

## Hot Wheels FLK90

# Hot Wheels Track Builder Multi Loop Box Playset

Instruction Manual

## PRODUCT OVERVIEW

The Hot Wheels Track Builder Multi Loop Box Playset offers an engaging and versatile experience for building custom track configurations. This set is designed to foster creativity and problem-solving skills through open-ended stunting and experimentation.

The Multi Loop Box includes essential components for dynamic play, such as 10 feet of track, various connectors, a launcher, and a Hot Wheels vehicle. The innovative design integrates the storage box itself into the play, featuring 8 connection points on the lid and 2 scoring buckets within the bin. This allows for diverse track variations, including mega loop stunts, double loop challenges, and loop 'n launch showdowns.

The set is compatible with building bricks and encourages the use of household items to expand and enhance track designs, promoting endless building possibilities.

Image: The Hot Wheels Track Builder Multi Loop Box Playset, showcasing the product in its retail packaging. The blue storage box is prominently featured with track components and a Hot Wheels car visible on the label.

## SAFETY INFORMATION

**Warning: Not suitable for children under 3 years. May contain small parts.**

Adult supervision is recommended during assembly and play to ensure safe operation and prevent misuse of components.

## PACKAGE CONTENTS

Before beginning assembly, please ensure all components listed below are present:

- 1 x Multi Loop Storage Box (base and lid)
- Approximately 10 feet of Hot Wheels Track (orange and blue sections)
- Various Track Connectors
- 1 x Launcher Mechanism
- 1 x Hot Wheels 1:64 Scale Vehicle
- Stunt Box components (integrated into the storage box design)

Image: An overhead view of the Hot Wheels Track Builder Multi Loop Box Playset components, including orange and blue track pieces, connectors, a launcher, and the blue storage box.

## SETUP INSTRUCTIONS

---

Follow these steps to set up your Hot Wheels Track Builder Multi Loop Box Playset:

1. **Unpack Components:** Carefully remove all track pieces, connectors, the launcher, and the vehicle from the storage box.
2. **Prepare the Storage Box:** The blue storage box serves as a key part of the playset. The lid can be used as a base for track connections, and the bin itself has scoring buckets and additional connection points.
3. **Assemble the Loop:** Connect the orange track pieces to form the main loop. Ensure the connectors are securely fastened.
4. **Attach the Launcher:** Connect the launcher mechanism to one end of a straight track section.
5. **Connect to the Box:** Utilize the designated connection points on the lid or sides of the storage box to integrate it into your track design. Experiment with different configurations to create unique stunts.
6. **Extend the Track:** Use the remaining track pieces and connectors to extend your layout, creating entry and exit points for the loop and launcher.

Image: An assembled Hot Wheels Track Builder Multi Loop Box Playset, showing the orange loop, blue track sections, and the storage box integrated into the track layout with cars on the track.

## OPERATING INSTRUCTIONS

---

Once the playset is assembled, follow these steps to operate it:

1. **Place Vehicle:** Position the Hot Wheels vehicle at the starting point of the launcher.
2. **Engage Launcher:** Pull back the launcher mechanism until it locks into place.
3. **Launch Vehicle:** Press the release button or lever on the launcher to propel the vehicle onto the track.
4. **Observe Stunts:** Watch as the vehicle navigates the loops, jumps, and other track elements you have created.
5. **Utilize Scoring Buckets:** If your track leads to the scoring buckets in the bin, aim for them to complete the challenge.
6. **Experiment:** Rearrange track pieces and connections to discover new stunts and challenges. The set is designed for continuous re-configurability.

Image: Two children are seated on a wooden floor, actively engaged in playing with the Hot Wheels Track Builder Multi Loop Box Playset. One child is launching a car through the loop, while the other watches with excitement.

## MAINTENANCE AND STORAGE

---

Proper maintenance and storage will extend the life of your playset:

- **Cleaning:** Wipe down track pieces and components with a damp cloth as needed. Avoid harsh

chemicals or abrasive cleaners.

- **Inspection:** Periodically check all connectors and track pieces for any signs of wear or damage. Replace damaged parts if necessary.
- **Storage:** When not in use, disassemble the track and store all components inside the Multi Loop Box. The box is designed for convenient storage of all included parts.
- **Avoid Extreme Conditions:** Do not expose the playset to extreme temperatures or direct sunlight for prolonged periods, as this may cause warping or damage to the plastic components.

Image: The Hot Wheels Multi Loop Box closed, demonstrating its function as a storage container for all playset components.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle not completing loop/stunt.	Insufficient launch force; loose track connections; incorrect vehicle weight/design.	Ensure launcher is fully engaged before release. Check all track connections for tightness. Try a different Hot Wheels vehicle, as some are better suited for specific stunts.
Track pieces disconnect during play.	Connectors not fully inserted; excessive force applied to track.	Press connectors firmly until they click into place. Avoid lifting or moving the track aggressively while vehicles are in motion.
Launcher not firing properly.	Mechanism jammed; foreign object in launcher.	Inspect the launcher for any obstructions. Ensure the vehicle is properly seated before engaging.

## SPECIFICATIONS

**Product Dimensions:** 3.06 x 14.63 x 12.37 inches

**Item Weight:** 2.2 pounds

**Model Number:** FLK90

**Manufacturer Recommended Age:** 6 - 10 years

**Release Date:** November 1, 2017

**Manufacturer:** Mattel

**Included Components:** Playset (includes track, connectors, launcher, 1 vehicle, storage box)

## WARRANTY AND SUPPORT

For warranty information or product support, please refer to the official Hot Wheels website or contact Mattel customer service directly. Keep your proof of purchase for any warranty claims.
