Weiser 9GA1010-015

Weiser Phoenix Venetian Bronze Passage Door Knob

Model: 9GA1010-015

INTRODUCTION

The Weiser Phoenix Venetian Bronze Passage Door Knob is designed for interior doors that do not require a locking mechanism. This includes applications such as hallway doors and closet doors. Its traditional design and Venetian Bronze finish complement various home décors. The knob is reversible, allowing installation on both left-handed and right-handed doors.

Image: Weiser Phoenix Venetian Bronze Passage Door Knob, showcasing its traditional design and finish.

PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- 1 Set of Door Knobs (Interior and Exterior)
- 1 Latch mechanism
- 1 Strike plate
- Mounting Screws
- Installation Manual

DOOR SPECIFICATIONS

Ensure your door meets the following specifications for proper fit and function:

- **Door Thickness:** 1-3/8 inches to 1-3/4 inches (35mm - 44mm)
- **Latch Backset:** Adjustable for 2-3/8 inches or 2-3/4 inches (60mm or 70mm)
- **Cross Bore:** 2-1/8 inches (54mm)

SETUP AND INSTALLATION

Installation of the Weiser Phoenix Passage Door Knob is designed to be straightforward and can typically be completed with a screwdriver.

1. **Prepare the Door:** Ensure the door has the correct bore holes and backset. If replacing an existing knob, remove the old hardware.
2. **Install the Latch:** Insert the latch mechanism into the edge bore hole of the door. Ensure the latch bolt faces the door frame. Secure it with the provided screws. The latch is adjustable to fit either a 2-3/8 inch or 2-3/4 inch backset.
3. **Install the Exterior Knob:** Place the exterior knob assembly through the 2-1/8 inch cross bore hole, ensuring the spindle aligns with the latch mechanism.
4. **Install the Interior Knob:** Position the interior knob assembly over the spindle and align the mounting posts with the holes on the exterior assembly.
5. **Secure the Knobs:** Fasten the interior and exterior knob assemblies together using the provided screws. Tighten securely, but do not overtighten, to ensure smooth operation.
6. **Install the Strike Plate:** Attach the strike plate to the door frame, aligning it with the latch bolt. Secure with screws.
7. **Test Operation:** Open and close the door several times, turning the knobs to ensure the latch retracts and extends smoothly without binding.

OPERATING INSTRUCTIONS

The Weiser Phoenix Passage Door Knob is a non-locking mechanism designed for easy access. To open a door equipped with this knob:

- Grasp either the interior or exterior knob.
- Turn the knob in either direction (clockwise or counter-clockwise).
- Push or pull the door open.

The latch will retract when the knob is turned and extend automatically when the door is closed, holding the door in place without locking it.

CARE AND MAINTENANCE

To maintain the appearance and functionality of your Weiser Phoenix Door Knob, follow these guidelines:

- **Cleaning:** Clean the knob with a soft, damp cloth. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Lubrication:** If the latch mechanism becomes stiff over time, a small amount of silicone-based lubricant can be applied to the latch bolt. Do not use oil-based lubricants, as they can attract dust and debris.
- **Tightening:** Periodically check the mounting screws for tightness. If the knobs feel loose, gently tighten the screws to ensure secure attachment.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Knob is loose or wobbly.	Mounting screws are loose.	Tighten the mounting screws connecting the interior and exterior knob assemblies.
Latch does not retract smoothly.	Debris in the latch mechanism or lack of lubrication.	Clean the latch mechanism. Apply a small amount of silicone-based lubricant to the latch bolt.
Door does not close properly or rattles.	Strike plate misalignment.	Adjust the position of the strike plate on the door frame to ensure proper alignment with the latch bolt.
Knob is difficult to turn.	Over-tightened mounting screws or misaligned components.	Loosen mounting screws slightly and re-test. Ensure all components are correctly aligned during installation.

SPECIFICATIONS

Feature	Detail
Brand	Weiser
Model Number	9GA1010-015
Style	Hall/Closet (Passage)
Color	Venetian Bronze
Finish	Brushed
Shape	Round
Handle Type	Knob
Lock Type	No Lock
Door Thickness Compatibility	1-3/8" - 1-3/4"

Feature	Detail
Latch Backset	Adjustable 2-3/8" - 2-3/4"
Cross Bore	2-1/8"
Item Weight	480 g
Product Dimensions	11.58 x 7.59 x 7.59 cm
Special Feature	Easy to Install

WARRANTY INFORMATION

This Weiser product comes with a **30-day warranty**. For specific details regarding mechanical and finish warranties, please refer to the documentation included with your purchase or visit the official Weiser website.

CUSTOMER SUPPORT

For further assistance, technical support, or warranty claims, please contact Weiser customer service. You can find contact information and additional resources on the official Weiser website:
