7. Maintenance

To ensure the longevity and optimal performance of your Skullcandy Hesh 3 headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the earcups and headband. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in a cool, dry place. Utilize their collapsible design to store them compactly and protect them from damage.
- **Battery Care:** Avoid fully depleting the battery frequently. For long-term storage, charge the headphones to about 50% to preserve battery health.
- **Avoid Extreme Conditions:** Do not expose the headphones to extreme temperatures, humidity, or direct sunlight.
- **Handle with Care:** While durable, avoid excessive force when adjusting the headband or folding the headphones to prevent damage to the plastic components.

8. Troubleshooting

Problem	Solution
Headphones not powering on.	Ensure the headphones are charged. Connect them to a power source using the provided Micro USB cable.
Cannot pair via Bluetooth.	• Ensure headphones are in pairing mode (flashing blue/red LED). • Turn off and on Bluetooth on your device. • Forget "Hesh 3" from your device's Bluetooth settings and try pairing again. • Ensure no other devices are currently connected to the headphones.

Problem	Solution
No sound or low volume.	• Increase volume on both the headphones and your connected device. • Ensure the headphones are properly paired and connected. • If using the Aux cable, ensure it is fully inserted into both the headphones and the device.
Poor sound quality.	• Move closer to your Bluetooth device to avoid interference. • Ensure there are no physical obstructions between the headphones and the device. • Try playing different audio sources to rule out source issues.
