Quercetti Cuboga Premium Marble Run Instruction Manual

Model: 065051

INTRODUCTION

The Quercetti Cuboga Premium Marble Run is an innovative building block game designed to create dynamic marble tracks. This set encourages creativity and problem-solving as users construct various suspended tracks, connecting cubes and straight tracks to ensure continuous marble movement. Made with high-quality, durable plastic materials, it provides hours of safe and engaging play for children aged 3 to 9 years.

SETUP INSTRUCTIONS

Follow these steps to assemble your Quercetti Cuboga Premium Marble Run:

1. **Unpack Components:** Carefully remove all 50 pieces from the packaging.
2. **Plan Your Design:** Before connecting, consider the layout of your marble run. The Cuboga system allows for both flat and elevated tracks.
3. **Connect Cubes:** Begin by connecting the cube pieces. These form the structural basis and turning points of your track. Ensure

each connection is firm and secure.

4. **Attach Tracks:** Connect the straight track pieces between the cubes. The tracks should fit snugly into the designated slots on the cubes.
5. **Build Upwards:** Utilize the cube connectors to build vertical structures, allowing for multi-level tracks and drops.
6. **Test Stability:** Once a section is built, gently test its stability. Adjust connections if any part feels loose.
7. **Initial Marble Test:** Before completing the entire design, place a marble at the start of a short section to observe its flow and make any necessary adjustments to the track's alignment.

OPERATING INSTRUCTIONS

Once your Quercetti Cuboga Premium Marble Run is assembled, operating it is simple:

1. **Place Marbles:** Position one or more marbles at the designated starting point of your track.
2. **Release:** Gently release the marbles and observe their journey through the intricate pathways you have created.
3. **Experiment:** Try different starting points or release multiple marbles simultaneously to see how they interact.
4. **Reconfigure:** The beauty of the Cuboga system is its modularity. Feel free to disassemble and reassemble the track in new configurations to discover endless possibilities.

MAINTENANCE

Proper care will ensure the longevity of your Quercetti Cuboga Premium Marble Run:

- **Cleaning:** Wipe all plastic components with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic.
- **Drying:** Ensure all parts are completely dry before storing to prevent moisture buildup.
- **Storage:** Store the marble run components in a clean, dry place, away from direct sunlight and extreme temperatures. The original packaging can be used for convenient storage.

TROUBLESHOOTING

If you encounter any issues with your marble run, refer to the following common solutions:

- **Marbles Stop or Get Stuck:**
 - Check all track connections to ensure they are securely fitted and properly aligned.

- Verify that there are no obstructions within the tracks or cubes.
- Ensure the track has sufficient slope for gravity to propel the marbles.
- **Track Instability:**
 - Confirm that all cube and track pieces are firmly interlocked.
 - Ensure the base of the structure is wide and stable, especially for taller designs.
- **Missing or Damaged Parts:**
 - If you believe parts are missing or damaged upon opening, please contact Quercetti customer support or your retailer.
