

Liquid Stands MS1078-Parent

Liquid Stands Piano Keyboard Stand - Z Style Adjustable and Portable Heavy Duty Music Stand Instruction Manual

Model: MS1078-Parent

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Liquid Stands Z-Style Adjustable Keyboard Stand. Designed for stability and versatility, this stand accommodates 54-88 key electric pianos and other musical instruments, offering adjustable height and width for optimal playing comfort.

SAFETY INFORMATION

- Ensure all components are securely fastened before placing any instrument on the stand.
- Do not exceed the maximum load capacity of 250 pounds (113 kg).
- Always adjust the stand on a flat, stable surface to prevent tipping.
- Keep small parts away from children to prevent choking hazards.

PACKAGE CONTENTS

Verify that all parts are present before beginning assembly:

- Z-Style Keyboard Stand Frame Components
- Adjustable Feet (4)
- Anti-Skid Foam Pads
- Headphone Hook
- Anchoring Straps (2)
- Assembly Hardware (tool-less assembly)

SETUP AND ASSEMBLY

The Liquid Stands Z-Style Keyboard Stand is designed for quick and straightforward assembly, often without the need for additional tools.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Attach Cross Beam:** Connect the main horizontal cross beam to the two Z-shaped side frames. Ensure the locking mechanisms are engaged securely.
3. **Set Desired Height:** Adjust the height of the stand using the quick-release knobs on the vertical supports. The height can be set between 22.5 inches and 33.5 inches in 1.25-inch increments.
4. **Adjust Width:** Adjust the width of the stand to fit your instrument by sliding the cross beam. The width adjusts between 22.5 inches and 33.5 inches in 2-inch increments.
5. **Install Adjustable Feet:** Screw in the four adjustable feet at the base of the stand. These help stabilize the stand on uneven surfaces.
6. **Apply Anti-Skid Pads:** Place the anti-skid foam pads on the top support arms where your keyboard will rest.
7. **Attach Headphone Hook:** Secure the headphone hook to one of the stand's vertical supports as desired.
8. **Secure with Anchoring Straps:** Use the two provided anchoring straps to firmly attach your keyboard to the stand for enhanced stability and protection.

OPERATING INSTRUCTIONS

Adjusting Height and Width

The Z-style design allows for flexible adjustments to suit various instruments and playing preferences, whether seated or standing.

- To adjust height, loosen the knobs on the vertical supports, slide the upper sections to the desired height, and re-tighten the knobs firmly.
- To adjust width, loosen the knobs on the horizontal cross beam, slide the side frames to the desired width, and re-tighten the knobs firmly.
- Ensure both sides are adjusted evenly to maintain balance and stability.

Using Anchoring Straps and Headphone Hook

- The included anchoring straps provide additional security by fastening your keyboard to the stand, preventing accidental movement or drops.
- The headphone hook offers a convenient storage solution for your headphones, keeping your playing area organized.

SECURE. SAFE. STABLE.

NO DROPS OR SLIDES

MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your keyboard stand.

- **Cleaning:** Wipe down the stand with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Inspection:** Periodically check all knobs, bolts, and connections to ensure they are tight and secure. Inspect the anti-skid pads and anchoring straps for wear and tear.
- **Storage:** When not in use for extended periods, the stand can be folded flat for compact storage.

TROUBLESHOOTING

If you encounter any issues with your keyboard stand, refer to the following common solutions:

- **Stand Wobbles:**
 - Ensure all adjustment knobs are fully tightened.
 - Verify the stand is on a level surface. Use the adjustable feet to compensate for uneven floors.
 - Confirm the width and height adjustments are symmetrical on both sides.

- **Keyboard Slides:**

- Ensure the anti-skid foam pads are properly positioned on the support arms.
- Utilize the provided anchoring straps to secure the keyboard firmly to the stand.

- **Difficulty Adjusting:**

- Loosen adjustment knobs sufficiently before attempting to slide components.
- Check for any obstructions or debris in the adjustment tracks.

SPECIFICATIONS

Feature	Detail
Brand	Liquid Stands
Model Number	MS1078-Parent
Finish Type	Painted
Shape	Z-Shape
Base Type	Leg
Assembly Required	No (Tool-less assembly)
Load Capacity	250 Pounds (approx. 113 kg)
