Zojirushi SM-SD36-PV

Zojirushi SM-SD36-PV Stainless Steel Water Bottle Instruction Manual

INTRODUCTION

This manual provides essential information for the safe and effective use of your Zojirushi SM-SD36-PV Stainless Steel Water Bottle. This lightweight and compact insulated bottle is designed for direct drinking, offering excellent heat and cold retention. It features a one-touch open mechanism and a fluorine-coated interior for easy cleaning.

SETUP

- Unpacking:** Carefully remove the water bottle and all components from the packaging. Retain packaging for future storage or transport if desired.
- Initial Cleaning:** Before first use, wash all parts of the bottle (body, lid, gasket) thoroughly with warm water and mild dish soap. Rinse completely and allow to air dry. Refer to the "Maintenance and Cleaning" section for detailed instructions.
- Assembly:** Ensure all gaskets are properly seated in the lid. Securely attach the lid to the bottle body by twisting clockwise until tight.

OPERATING INSTRUCTIONS

Filling the Bottle

1. Unscrew the lid from the bottle body.
2. Fill the bottle with your desired beverage. Do not overfill; leave a small space at the top to prevent spills when closing.
3. For optimal temperature retention, pre-heat with hot water or pre-chill with cold water for a few minutes before filling with your beverage.
4. Securely screw the lid back onto the bottle, ensuring it is tightly sealed to prevent leaks.

Using the One-Touch Open Lid

One-Touch, Flip-Open

ワンタッチオープン

ロック解除はスライドを動かし、ボタンを押すだけ。

1. **Unlock:** Slide the lock button to the unlocked position.
2. **Open:** Press the main button on the lid. The lid will spring open, revealing the drinking spout.

3. **Drink:** The air vent construction allows for smooth drinking.
4. **Close:** Push the lid down firmly until it clicks shut.
5. **Lock:** Slide the lock button back to the locked position to prevent accidental opening.

Temperature Retention

Superior Heat & Cold Retention

高い保温・保冷力

真空温かい飲み物も冷たい飲み物も、

Splatter-Proof Design

水滴が飛び散りにくい

蓋が開ききった時に、キャップの水滴が飛び散りにくい構造のため、
デスク周りの書類も濡らしにくく安心。

Image: A diagram illustrating how the lid's design prevents water droplets from splashing when opened, protecting surrounding surfaces.

The lid incorporates a splash control mechanism. When the cap is opened, any condensation or droplets on the cap are designed to fall back into the bottle, preventing splashes and keeping your surroundings dry.

MAINTENANCE AND CLEANING

- **Hand Wash Only:** This product is not dishwasher safe. Wash all components by hand.
- **Disassembly for Cleaning:** The lid can be easily disassembled into its individual parts (lid cover, gasket, stopper) for thorough cleaning. Refer to the diagram for proper disassembly and reassembly.
- **Fluorine Coated Interior:** The inner surface is fluorine coated, which helps prevent stains and odors from coffee or tea. Use a soft sponge or brush to clean the interior.
- **Exterior Cleaning:** Wipe the exterior with a soft, damp cloth. Do not immerse the entire bottle body in water for extended periods.
- **Drying:** Ensure all parts are completely dry before reassembling and storing to prevent mold or odors.
- **Avoid Abrasives:** Do not use abrasive cleaners, scrub brushes, or harsh chemicals, as these can damage the finish or coatings.

TROUBLESHOOTING

- **Leakage:**
 - Ensure the lid is screwed on tightly and correctly aligned.

- Check if the silicone gaskets are properly seated and not damaged or missing.
- Avoid overfilling the bottle.
- **Poor Temperature Retention:**
 - Verify the lid is securely closed and sealed.
 - Ensure the bottle was pre-heated or pre-chilled before filling.
 - Avoid frequently opening the lid, as this can reduce insulation effectiveness.
- **Lid Difficult to Open/Close:**
 - Check for any debris or residue around the hinge or button mechanism. Clean thoroughly.
 - Ensure the lock slide is in the correct position (unlocked to open, locked to secure).
- **Unpleasant Odor:**
 - Thoroughly clean all parts, especially gaskets and the interior, using warm water and mild soap.
 - Allow all parts to air dry completely before reassembly.

SPECIFICATIONS
