3. SETUP

Before applying, ensure hair is dry and free of styling products. Prepare your workspace to avoid accidental transfer of chalk to surfaces, although the product is washable.

4. OPERATING INSTRUCTIONS (APPLICATION)

1. **Select Hair Strand:** Choose a section of hair you wish to color. For best results, work with small, manageable strands.
2. **Apply Chalk:** Hold the hair strand taut and rub the Hair Chox pen directly onto the hair in a downward motion. Apply multiple passes for more vibrant color.
3. **Blend Colors (Optional):** Experiment by applying different colors to adjacent strands or blending them on the same strand for unique effects.
4. **Style Hair:** Once the chalk is applied, style your hair as desired. You can use the included glitter bobby pins to add extra sparkle or secure styled sections.

5. MAINTENANCE AND REMOVAL

Removal:

To remove the temporary hair color, simply wash your hair with shampoo and water. The water-soluble formula ensures easy removal.

Image 5.1: Hair chalk is easily removed with shampoo and water.

Storage:

Store the Hair Chox pens with their caps securely closed in a cool, dry place to prevent drying out and maintain product quality.

6. TROUBLESHOOTING

- **Color Not Vibrant Enough:** For darker hair, apply more pressure and multiple layers of chalk. Ensure hair is completely dry before application.
- **Chalk Leaving Chunks:** Apply the chalk in smooth, even strokes. If chunks occur, gently brush through the hair after application to distribute the color more evenly.
- **Difficulty Washing Out:** While designed to be water-soluble, some hair types or excessive application may require a second shampooing. Use a clarifying shampoo if necessary.
