

HIQUE Replacement Ear Pads

HIQUE Replacement Ear Pads User Manual

Brand: HIQUE

Model: Replacement Ear Pads for DENON AH-D2000, D5000, D7000, and Sennheiser Headphones

PRODUCT OVERVIEW

These HIQUE Replacement Ear Pads are designed to refresh and enhance the comfort and sound quality of your compatible headphones. Crafted from soft protein leather and high-quality memory foam, they provide an improved listening experience and noise blocking. Regular replacement of ear pads is recommended for hygiene and optimal performance, as worn-out cushions can accumulate sweat and bacteria over time.

COMPATIBLE MODELS

- DENON AH-D2000 Headphones
- DENON AH-D5000 Headphones
- DENON AH-D7000 Headphones
- Various Sennheiser Headphones (Please verify compatibility with your specific Sennheiser model)

SETUP AND INSTALLATION

Replacing your headphone ear pads can significantly improve comfort and sound. Follow these steps for proper installation:

- Remove Old Ear Pads:** Carefully detach the existing ear pads from your headphones. This may involve twisting, pulling, or gently prying them off, depending on your headphone model.
- Clean Headphone Surface:** **Crucially, ensure all original adhesive is completely removed from the headphone's ear cup surface.** A clean surface is essential for the new ear pads to adhere properly.
- Align New Ear Pads:** Position the new HIQUE ear pads over the headphone ear cups, ensuring correct orientation.
- Secure Installation:** Gently press and secure the new ear pads onto the headphone ear cups. Some models may require stretching the ear pad skirt over a flange, while others may use adhesive or clips. Ensure a snug fit around the entire circumference.

Installation Video Guide

Your browser does not support the video tag.

Video: A step-by-step guide demonstrating the universal installation process for headphone ear pads. This video illustrates how to remove

old pads and attach new ones, including the importance of cleaning the surface.

If you encounter any difficulties during installation, please refer to the provided video guide or search for specific installation instructions for your headphone model on platforms like YouTube.

MAINTENANCE

To maintain hygiene and optimal sound quality, it is recommended to change your ear pads periodically. For regular listeners, an annual replacement is suggested. If you frequently use your headphones during workouts or in environments where they accumulate more sweat, changing them every 7-8 months would be beneficial. This practice helps prevent the buildup of bacteria and ensures a fresh listening experience.

TROUBLESHOOTING

If you experience issues after installing your new ear pads, consider the following:

- **Poor Fit or Falling Off:** Ensure that all original adhesive was completely removed from the headphone surface before installation. A clean surface is critical for proper adhesion. Re-attempt installation, carefully following the steps and video guide.
- **Sound Quality Issues:** Verify that the ear pads are securely and evenly attached around the entire ear cup. Gaps can affect sound isolation and bass response.
- **Comfort Issues:** Allow a short period for the memory foam to adapt to your ears. If discomfort persists, double-check the installation to ensure no part of the ear pad is creased or improperly seated.

For further assistance, please refer to the "Warranty and Support" section.

SPECIFICATIONS

Brand	HIQUE
Material	Protein Leather, Memory Foam
Color	Black
Item Weight	0.64 ounces
Package Dimensions	9.45 x 5.51 x 0.71 inches
Manufacturer	HIQUE
Date First Available	July 16, 2017

WARRANTY AND SUPPORT

HIQUE provides a **1-year warranty** for these replacement ear pads. If you encounter any manufacturing defects, installation issues, or if the ear pads fall off after a period of use within the warranty period, please contact HIQUE customer support for assistance or replacement.

For support inquiries, please visit the official HIQUE store on Amazon or contact their customer service directly through the platform where you purchased the product. Please have your order details ready when contacting support.
