

SBS TEROLLCLIPBTK

SBS Bluetooth Earphone with Retractable Clip and Cable User Manual

Model: TEROLLCLIPBTK

1. INTRODUCTION

Thank you for choosing the SBS Bluetooth Earphone with Retractable Clip and Cable. This device is designed for convenience and high-quality audio, featuring a practical retractable cable, multipoint technology for connecting two devices simultaneously, and a long-lasting battery. This manual provides detailed instructions to help you get the most out of your earphone.

2. PACKAGE CONTENTS

Please check the box for the following items:

- 1 x SBS Bluetooth Earphone (Model: TEROLLCLIPBTK)
- 1 x Micro USB Charging Cable
- 1 x User Manual (this document)

3. PRODUCT OVERVIEW

Familiarize yourself with the components and controls of your SBS Bluetooth Earphone.

1	Volume up/down (+/-)
2	Multifunction button
3	Rewind button
4	Microphone
5	Type-C Charging Port

Image 3.1: Labeled diagram of the earphone's controls and ports.

1. **Volume Up/Down (+/-):** Adjusts audio volume.
2. **Multifunction Button:** Controls power, pairing, call management, and music playback.
3. **Rewind Button:** Retracts the earphone cable.
4. **Microphone:** For voice communication during calls.
5. **Type-C Charging Port:** For charging the device.

Image 3.2: The retractable cable feature, highlighting its convenience.

The earphone features a convenient clip on the back, allowing it to be securely attached to clothing or bags.

4. SETUP

4.1. Charging the Earphone

Before first use, fully charge the earphone. Connect the supplied charging cable (listed as Micro USB in package contents) to the **Type-C Charging Port** (5) on the earphone and the other end to a USB power source (e.g., computer USB port, USB wall adapter). The LED indicator will show charging status (refer to LED indicator section for details). A full charge provides up to 7 hours of talk time and 270 hours of standby time.

4.2. Pairing with a Bluetooth Device

1. Ensure the earphone is turned off.
2. Press and hold the **Multifunction Button** (2) until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your smartphone or Bluetooth-enabled device, enable Bluetooth and search for new devices.
4. Select "TEROLLCLIPBTK" (or similar name) from the list of available devices.
5. Once connected, the LED indicator will flash blue slowly, and you may hear a confirmation tone.

5. OPERATING INSTRUCTIONS

5.1. Power On/Off

- **Power On:** Press and hold the **Multifunction Button** (2) for approximately 3 seconds until the LED flashes blue.
- **Power Off:** Press and hold the **Multifunction Button** (2) for approximately 3 seconds until the LED flashes red and then turns off.

5.2. Call Management

- **Answer Call:** Press the **Multifunction Button** (2) once.
- **End Call:** Press the **Multifunction Button** (2) once during a call.
- **Reject Call:** Press and hold the **Multifunction Button** (2) for 2 seconds.
- **Redial Last Number:** Double-press the **Multifunction Button** (2).

5.3. Music Playback

- **Play/Pause:** Press the **Multifunction Button** (2) once.
- **Volume Up:** Press the **Volume Up (+) Button** (1).
- **Volume Down:** Press the **Volume Down (-) Button** (1).

5.4. Retractable Cable Operation

To extend the earphone cable, gently pull the earbud until the cable reaches the desired length. To retract the cable, press the **Rewind Button** (3). The cable will automatically retract into the unit.

5.5. Multipoint Connection

The earphone supports multipoint technology, allowing it to be connected to two Bluetooth devices simultaneously (e.g., two smartphones). This enables you to manage calls from either device without needing to disconnect and reconnect repeatedly.

A comfortable fit to wear at any time

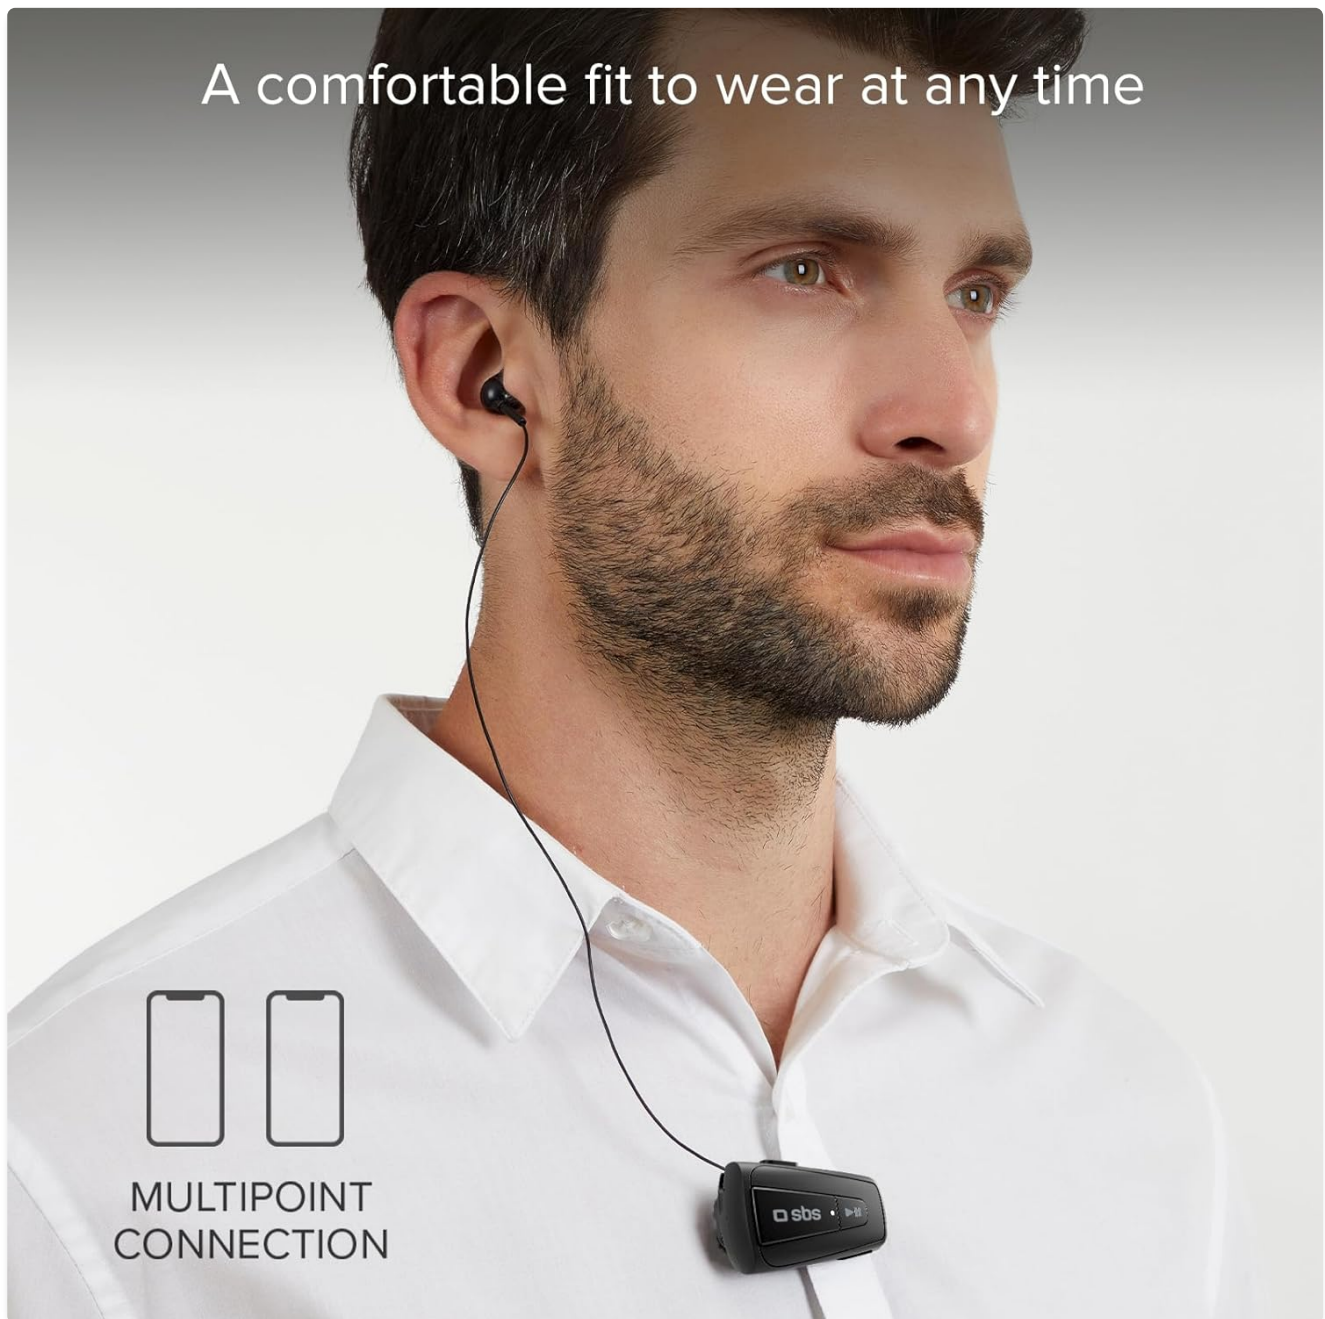

Image 5.1: Illustrating the multipoint connection feature, allowing two devices to be connected simultaneously.

To use multipoint:

1. Pair the earphone with the first device as described in Section 4.2.
2. Once connected, disable Bluetooth on the first device.
3. Put the earphone back into pairing mode (Section 4.2) and pair it with the second device.
4. After the second device is connected, re-enable Bluetooth on the first device. The earphone should automatically connect to both devices.

6. MAINTENANCE

- Clean the earphone with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Avoid exposing the earphone to extreme temperatures, humidity, or direct sunlight.
- Do not immerse the earphone in water or any other liquids.
- Store the earphone in a cool, dry place when not in use.

- Do not attempt to disassemble or repair the earphone yourself, as this will void the warranty.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Earphone does not power on.	Low battery.	Charge the earphone fully.
Cannot pair with device.	Earphone not in pairing mode; Bluetooth disabled on device; device too far.	Ensure earphone is in pairing mode (flashing red/blue). Enable Bluetooth on your device. Move device closer to earphone (within 10 meters).
No sound or poor audio quality.	Volume too low; earphone not connected; interference.	Increase volume on earphone and device. Reconnect Bluetooth. Move away from other wireless devices.
Retractable cable not working smoothly.	Cable tangled or obstructed.	Gently pull the cable out completely and then press the rewind button. Ensure no obstructions.
