Revell 06719 - Star Wars Imperial Star Destroyer 1:2700 Scale Instruction Manual

Model: Revell_06719 | Brand: Revell

INTRODUCTION

This manual provides comprehensive instructions for the assembly, care, and maintenance of your Revell Star Wars Imperial Star Destroyer model kit. This highly detailed 1:2700 scale model allows enthusiasts to recreate the iconic Imperial Star Destroyer from the Star Wars universe. Please read all instructions carefully before beginning assembly.

SAFETY INFORMATION

WARNING: CHOKING HAZARD - SMALL PARTS. Not for children under 3 years. Recommended for ages 12 years and up.

Always use appropriate tools and work in a well-ventilated area. Keep all parts and tools out of reach of small children and pets. Exercise caution when handling sharp tools or small components.

WHAT'S IN THE BOX

Your Revell Star Wars Imperial Star Destroyer model kit includes:

- 1 x Imperial Star Destroyer Model Kit (110 pieces)
- Assembly Instructions

Image: A collection of grey plastic sprues, which are frames holding the individual components of the Imperial Star Destroyer model kit before assembly.

ASSEMBLY INSTRUCTIONS

This section outlines the general steps for assembling your Imperial Star Destroyer model. Refer to the detailed diagrams and step-by-step instructions provided in the included assembly guide for specific part numbers and placement.

1. **Preparation:** Carefully remove all parts from the sprues using a hobby knife or sprue cutters. Smooth any rough edges with a small file or sandpaper. Organize parts by section (e.g., fuselage, command

tower, engines).

2. **Fuselage Assembly:** Begin by assembling the four-part fuselage. Ensure proper alignment of all sections for a seamless fit. Use model adhesive as directed in the specific assembly guide.
3. **Adding Intricate Surfaces:** Attach the intricately carved surface panels to the main fuselage structure. Pay close attention to the orientation and fit of each panel.
4. **Structured Side Walls:** Assemble and attach the structured side wall components. These add significant detail to the model's profile.
5. **Command Tower and Engines:** Construct the command tower and engine sections separately before attaching them to the main body. Ensure the engine nozzles are correctly oriented.
6. **Final Details:** Add any remaining small details, such as turrets, antennae, and other external features.
7. **Display Stand:** Assemble the provided display stand and securely mount the finished model.

OPERATING AND DISPLAY

Once assembled, your Revell Imperial Star Destroyer model is designed for display. Handle the model with care to prevent damage to delicate parts. The included display stand provides a stable base for showcasing your completed model.

MAINTENANCE

To maintain the appearance of your model:

- **Cleaning:** Gently dust the model regularly with a soft brush or a can of compressed air to remove accumulated dust. Avoid using liquid cleaners or abrasive materials, as these can damage the plastic or paint.
- **Storage:** If storing the model, place it in a secure, dust-free environment away from direct sunlight and extreme temperatures to prevent warping or discoloration.
- **Repairs:** In case of accidental damage, use appropriate model adhesive to reattach broken parts. Small touch-ups can be done with model-specific paints if desired.

TROUBLESHOOTING

This section addresses common issues encountered during model kit assembly:

Problem	Possible Cause	Solution
Parts do not fit together properly.	Excess plastic (flash) on parts; incorrect orientation; warped parts.	Carefully trim excess plastic with a hobby knife. Double-check the assembly guide for correct part orientation. If parts are slightly warped, gentle heat (e.g., from warm water) may help reshape them, but proceed with caution.
Adhesive not holding parts.	Insufficient adhesive; incorrect type of adhesive; oily residue on parts.	Ensure you are using a model-specific plastic cement. Apply a sufficient, but not excessive, amount. Clean parts with rubbing alcohol before applying adhesive if there's any residue. Allow adequate drying time.
Missing or damaged parts.	Packaging error; accidental loss during unboxing/assembly.	Carefully check all packaging materials. If a part is genuinely missing or damaged from the factory, contact Revell customer support with your model number and proof of purchase.

SPECIFICATIONS

Feature	Detail
Brand	Revell
Model Name	Star Wars Imperial Star Destroyer
Model Number	Revell_06719
Scale	1:2700
Number of Pieces	110
Material	Plastic
Dimensions (L x W x H)	23.62 x 13.78 x 7.87 inches
Item Weight	2.16 pounds (0.98 Kilograms)
Recommended Age	12 years and up
Special Features	Intricately carved surfaces, four-part fuselage, structured side walls
