Coolife Luggage 4 Piece Set Suitcase Instruction Manual

Brand: Coolife | **Model:** 4 Piece Set Suitcase Expandable TSA lock spinner softshell

1. Introduction

Thank you for choosing the Coolife 4 Piece Softshell Luggage Set. This set is designed for convenience and durability, featuring a 15-inch underseat rolling bag, a 20-inch carry-on luggage, a 24-inch checked medium luggage, and a 28-inch checked large luggage. The 24-inch and 28-inch suitcases are expandable, while the 20-inch carry-on includes a practical front compartment. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new luggage set.

2. Product Overview & Components

Your Coolife luggage set is crafted from a durable 3-color Jacquard oxford cloth, offering enhanced strength compared to standard polyester. Each piece is designed with tough corner protectors and features for ease of travel.

Set Components:

- 15-inch Underseat Rolling Bag
- 20-inch Carry-On Luggage (with front compartment)
- 24-inch Checked Medium Luggage (expandable)
- 28-inch Checked Large Luggage (expandable)

3. Setup

Setting the TSA Combination Lock

Your luggage is equipped with a built-in TSA-approved combination lock for security. To set your personal combination:

1. The lock is preset to 0-0-0.
2. Press the reset button (A) with a pen or pointed object until you hear a 'click'.
3. Set your desired 3-digit combination by turning the dials (B).
4. Push the tab (C) to the side. The button (A) will pop back up, indicating your new combination is set.
5. Remember your combination. If you forget it, there is no master key to open the lock.

Unpacking and Nesting

Your luggage set is efficiently packed with smaller pieces nested inside larger ones for compact shipping and storage. When unpacking, note how the pieces are arranged if you wish to re-nest them for storage.

4. Operating Instructions

Telescopic Handle

Each rolling bag features an internal retractable push-button handle system. Press the button on the handle to extend or retract it to your desired height for comfortable maneuvering.

Top and Side Handles

Each luggage piece is equipped with sturdy top and side handles for easy lifting and carrying, especially when

navigating stairs or loading into overhead compartments.

5. Maintenance and Care

Cleaning

To clean your Coolife softshell luggage, use a soft cloth dampened with mild soap and water. Gently wipe down the exterior fabric. For tougher stains, a specialized fabric cleaner for luggage may be used, following the product's instructions. Avoid harsh chemicals or abrasive materials that could damage the fabric or finish.

Storage

When not in use, store your luggage in a cool, dry place away from direct sunlight. For optimal space-saving, the smaller pieces can be nested inside the larger ones. Ensure all zippers are closed before storing.

6. Troubleshooting

Zippers

If zippers become stiff, apply a small amount of zipper lubricant or wax to the teeth and gently work the zipper back and forth. Avoid forcing stuck zippers.

Wheels

If wheels become difficult to roll, check for any debris (hair, lint, etc.) caught in the wheel mechanism. Clean as necessary. Ensure wheels are not bent or damaged. For persistent issues, contact customer support.

Telescopic Handle

If the telescopic handle sticks, ensure no items are obstructing its mechanism inside the lining. Gently extend and retract it a few times. Avoid excessive force.
