Koss KPH-30iK

Koss KPH30iK On-Ear Headphones User Manual

Model: KPH-30iK

PRODUCT OVERVIEW

The Koss KPH30iK On-Ear Headphones are designed for a comfortable listening experience with high-resolution audio. They feature an in-line microphone and remote control for convenient use with various devices.

Figure 1: Koss KPH30iK On-Ear Headphones (Dark Grey)

This image displays the Koss KPH30iK On-Ear Headphones in a dark grey color, showcasing their D-profile design and the in-line remote on the cable.

Key Features:

- **High-Resolution Dynamic Audio Drivers:** Engineered to deliver spacious sound and deep bass.
- **In-Line Microphone & Remote:** Features an all-new rugged cord and plug with an integrated microphone and remote for easy control and communication.
- **Patented Suspension Design:** Provides personalized comfort for extended use.
- **Lightweight & Portable:** Designed with an adjustable headband for portability and comfort in any situation.

WHAT'S IN THE BOX

- Koss KPH30iK On-Ear Headphones
- Integrated Cable with In-Line Microphone and Remote

SETUP

Setting up your Koss KPH30iK headphones is straightforward. Follow these steps to begin using your headphones.

Connecting to Your Device:

1. **Identify the Audio Port:** Locate the 3.5mm audio jack on your smartphone, tablet, laptop, or other compatible audio device.
2. **Insert the Plug:** Carefully insert the 3.5mm plug of your Koss KPH30iK headphones into the audio port of your device. Ensure it is fully inserted for optimal sound quality.

Figure 2: 3.5mm Plug and In-Line Remote

This image shows a close-up of the durable 3.5mm audio plug and the in-line remote control, highlighting the spring-reinforced strain relief designed for longevity.

Adjusting the Headband:

The KPH30iK features an adjustable headband for a personalized and comfortable fit.

1. **Position the Headphones:** Place the headphones on your head so that the earcups rest comfortably over your ears.
2. **Adjust for Fit:** Slide the earcup adjustments up or down along the headband until the headphones fit snugly and comfortably without excessive pressure. The patented suspension system adapts for extended wear.

Figure 3: Adjustable Headband

This image provides a detailed view of the adjustable headband mechanism, illustrating how the earcups can slide along the band to achieve a custom fit.

OPERATING INSTRUCTIONS

The in-line remote control provides convenient access to essential functions without needing to interact directly with your connected device.

Using the In-Line Remote:

- **Play/Pause:** Press the button once to play or pause audio playback.
- **Next Track:** Press the button twice quickly to skip to the next track.
- **Previous Track:** Press the button three times quickly to go back to the previous track.
- **Answer/End Call:** Press the button once to answer an incoming call or end an active call.

Figure 4: In-Line Remote Control

This image focuses on the in-line remote control, showing its single button and integrated microphone, which allows for media control and hands-free communication.

Video 1: Koss KPH30iK On-Ear Headphones Product Overview

This video provides a brief overview of the Koss KPH30iK On-Ear Headphones, highlighting key features such as the open-air design, lightweight adjustable headband, in-line microphone and remote, rugged cord and plug, and high-resolution dynamic audio drivers. It also showcases the available color options.

MAINTENANCE

Proper care and maintenance will extend the life of your Koss KPH30iK headphones.

- **Cleaning:** Use a soft, dry cloth to wipe down the earcups and headband. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store your headphones in a clean, dry place away from extreme temperatures and direct sunlight. Avoid tangling the cable.
- **Cable Care:** The rugged cord is designed for durability, but avoid excessive pulling or sharp bends at the connectors to prevent damage.

TROUBLESHOOTING

If you encounter any issues with your headphones, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No sound or low volume	Cable not fully inserted. Device volume is too low or muted. Incorrect audio output selected on device.	Ensure the 3.5mm plug is fully inserted into the device's audio jack. Increase the volume on your connected device. Check your device's audio settings to ensure the correct output is selected.
Microphone not working	Microphone muted on device. Incorrect microphone input selected.	Check your device's settings to ensure the microphone is not muted. Verify that the correct microphone input is selected in your device's audio settings.
Remote control not responding	Incompatibility with device. Loose connection.	While the remote is widely compatible, some older or specific devices may not fully support all functions. Ensure the 3.5mm plug is securely connected.

SPECIFICATIONS

Feature	Detail
