Lafuma Futura Zero Gravity Patio Recliner User Manual

Model: LFM3118-8547 | Brand: Lafuma

PRODUCT OVERVIEW

The Lafuma Futura Zero Gravity Patio Recliner is designed for optimal outdoor relaxation. Featuring a durable alloy steel frame and a patented clip suspension system, this recliner offers multiple ergonomic positions, including a zero-gravity recline that elevates your legs slightly above your heart for enhanced comfort. Its Batyline fabric is engineered for weather resistance, providing protection against UV rays, tears, and abrasion. The chair is also compact and foldable for convenient storage and transport.

SAFETY INFORMATION

WARNING:

- **MAXIMUM WEIGHT RECOMMENDATION:** Do not exceed 310 lbs (140 kilograms).
- **RECLINING MECHANISM:** Use caution when adjusting the reclining positions. Ensure the chair is stable and secure before use.
- **FOLDING MECHANISM:** Always fold and unfold the chair carefully to prevent injury.
- Always keep the chair on a stable, level surface.

SETUP

The Lafuma Futura Zero Gravity Patio Recliner is designed for immediate use with no assembly required. Simply remove the chair from its packaging and unfold it to its desired position.

OPERATING INSTRUCTIONS

Adjusting Recline Position:

1. Sit comfortably in the chair.
2. To recline, gently push back on the armrests while leaning your body backward. The chair will smoothly glide into various positions.
3. To achieve the "zero gravity" position, continue reclining until your legs are slightly elevated above your heart. This position is designed to relieve pressure on the back and improve circulation.
4. To lock the desired position, locate the locking levers on the underside of each armrest and firmly push them down.
5. To return to an upright position, release the locking levers and gently push forward with your body.

Adjusting Headrest:

The padded headrest is adjustable. Slide it up or down along the back of the chair to find the most comfortable position for your head and neck support.

MAINTENANCE

- **Cleaning:** The Batyline fabric can be cleaned with mild soap and water. Avoid harsh chemicals or abrasive cleaners. Rinse thoroughly and allow to air dry.
- **Frame Care:** The powder-coated steel frame can be wiped clean with a damp cloth. Inspect the frame periodically for any signs of wear or damage.
- **Storage:** When not in use for extended periods, especially during inclement weather, it is recommended to fold the chair and store it in a dry, protected area to prolong its lifespan.
- **Clip Suspension System:** The patented clip suspension system is designed for durability. Periodically check the clips for secure attachment.

TROUBLESHOOTING

Chair does not recline smoothly:

- Ensure the locking levers on the armrests are fully disengaged.
- Check for any obstructions around the chair's frame or reclining mechanism.
- Verify that the chair is on a level surface.

Pillow slides down:

- Ensure the headrest is securely attached to the chair's frame. Adjust its position as needed.

SPECIFICATIONS

Feature	Detail
Brand	Lafuma
Model Name	Futura
Model Number	LFM3118-8547

Color	Blue (Ocean)
Product Dimensions	32.7"D x 27.6"W x 43.5"H
