ZINUS Adrian Wood Rustic Style Platform Bed with Headboard User Manual

Model: OLB-SWPBHR-12K

INTRODUCTION

Thank you for choosing the ZINUS Adrian Wood Rustic Style Platform Bed with Headboard. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- **Weight Limit:** Do not exceed the maximum weight limit of 500 lbs (227 kg) for this bed frame. Exceeding this limit may result in structural damage and potential injury.
- **Assembly Caution:** Be cautious of sharp edges on components during assembly. It is recommended to assemble the bed with at least two adults.
- **Secure Fasteners:** Ensure all bolts and fasteners are securely tightened before use. Periodically check and re-tighten fasteners as needed.
- **Level Surface:** Assemble and use the bed frame on a flat, level surface to ensure stability.
- **Mattress Compatibility:** This platform bed is designed for use with a mattress directly on the slats. A box spring is not required but can be used if desired.

SETUP AND ASSEMBLY

The ZINUS Adrian Platform Bed is designed for straightforward assembly. All necessary parts and tools, including a ratchet Allen wrench, are typically included. Follow the pictorial instructions provided in your product packaging for detailed step-by-step guidance.

General Assembly Guidelines:

1. **Unpack Components:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Verify that all parts listed in the instruction manual are present.
2. **Identify Parts:** Zinus products often feature a numbering system where each part is labeled with a number, and it attaches to another part with the same number. This simplifies identification.

3. **Follow Instructions:** Adhere strictly to the provided pictorial instructions. Do not skip steps or attempt to force parts together.
4. **Tighten Fasteners:** Ensure all bolts are fully tightened. The included ratchet Allen wrench will assist in this process.
5. **Slat Installation:** The wooden slats are designed with Velcro for stability and a padded center strip to minimize noise. Ensure they are properly aligned and secured.

OPERATING INSTRUCTIONS

The ZINUS Adrian Platform Bed is designed for reliable and comfortable use. Once assembled, it provides a stable foundation for your mattress.

- **Mattress Placement:** Place your memory foam, latex, or spring mattress directly onto the wooden slats. The robust slat support system eliminates the need for a box spring.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed frame. Avoid concentrating heavy loads in one small area.
- **Under-bed Storage:** The 12-inch height of the bed frame provides approximately 8.46 inches of clearance underneath, suitable for storing items in low-profile containers.

MAINTENANCE

To ensure the longevity and appearance of your ZINUS Adrian Platform Bed, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the wood frame with a dry, soft cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) inspect all bolts and screws to ensure they remain tight. Re-tighten any loose fasteners to maintain structural integrity and prevent squeaking.
- **Avoid Moisture:** Protect the wood from excessive moisture and direct sunlight, which can cause warping or fading.

TROUBLESHOOTING

If you encounter any issues with your ZINUS Adrian Platform Bed, consider the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose fasteners. Re-tighten all bolts, especially those connecting the side rails and headboard. Ensure slats are properly seated and the Velcro strips are engaged.
- **Instability/Wobbling:** Check that the bed frame is on a level surface. Verify that all assembly steps were followed correctly and all bolts are fully tightened. Ensure the center support legs are making firm contact with the floor.
- **Damaged Floor from Support Legs:** If the metal support legs are scratching or damaging your flooring, consider applying felt pads to the bottom of the legs. This can help them slide rather than dig into the floor.
- **Missing or Damaged Parts:** If you find any parts missing or damaged upon unboxing, do not proceed with assembly. Contact Zinus customer support for assistance.

SPECIFICATIONS

Feature	Detail
Model Number	OLB-SWPBHR-12K
Size	King
Product Dimensions (L x W x H)	82" x 76" x 41.5"
Bed Frame Height	12"
Headboard Height	41.5"
Under-bed Clearance	8.46"
Weight Limit	500 lbs (227 kg)
Item Weight	89.1 lbs (40.4 kg)
Material	Wood (Pine)
Color	Brown
