Manual

Model: S005AYU0500100

INTRODUCTION

This manual provides essential information for the safe and efficient use of your HomeSpot UL Certified USB Wall Charger 5V1A. Please read these instructions carefully before using the product and retain them for future reference.

SAFETY INFORMATION

- The charger is **UL Listed (UL Number: E178074)**, ensuring it meets recognized safety standards.
- This device is designed for indoor use only. Do not expose to rain, moisture, or extreme temperatures.
- Do not disassemble, modify, or attempt to repair the charger. Refer all servicing to qualified personnel.
- Avoid using the charger with damaged cables or in loose electrical outlets.
- The integrated IC chip provides protection against overcharging, overcurrents, and overheating. Charging automatically stops when the connected device's battery is full.
- Unplug the charger from the wall outlet when not in use or during electrical storms.

SETUP

1. **Unpack the Charger:** Carefully remove the HomeSpot USB Wall Charger from its packaging.
2. **Connect to Power Outlet:** Insert the charger's prongs into a standard AC 100-240V wall outlet. Ensure it is securely plugged in.

3. **Connect USB Cable:** Obtain a compatible USB charging cable (not included) for your device. Plug one end of the USB cable into the USB-A port on the HomeSpot charger.
4. **Connect to Device:** Plug the other end of the USB cable into your electronic device (e.g., smartphone, tablet, speaker).

OPERATING INSTRUCTIONS

Once the charger is connected to a power outlet and your device is connected via a USB cable, charging will commence automatically. The charger is designed to deliver a stable 5V/1A output to compatible devices.

- The charger does not support Qualcomm Quick Charge or other fast-charging protocols beyond its standard 5V/1A output.
- The charger's internal circuitry will manage the charging process, preventing overcharging once your device's battery is full.

MAINTENANCE

- Keep the charger clean and dry. Use a soft, dry cloth to wipe the exterior.
- Do not use liquid cleaners or aerosol sprays.
- Store the charger in a cool, dry place when not in use.
- Avoid dropping the charger or subjecting it to strong impacts.

TROUBLESHOOTING

- **Device not charging:**
 - Ensure the charger is firmly plugged into a working wall outlet.
 - Verify that the USB cable is securely connected to both the charger and your device.
 - Try using a different USB cable to rule out a faulty cable.
 - Test the charger with a different compatible device to confirm charger functionality.
 - Try plugging the charger into a different wall outlet.

- **Slow charging:**

- Confirm your device is compatible with a 5V/1A charging rate. Some devices may require higher amperage for faster charging.
- Ensure the USB cable is not excessively long or of poor quality, which can reduce charging efficiency.

- **Charger feels warm:**

- It is normal for the charger to become slightly warm during operation. If it becomes excessively hot, unplug it immediately and discontinue use.

SPECIFICATIONS

Feature	Detail
Model Number	S005AYU0500100
Input Voltage	AC 100-240V
Output Voltage	DC 5V
Output Current	1A (1000mA)
Wattage	5 Watts
Connector Type	USB-A
Safety Certification	UL Listed (E178074)
Energy Efficiency	Level VI
Compatible Devices	Most cellular phones, speakers, and other USB-powered devices requiring 5V/1A.
Material	Plastic
Weight	0.03 Kilograms (approx. 1.06 oz)

WARRANTY

This HomeSpot USB Wall Charger comes with a **1-Year Limited Warranty** from the date of purchase. This warranty covers manufacturing defects under normal use. It does not cover damage caused by misuse, accident, unauthorized modification, or external causes.
