Flever Perfect Time Apartment DIY Miniature Dollhouse Instruction Manual

Model: A-066

INTRODUCTION

This manual provides detailed instructions for assembling your Flever Perfect Time Apartment DIY Miniature Dollhouse Kit. This kit is designed for individuals aged 14 years and up, offering a rewarding and intricate crafting experience. Please read all instructions carefully before beginning assembly.

MATERIAL LIST

The kit includes the following components:

- Pre-cut MDF wooden pieces for the house structure and furniture.
- Fabric and printed paper for decorations and accessories.
- Plexiglass pieces for the dust cover.
- LED light wires and music movement components.
- English Instruction Manual.
- Toolkit including 5 PCS (specific tools not detailed, but generally tweezers, scissors, etc.).

Note: Glue and 2 AAA batteries are not included and must be prepared separately.

SETUP AND ASSEMBLY

Assembly of this miniature dollhouse requires patience and attention to detail. Follow the step-by-step instructions provided in the included English manual. The process involves cutting, gluing, and arranging various small components.

General Assembly Tips:

- Organize all pieces before starting. The manual will guide you on which pieces correspond to which steps.
- Use the provided English manual for detailed visual and textual guidance.
- Ensure proper ventilation when using glue.
- Allow sufficient drying time for glued components to ensure stability.

Electrical Component Setup:

The kit includes LED light wires and a music movement. These components require careful assembly and connection.

- Install 2 AAA batteries (not included) into the designated battery holder.
- Connect the LED light wires according to the instructions. Pay attention to polarity to ensure proper function.
- Integrate the music movement as instructed.

MAINTENANCE

To ensure the longevity and appearance of your Flever Perfect Time Apartment miniature dollhouse, follow these maintenance guidelines:

- Keep the dollhouse in a dry environment, away from direct sunlight and excessive humidity.
- Regularly dust the dollhouse using a soft, dry cloth or a soft brush.
- Utilize the provided plexiglass dust cover to protect the intricate details from accumulating dust.
- Handle the dollhouse with care to prevent damage to delicate components.

TROUBLESHOOTING

If you encounter any issues during assembly or operation, consider the following:

- **Missing Pieces:** Double-check all packaging and compare with the material list in the manual. If pieces are genuinely missing, contact customer support.
- **Lights Not Working:** Ensure batteries are correctly installed (polarity) and fully charged. Verify all wire connections are secure and intact.
- **Difficulty with Assembly:** Refer to the detailed instructions and diagrams in the manual. Online video tutorials may also provide additional visual guidance.
- **Glue Issues:** Ensure you are using the correct type of glue for each component and allowing adequate drying time. Avoid applying too much glue, which can affect the aesthetic and structural integrity.
