iHome iCVBT10

iHome iCVBT10 Reflect PRO Portable Vanity Mirror User Manual

Model: iCVBT10

1. INTRODUCTION

The iHome iCVBT10 Reflect PRO is a portable, adjustable vanity mirror designed to enhance your beauty routine with integrated technology. It features bright LED lighting, Bluetooth audio streaming, a hands-free speakerphone, and USB charging capabilities. This manual provides detailed instructions for setting up, operating, and maintaining your device.

Image 1.1: The iHome iCVBT10 Reflect PRO Portable Vanity Mirror. This image shows the mirror in an upright position, reflecting a room interior, with its base and control buttons visible.

2. KEY FEATURES

- **Adjustable LED Lighting:** Bright accent LEDs with high and low settings for natural-looking light.
- **Bluetooth Audio:** Stream music wirelessly from your mobile device.
- **Hands-Free Speakerphone:** Built-in microphone with digital voice echo cancellation and call controls.
- **Voice Assistant Integration:** Supports Siri and Google Voice Assistant for voice control.
- **USB Charging Port:** 1 Amp USB port to charge mobile devices.
- **Rechargeable Battery:** Integrated Lithium-Ion battery for portable use.
- **Distortion-Free Mirror:** High-quality mirror surface for detailed grooming.

3. SETUP

1. **Unboxing:** Carefully remove the mirror and all accessories from the packaging.
2. **Power Connection:** Connect the included AC adapter to the DC jack on the back of the mirror and

plug it into a wall outlet. The mirror can also operate on its internal rechargeable battery.

3. **Initial Charge:** For optimal battery life, fully charge the mirror before its first portable use. The charging indicator light will show the charging status.
4. **Placement:** Place the mirror on a stable, flat surface. Ensure adequate space for adjustment and rotation.

4. OPERATING INSTRUCTIONS

4.1. LED Lighting

1. **Power On/Off:** Press the **Light Button** (often indicated by a sun or lightbulb icon) on the mirror's base to turn the LED lights on or off.
2. **Adjust Brightness:** Press the **Brightness Up (+)** or **Brightness Down (-)** buttons to cycle through different brightness levels (e.g., high, low).

4.2. Bluetooth Audio

1. **Pairing:**
 - Ensure the mirror is powered on.
 - Activate Bluetooth on your mobile device.
 - Press and hold the **Bluetooth Pairing Button** (often indicated by a Bluetooth logo) on the mirror's base until the indicator light flashes, signifying pairing mode.
 - Select "iHome iCVBT10" from the Bluetooth device list on your mobile device.
 - Once paired, the indicator light will turn solid, and a confirmation tone may sound.
2. **Playing Audio:** Play music or other audio from your paired device. Use the volume controls on your device or the mirror's base (if available) to adjust the sound level.

4.3. Hands-Free Speakerphone

1. **Answering Calls:** When a call comes in on your paired mobile device, press the **Call Answer/End Button** (often a phone icon) on the mirror's base to answer.
2. **Ending Calls:** Press the **Call Answer/End Button** again to end the call.
3. **Making Calls:** Initiate calls from your mobile device. The audio will automatically route through the mirror's speakerphone once connected.

4.4. Voice Assistant (Siri/Google Assistant)

To activate your device's voice assistant (Siri or Google Assistant), press and hold the **Voice Assistant Button** (often a microphone icon) on the mirror's base. Speak your command after the prompt.

4.5. USB Charging

Connect your mobile device's USB charging cable to the 1 Amp USB port located on the mirror's base to charge your device. Ensure the mirror is connected to AC power for optimal charging performance.

5. MAINTENANCE

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a non-abrasive glass cleaner to wipe the mirror surface. Avoid spraying cleaner directly onto the mirror; apply it to the cloth first.
- **Cleaning the Base:** Wipe the base and controls with a soft, dry cloth. Do not use harsh chemicals or

abrasive cleaners.

- **Storage:** When not in use for extended periods, store the mirror in a cool, dry place.
- **Battery Care:** To maintain the rechargeable battery's life, avoid fully discharging it frequently. Recharge it periodically even if not in regular use.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on.	Mirror is not powered on or battery is depleted.	Ensure the AC adapter is securely connected or charge the internal battery. Press the Light Button.
Bluetooth will not pair.	Mirror is not in pairing mode or device is too far.	Press and hold the Bluetooth Pairing Button. Ensure your mobile device's Bluetooth is on and within range (approx. 30 feet).
No audio from speakers.	Volume is too low or device is not paired.	Increase volume on both the mirror and your mobile device. Confirm Bluetooth connection.
USB charging is not working.	Mirror is not connected to AC power.	Ensure the mirror is plugged into a wall outlet using the AC adapter.
