1. **Choose Location:** Select a suitable location on your bathroom wall, ensuring it is level and at an appropriate height for use.

4. **Insert Wall Anchors:** If drilling into drywall or hollow walls, gently tap the wall anchors into the drilled holes until they are flush with the wall surface.
5. **Attach Mounting Plate(s):** Position the mounting plate(s) over the holes and secure them to the wall using the provided screws. Tighten firmly but do not overtighten.
6. **Attach Towel Bar:** Align the towel bar assembly with the secured mounting plate(s). Slide the towel bar onto the plate(s) and secure it using the small set screw(s) located on the underside of the towel bar base. Use the provided hex key to tighten these screws.
