HOLACA AMZ0199

HOLACA Wall Plate Bracket Cover for Ecobee3 lite Smart Wi-Fi Thermostat (White) Instruction Manual

Model: AMZ0199

PRODUCT OVERVIEW

The HOLACA Wall Plate Bracket Cover is designed to provide a clean and finished look for your Ecobee3 lite Smart Wi-Fi Thermostat installation. This larger and thicker plate effectively conceals wall imperfections, old wiring, or paint damage around your thermostat, ensuring a seamless integration with your home's decor.

Compatible

With ecobee3 lite

KEY FEATURES

- **Enhanced Coverage:** Larger and thicker than original brackets, specifically designed for the Ecobee3 lite Smart Wi-Fi Thermostat to cover wall imperfections and old wiring.
- **Aesthetic Integration:** Offers a polished, clean look, allowing your smart home technology to blend fluidly into your home's style.
- **Easy Installation:** Designed for straightforward installation, saving time compared to painting or wall patching.
- **Durable Material:** Constructed from high-level ABS plastic, sanded smooth for a pleasant touch, ensuring durability and long-lasting shine.
- **Precision Crafted:** Engineered for a precise fit with the Ecobee3 lite Smart Wi-Fi Thermostat.

SETUP AND INSTALLATION

Follow these steps for a clean and secure installation of your HOLACA Wall Plate Bracket Cover.

Installation Steps

1. **Prepare the Wall:** Ensure the area where the thermostat will be mounted is clean and free of debris. If replacing an old thermostat, carefully remove it and any existing wall plate.
2. **Position the Wall Plate:** Place the HOLACA Wall Plate Bracket Cover against the wall, aligning it over the existing thermostat wiring hole. Mark the screw holes on the wall.

3. **Secure the Plate:** Use the provided screws and anchors (if necessary for drywall) to firmly attach the wall plate to the wall. Ensure it is level and securely fastened.
4. **Mount the Ecobee3 lite Thermostat:** Carefully connect your Ecobee3 lite Smart Wi-Fi Thermostat to its base plate (not included with this wall plate) and then attach the thermostat assembly to the newly installed HOLACA Wall Plate Bracket Cover. Ensure all connections are secure and the thermostat clicks into place.

OPERATING

The HOLACA Wall Plate Bracket Cover is a passive accessory designed to enhance the aesthetic of your Ecobee3 lite Smart Wi-Fi Thermostat. It does not have any operational functions itself. All thermostat operations are controlled directly through your Ecobee3 lite device or its associated smart home application.

MAINTENANCE

To maintain the appearance of your wall plate, simply wipe it with a soft, damp cloth. Avoid using abrasive cleaners or solvents, as these may damage the plastic finish. Ensure the thermostat is powered off before cleaning around the unit.

TROUBLESHOOTING

If you encounter any issues with the HOLACA Wall Plate Bracket Cover, please refer to the following common concerns:

- **Plate does not sit flush against the wall:** Ensure all mounting screws are tightened evenly. Check for any obstructions or unevenness on the wall surface behind the plate.
- **Thermostat does not fit correctly onto the plate:** Verify that you have the correct model of Ecobee thermostat (Ecobee3 lite) as this plate is specifically designed for it. Ensure the thermostat's base is properly aligned with the plate's mounting points.
- **Small gap on the side of the bracket:** As noted in the product features, a small gap may be present after replacing the original bracket. This is normal and does not affect the functionality of the Ecobee3 lite.

For issues related to the functionality of your Ecobee3 lite Smart Wi-Fi Thermostat, please consult the thermostat's own instruction manual or contact Ecobee support.

SPECIFICATIONS

Attribute	Detail
Brand	HOLACA
Model Number	AMZ0199
Product Dimensions	6.63"D x 6.63"W x 6.63"H
Material	High-Level Plastic ABS
Color	White
Item Weight	0.26 Pounds (4.2 ounces)
