# Batavia 7062515 18V Li-Ion Grass Trimmer

## USER MANUAL

---

### 1. Introduction

---

Thank you for choosing the Batavia 7062515 18V Li-Ion Grass Trimmer. This cordless grass trimmer is designed for efficient and convenient lawn maintenance, offering the flexibility of the MaxxPack 18V Li-Ion battery platform. This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your new tool. Please read it thoroughly before first use and keep it for future reference.

Figure 1: The Batavia 7062515 18V Li-Ion Grass Trimmer. This image shows the complete assembled grass trimmer, highlighting its ergonomic design and cordless nature.

## 2. Safety Instructions

Always observe basic safety precautions when using electrical tools to reduce the risk of fire, electric shock, and personal injury. Keep this manual handy for quick reference.

- **Personal Safety:** Always wear appropriate personal protective equipment, including safety glasses, sturdy footwear, long trousers, and hearing protection. Do not operate the trimmer barefoot or in open sandals.
- **Work Area:** Ensure the work area is clear of debris, stones, and other objects that could be thrown by the cutting line. Keep bystanders, especially children and pets, at a safe distance (at least 15 meters).
- **Battery Safety:** Use only the specified 18V Li-Ion MaxxPack batteries and chargers. Do not expose batteries to extreme temperatures or water.
- **Before Use:** Inspect the trimmer for any damage or loose parts. Ensure all guards are in place and securely fastened.
- **During Use:** Maintain a firm grip on the trimmer with both hands. Avoid operating in wet conditions. Do not overreach. Always maintain proper footing and balance.
- **After Use:** Disconnect the battery before cleaning, adjusting, or storing the trimmer.

## 3. Components Overview

Familiarize yourself with the main components of your Batavia Grass Trimmer:

1. **Main Handle:** Ergonomic grip with power switch.
2. **Auxiliary Handle:** Adjustable for comfortable two-hand operation.

3. **Telescopic Shaft:** Allows for length adjustment.
4. **Motor Housing:** Contains the motor and cutting head.
5. **Safety Guard:** Protects the user from debris.
6. **Cutting Line Head:** Holds the nylon cutting line.
7. **Battery Compartment:** For inserting the 18V MaxxPack battery.

*Figure 2: Detailed view of the Batavia 7062515 Grass Trimmer, showing the cutting head, safety guard, and handle configuration. This image provides a closer look at the functional parts of the trimmer.*

## 4. Setup and Assembly

The Batavia 7062515 Grass Trimmer requires minimal assembly. Follow these steps:

1. **Attach the Safety Guard:** Slide the safety guard onto the motor housing until it clicks securely into place. Ensure it is firmly attached before use.
2. **Install the Auxiliary Handle:** Position the auxiliary handle on the telescopic shaft at a comfortable height and tighten the locking mechanism.
3. **Adjust Shaft Length:** Loosen the locking collar on the telescopic shaft, extend or retract the shaft to your desired length, and then securely tighten the collar.
4. **Insert Battery:** Ensure the battery is fully charged. Align the battery with the battery compartment and slide it in until it clicks. To remove, press the release button and pull the battery out.

## 5. Operating Instructions

Before operating, ensure you have read and understood all safety instructions.

- **Starting the Trimmer:** With the battery inserted, press the safety lock-off button (if present) and then squeeze

the trigger switch on the main handle. The cutting line will begin to spin at approximately 8000 revolutions per minute.

- **Stopping the Trimmer:** Release the trigger switch. The cutting line will stop spinning.
- **Trimming Technique:**
  - Hold the trimmer firmly with both hands.
  - Swing the trimmer from side to side, keeping the cutting head slightly above the ground.
  - Use the tip of the cutting line to trim grass. Avoid hitting hard surfaces or objects.
  - For edging, tilt the trimmer to use the edge of the cutting line.
- **Line Feeding:** This model features an automatic line feed system. If the line becomes too short, briefly tap the cutting head on the ground while the trimmer is running to advance more line.

Figure 3: A user operating the Batavia 7062515 Grass Trimmer in a garden setting. This illustrates the practical application and ergonomic handling of the tool during use.

## 6. Maintenance

Regular maintenance ensures optimal performance and extends the life of your grass trimmer. Always disconnect the battery before performing any maintenance.

- **Cleaning:** After each use, clean the trimmer with a damp cloth. Remove any grass clippings or debris from the cutting head and safety guard. Do not use harsh chemicals or abrasive cleaners.
- **Line Replacement:** When the cutting line is depleted, refer to the instructions provided with replacement line spools for proper installation. Use only recommended line types and diameters.
- **Storage:** Store the trimmer in a dry, secure place, out of reach of children. If storing for extended periods, remove the battery.
- **Inspection:** Periodically check all screws and fasteners for tightness. Inspect the cutting line and guard for wear or damage.

## 7. Troubleshooting

If you encounter issues with your grass trimmer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Trimmer does not start.	Battery not inserted correctly or not charged. Safety lock-off not engaged.	Ensure battery is fully charged and properly inserted. Press the safety lock-off button before squeezing the trigger.
Cutting line does not advance.	Line is tangled or depleted.	Tap the cutting head on the ground while running. If still stuck, remove battery and manually pull out line or replace spool.
Reduced cutting performance.	Line is too short or worn.	Advance more cutting line or replace the line spool.
Excessive vibration.	Damaged cutting head or unbalanced line.	Inspect cutting head for damage. Ensure line is evenly distributed. If problem persists, contact customer support.

## 8. Specifications

Detailed technical specifications for the Batavia 7062515 18V Li-Ion Grass Trimmer:

Feature	Specification
Model Number	7062515
Voltage	18V Li-Ion
Wattage	36 W
No-load Speed	8000 min <sup>-1</sup>
Cutting Width	230 mm
Product Dimensions (L x W x H)	26 x 28 x 119 cm
Item Weight	1.88 kg
Power Source	Battery
Color	Grey/Orange
Assembly Required	Yes
