Lumipets LumiPets4

Lumipets Remote Control Silicone Night Light User Manual

Model: LumiPets4

Brand: Lumipets

INTRODUCTION

The Lumipets Remote Control Silicone Night Light is designed to provide a comforting and colorful glow for children's bedrooms and nurseries. Made from high-quality, soft silicone, this rechargeable night light offers multiple color options and convenient control features to enhance bedtime routines.

Image: The Lumipets Bear Night Light, a soft silicone bear-shaped lamp, is shown alongside its remote control, emitting a gentle pink glow.

SAFETY INFORMATION

For detailed safety guidelines, please refer to the official Safety Information PDF document:

[Download Safety Information \(PDF\)](#)

Always supervise young children when using electrical products. Ensure the device is placed on a stable surface and kept away from water or excessive moisture. Do not attempt to disassemble or modify the night light.

PACKAGE CONTENTS

- 1 x Lumipets Silicone Night Light (Bear Design)
- 1 x Remote Control
- 1 x USB Charging Cable

SETUP

Initial Charging

Before first use, fully charge the Lumipets Night Light. Connect the included USB charging cable to the charging port located at the base of the night light and plug the other end into a standard USB power adapter (not included) or a computer USB port.

Image: A young child looking at three Lumipets night lights (bear, cat, unicorn) on a bed, illustrating the timer with auto-shutoff feature (15, 30, 60 minutes). This image also shows the USB charging port at the base of the light. The charging indicator light will illuminate during charging and turn off when fully charged. A full charge typically provides up to 12 hours of continuous use.

OPERATING INSTRUCTIONS

Power On/Off

To turn the night light on or off, press the power button located on the base of the unit or use the power button on the remote control.

Tap Control

The Lumipets Night Light features tap control for easy color changes:

1. Tap the silicone surface once to cycle through the 9 available colors.

2. Tap again to pause on a desired color.
3. Continue tapping to cycle through colors or modes.

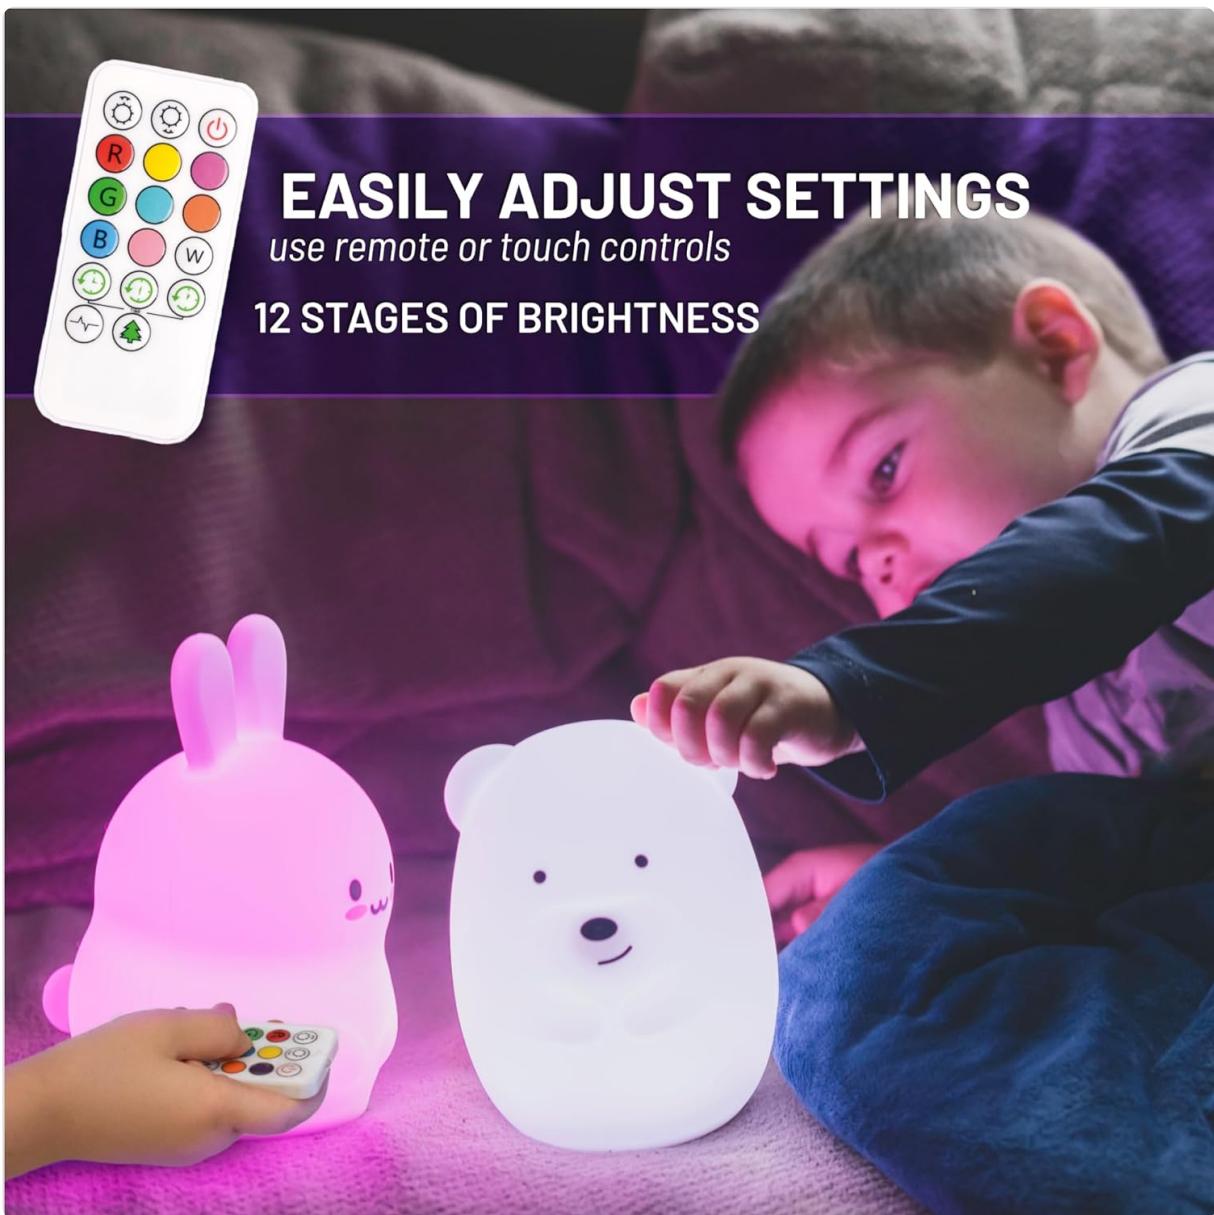

Image: A young child gently tapping the top of a white Lumipets bear night light, demonstrating the touch control feature. A remote control is also visible nearby.

Remote Control Functions

The included remote control provides comprehensive control over the night light's features:

- **Power Button:** Turns the light on or off.
- **Color Selection:** Directly select from 9 soft colors using the color buttons.
- **Brightness Adjustment:** Use the brightness buttons to adjust the light intensity (12 stages of brightness).
- **Color Modes:**
 - **Fade Mode:** Colors slowly transition from one to another.
 - **Jump Mode:** Colors change instantly from one to another.
- **Sleep Timer:** Set an auto-shutoff timer for 15, 30, or 60 minutes.

COLOR CHANGING COMPANION

Provides hours of tapping fun for kids of all ages and creates a relaxing bedtime experience at night.

MAINTENANCE

Cleaning

To clean the Lumipets Night Light, simply wipe the silicone surface with a soft, damp cloth. Do not submerge the unit in water or use harsh cleaning agents, as this may damage the internal components.

Storage

When not in use for extended periods, store the night light in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Night light does not turn on.	Battery is depleted.	Charge the night light using the provided USB cable.
Remote control is not working.	Remote battery is depleted or line of sight is obstructed.	Ensure the remote has fresh batteries. Point the remote directly at the night light.
Light changes color unexpectedly when tapped.	Sensitive tap sensor.	This is normal behavior due to the sensitive tap control. Use the remote for precise control if needed.
Battery life is shorter than expected.	Continuous use or aging battery.	Ensure the unit is fully charged. Battery performance may decrease over time. Consider keeping it plugged in for extended use.

SPECIFICATIONS

Feature	Detail
Model Number	LumiPets4
Dimensions	5"D x 5"W x 6"H
