Safety Guidelines

Your safety and the safety of others are paramount. Always follow these guidelines:

- **Adult Supervision Suggested:** Always ensure an adult supervises the rider during operation.
- **Protective Gear:** The rider should always wear a helmet, knee pads, and elbow pads.
- **Appropriate Age and Weight:** This ATV is designed for children aged 3 to 8 years, with a maximum weight capacity of 77 lbs.
- **Safe Riding Environment:** Operate the ATV on flat, dry surfaces away from traffic, pools, or steep inclines.
- **Avoid Obstacles:** Do not ride over large obstacles, through water, or on uneven terrain that could cause the ATV to tip over.
- **One Rider Only:** This ATV is designed for a single rider.

Setup and Initial Charging

Assembly

Assembly of the Kid Trax 12V Electric ATV is required. Please refer to the separate assembly guide included in your product packaging for detailed, step-by-step instructions. Ensure all components are securely fastened before proceeding to charging.

Battery Charging

Before first use, the included 12V rechargeable battery must be fully charged. Connect the charger to the ATV's charging port and plug it into a standard wall outlet. The initial charging time is approximately 8-12 hours. Subsequent charges should also be 8-12 hours. Do not overcharge the battery.

Operating Instructions

Controls

The ATV features intuitive controls for easy operation:

- **Power Switch:** Located on the dashboard, turn this switch to the 'On' position to activate the ATV.
- **Forward/Reverse Switch:** Select 'Forward' for moving ahead or 'Reverse' for backing up.
- **Speed Selector:** Choose between 'Fast' and 'Slow' speed settings. The maximum speed is 2.7 mph.

- **Foot Pedal:** Press the foot pedal to engage the motor and move the ATV. Release to brake.
- **LED Headlights:** The ATV is equipped with functional LED headlights for enhanced visibility.

Riding Guidelines

Ensure the rider is comfortable with the controls before operating the ATV. Start with the 'Slow' speed setting until the rider gains confidence. Always maintain a safe distance from other objects and people.

Care and Maintenance

Proper care will extend the life of your Kid Trax ATV:

- **Battery Care:** Recharge the battery after each use. If storing for an extended period, charge the battery once a month to prevent damage.
- **Cleaning:** Wipe the ATV with a damp cloth. Do not use abrasive cleaners or spray water directly onto electrical components.
- **Storage:** Store the ATV in a dry, covered area away from direct sunlight and extreme temperatures.
- **Regular Checks:** Periodically inspect the wheels, steering, and electrical connections for any signs of wear or damage.

Troubleshooting Common Issues

If you encounter problems with your ATV, refer to this section before seeking professional assistance:

- **ATV Does Not Move:**
  - Check if the power switch is 'On'.
  - Ensure the battery is fully charged.
  - Verify that the foot pedal is fully depressed.
  - Check all electrical connections for looseness.
- **Short Playtime:**
  - The battery may not be fully charged.
  - Battery may be old and require replacement.
  - Operating on rough terrain or carrying maximum weight can reduce playtime.
- **Slow Speed:**
  - Ensure the speed selector is set to 'Fast' if desired.
  - Check battery charge level.
  - Operating on inclines or soft surfaces will reduce speed.

Product Specifications

Feature	Specification
Model Number	KT24012AT
Product Dimensions	38 x 24 x 28 inches (L x W x H)
Item Weight	35.7 pounds
Battery	12V (included)
Recommended Age	3 years and up
Maximum Weight Capacity	77 lbs
Maximum Speed	2.7 mph
