### 5.3 Converting to a Writing Desk

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood and finish.
- **Hardware:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.
- **Environment:** Avoid placing the vanity in direct sunlight or near heat sources, which can cause fading or warping.

## 7. TROUBLESHOOTING

### 7.1 Drawers are Sticking or Difficult to Open/Close

- **Check Alignment:** Ensure the drawer is properly aligned within its tracks.
- **Lubrication:** Apply a small amount of silicone spray or wax to the drawer slides to improve smoothness.
- **Overload:** Avoid overloading drawers, as excessive weight can cause them to stick.
