# WMF Kitchenminis Dehydrator Accessories Model 0415960041 Instruction Manual

Model: 0415960041 | Brand: WMF

## INTRODUCTION

These WMF Kitchenminis Dehydrator Accessories are designed to expand the capacity of your WMF Kitchenminis Dehydrator. Made from high-quality stainless steel, these round, food-safe trays allow for efficient and hygienic drying of various foods. This manual provides essential information for the proper setup, operation, and maintenance of your dehydrator accessories.

Image: WMF Kitchenminis Dehydrator shown with accessory trays in use, demonstrating how food items like kiwi, strawberries, and herbs are placed on the trays for drying.

## SETUP

- Unpacking:** Carefully remove the dehydrator accessories from their packaging. Inspect for any signs of damage during transit.
- Initial Cleaning:** Before first use, wash all accessory trays thoroughly with warm soapy water. Rinse completely and dry with a soft cloth or allow to air dry. This removes any manufacturing residues.
- Placement:** Ensure your WMF Kitchenminis Dehydrator is placed on a stable, level, and heat-resistant surface, away from walls or other appliances to allow for proper air circulation.

## OPERATING INSTRUCTIONS

These accessories are designed to be used in conjunction with the WMF Kitchenminis Dehydrator. Refer to your main dehydrator manual for specific instructions on temperature and time settings for various foods.

- Prepare Food:** Wash, peel, and slice food items according to the recommendations in your main dehydrator manual. Ensure slices are uniform for even drying.
- Load Trays:** Arrange food items in a single layer on the accessory trays. Avoid overcrowding to allow for optimal airflow. Ensure there is space between food pieces.
- Stacking:** Carefully stack the loaded accessory trays onto the base unit of your WMF Kitchenminis Dehydrator. Ensure they are securely seated and aligned. The design allows for multiple trays to be stacked to increase drying capacity.
- Operation:** Close the dehydrator lid and operate the dehydrator according to its specific instructions.

Periodically check the food and rotate trays if necessary for uniform drying.

## MAINTENANCE AND CLEANING

Proper cleaning and maintenance will ensure the longevity and hygienic use of your WMF Kitchenminis Dehydrator Accessories.

- **After Each Use:** Allow the trays to cool completely. Remove any remaining food particles.
- **Washing:** The stainless steel trays are dishwasher safe. Alternatively, they can be hand-washed with warm water and a mild dish soap. Use a soft brush if necessary to remove stubborn residues from the mesh.
- **Rinsing and Drying:** Rinse thoroughly to remove all soap residue. Dry immediately with a soft cloth or allow to air dry completely before storing to prevent water spots or mineral buildup.
- **Storage:** Store the clean, dry trays in a clean, dry place, preferably stacked to save space.

## TROUBLESHOOTING

Most issues related to the dehydrator accessories can be resolved with simple checks.

- **Food Sticking to Trays:**

- Ensure food is properly prepared and not overly moist.
- Lightly spray trays with a food-safe non-stick spray for very sticky items, or use parchment paper liners (ensure they don't block airflow).

- **Uneven Drying:**

- Check that food is sliced uniformly.
- Ensure trays are not overcrowded, allowing sufficient airflow.
- Rotate trays periodically during the drying process.

- **Trays Not Stacking Properly:**

- Verify that the trays are correctly aligned with the dehydrator base and each other.
- Ensure no food items are obstructing the stacking mechanism.

## SPECIFICATIONS

<b>Model Number</b>	0415960041
<b>Brand</b>	WMF
<b>Material</b>	Stainless Steel
<b>Color</b>	Transparent (referring to the overall dehydrator system, trays are metallic)
<b>Product Dimensions</b>	2.8 x 6.93 x 2.8 inches (7.1 x 17.6 x 7.1 cm)
<b>Item Weight</b>	1.37 Pounds (0.62 Kilograms)
<b>Food Safety</b>	Food Safe
<b>Cleaning</b>	Dishwasher Safe
