iLuv MFAIR2SI

iLuv Metal Forge Air 2 Wireless Bluetooth Earphones User Manual

Model: MFAIR2SI

INTRODUCTION

The iLuv Metal Forge Air 2 are wireless Bluetooth in-ear earphones designed for a comfortable listening experience. They feature a durable metallic design, noise-isolating ear tips, and a multi-functional remote for hands-free control of music and calls. This manual provides instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance of your earphones.

PACKAGE CONTENTS

Please verify that all items are present in your package:

- iLuv Metal Forge Air 2 Wireless Bluetooth Earphones
- USB Charging Cable
- Multiple Sizes of Noise-Isolating Ear Tips (Small, Medium, Large)
- User Manual (this document)

SETUP

1. Charging the Earphones

Before first use, fully charge your iLuv Metal Forge Air 2 earphones. Connect the USB charging cable to the charging port on the remote control and plug the other end into a USB power source (e.g., computer USB port, wall adapter). The LED

indicator will show charging status. A full charge provides up to 5 hours of playback time and up to 200 hours of standby time.

2. Powering On/Off

- To power on: Press and hold the multi-function button on the remote until the LED indicator flashes.
- To power off: Press and hold the multi-function button until the LED indicator turns off.

3. Bluetooth Pairing

1. Ensure the earphones are powered off.
2. Press and hold the multi-function button for approximately 5-7 seconds until the LED indicator flashes red and blue alternately. A voice prompt will indicate "Pairing Mode".
3. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.
4. Search for available devices and select "iLuv Metal Forge Air 2" from the list.
5. Once connected, a voice prompt will confirm "Connected", and the LED indicator will flash blue periodically.

The earphones can stream music wirelessly up to 30 feet (9 meters) from your paired device.

OPERATING INSTRUCTIONS

Remote Control Functions

The in-line remote control allows you to manage music playback, calls, and voice commands.

Button/Action	Function
Multi-function Button (Center)	Press once: Play/Pause music, Answer/End call Press and hold (2s): Reject incoming call Press twice: Redial last number Press and hold (5-7s from off): Enter Pairing Mode
Volume Up (+)	Press once: Increase volume Press and hold: Next track
Volume Down (-)	Press once: Decrease volume Press and hold: Previous track

Voice Commands

The built-in microphone supports voice control functions such as Siri or Google Now, depending on your smartphone model. Activate by pressing and holding the multi-function button (check specific device instructions for activation).

Magnetic Earbuds for Easy Carrying

The earbuds feature built-in magnets. When not in use, you can connect the two earbuds together, allowing them to rest securely around your neck and preventing tangling or loss.

MAINTENANCE

Cleaning

Regularly clean your earphones to maintain sound quality and hygiene. Use a soft, dry, lint-free cloth to wipe the earbuds and cable. For ear tips, you may gently remove them and clean with a mild soap solution, then rinse thoroughly and ensure they are completely dry before reattaching.

Storage

When not in use, store the earphones in a cool, dry place away from direct sunlight and extreme temperatures. Utilize the magnetic feature to keep the earbuds together and prevent tangling of the flat cable.

Sweat Proof Design

The iLuv Metal Forge Air 2 features a sweat-proof design, making them suitable for active lifestyles. However, they are

not waterproof. Avoid submerging them in water or exposing them to heavy rain.

TROUBLESHOOTING

If you encounter issues with your iLuv Metal Forge Air 2 earphones, please refer to the following common solutions:

- **No Power:** Ensure the earphones are fully charged. Connect them to a power source and check the charging indicator.
- **Cannot Pair:**
 - Make sure the earphones are in pairing mode (LED flashing red and blue alternately).
 - Ensure Bluetooth is enabled on your device and it is within 30 feet (9 meters) of the earphones.
 - Try turning off and on your device's Bluetooth, or restarting your device.
 - If previously paired, try "forgetting" the device in your phone's Bluetooth settings and re-pairing.
- **No Sound or Low Volume:**
 - Check the volume levels on both the earphones and your connected device.
 - Ensure the earphones are properly paired and connected.
 - Verify that the audio source is playing.
- **Intermittent Disconnections / Turns Off Frequently:**
 - Ensure the earphones are fully charged. Low battery can cause unstable connections.
 - Reduce the distance between the earphones and your device.
 - Avoid obstacles (walls, large objects) that may interfere with the Bluetooth signal.
 - Minimize interference from other wireless devices (Wi-Fi routers, other Bluetooth devices).
- **Poor Sound Quality:**
 - Ensure the ear tips are correctly sized and seated in your ears for optimal noise isolation and sound delivery.
 - Clean the ear tips and speaker grilles to remove any debris.
 - Try a different audio source or file to rule out source issues.

SPECIFICATIONS

Magnetic Attraction for Easy Carrying

Image: An infographic highlighting key features of the iLuv Metal Forge Air 2, including premium sound, built-on magnets, 5-hour playback, music playback control, hands-free calling, 30ft wireless range, sweatproof design, built-in mic, voice command, voice prompt, and comfortable fit with noise isolation.
