Hasbro Gaming Star Wars Battleship Game Instruction Manual

Model: B2358079

Introduction

Welcome to the Hasbro Gaming Star Wars Battleship game! Prepare for an intergalactic battle where you command your fleet to destroy your opponent's starships. This manual provides comprehensive instructions for setting up, playing, and caring for your game. Choose to play as an X-Wing pilot or a TIE Fighter pilot and engage in a strategic head-to-head battle across the galaxy.

The objective is simple: locate and destroy all of your opponent's starships before they destroy yours. Use red pegs to mark hits and white pegs to track misses on your Star Wars-themed grid.

Game Components

Before you begin, ensure all the following components are present in your game box:

- 1 x Ocean Grid Base (for your fleet)
- 1 x Vertical Target Grid (for tracking opponent's fleet)
- 8 x Plastic Starships (various types for X-Wing and TIE Fighter fleets)
- 8 x Risers (to elevate starships on the grid)
- 8 x Starship Bases (to attach to starships)
- 60 x Red 'Hit' Pegs
- 140 x White 'Miss' Pegs
- 1 x Label Sheet (for customizing grids and ships)
- 1 x Instruction Manual (this document)

Setup

Follow these steps to prepare your game for play:

1. **Apply Labels:** Carefully apply the provided labels to the grids and starships as indicated in the label sheet. This helps identify different sections of the grid and customize your ships.
2. **Assemble Grids:** Each player takes one Ocean Grid Base and one Vertical Target Grid. Connect the Vertical Target Grid to the Ocean Grid Base so it stands upright, creating a screen between players.
3. **Prepare Starships:** Attach the risers and starship bases to your 8 plastic starships. Each player will have a fleet of 4 starships (e.g., X-Wings for one player, TIE Fighters for the other).
4. **Place Your Fleet:** Secretly place your 4 starships on the Ocean Grid Base. Each starship occupies a specific number of spaces, as indicated by its size. Ships can be placed horizontally or vertically, but not diagonally, and cannot overlap. Ensure your opponent cannot see your ship placement.
5. **Prepare Pegs:** Place the red 'Hit' pegs and white 'Miss' pegs within easy reach. You will use these to mark your shots.

How to Play

The game is played in turns, with each player attempting to sink their opponent's fleet.

1. **Starting the Game:** Players decide who goes first.
2. **Taking a Turn:** On your turn, you will call out a grid coordinate (e.g., "A-5") to target a space on your opponent's grid.
3. **Opponent's Response:** Your opponent must respond with either "Hit!" or "Miss!" based on whether your called coordinate occupies a space on one of their starships.
4. **Marking Shots:**
    - If it's a **Hit**: Place a red peg in the corresponding space on your Vertical Target Grid. Your opponent places a red peg on their hit starship.
    - If it's a **Miss**: Place a white peg in the corresponding space on your Vertical Target Grid.
5. **Sinking a Starship:** When all spaces occupied by a single starship have been hit, your opponent must declare, "You sank my [Starship Name]!"
6. **Continuing Play:** Players alternate turns, calling out coordinates and marking hits or misses, until one player has sunk all of their opponent's starships.

Winning the Game

The first player to successfully sink all of their opponent's 4 starships wins the game and rules the galaxy!

Care and Maintenance

To ensure the longevity of your Hasbro Gaming Star Wars Battleship game, please follow these simple care instructions:

- **Storage:** Store all game components in the original box or a suitable container in a dry, cool place away from direct sunlight.
- **Cleaning:** Wipe plastic components with a soft, dry cloth if they become dusty. For minor smudges, a slightly damp cloth can be used, but ensure components are completely dry before storing. Do not use harsh chemicals or abrasive cleaners.
- **Handling:** Handle pegs and starships carefully to prevent bending or breaking.
- **Small Parts:** This game contains small parts (pegs). Keep them away from young children to avoid choking hazards.

Troubleshooting

If you encounter any issues with your game, consider the following:

- **Missing Components:** Double-check the box and packaging. If a component is genuinely missing, please refer to the 'Support' section for assistance.
- **Difficulty with Pegs:** If pegs are difficult to insert or remove, ensure they are aligned correctly with the grid holes. Avoid forcing them, as this may damage the pegs or grid.
- **Rules Clarification:** If there's a dispute or confusion about a rule, re-read the relevant section of this manual. For common game variations or house rules, online communities may offer insights, but always agree on rules before starting a game.
