

Livpure Glitz Silver

Livpure Glitz Silver RO UF Mineralizer 7 LTR Water Purifier User Manual

Brand: Livpure | Model: Glitz Silver

1. PRODUCT OVERVIEW

The Livpure Glitz Silver RO UF Mineralizer is a 7-liter capacity water purifier designed to provide clean and healthy drinking water. It incorporates a 7-stage purification process, including Reverse Osmosis (RO) and Ultrafiltration (UF), along with a mineralizer to enhance water quality and taste. This system is effective for water with a Total Dissolved Solids (TDS) level up to 2000 ppm.

Key Features:

- **7-Stage Purification Process:** Ensures thorough removal of impurities.
- **7 Litres Storage Capacity:** Provides ample purified water.
- **LED Indications:** Clearly displays Power ON, Purification Process, and Tank Full status.

- **Removes Turbidity, Chlorine, Hazardous Organics and Inorganics:** Comprehensive contaminant removal.
- **PA Filter (Particulate Arrestor):** Enhances the performance and extends the life of the membrane and solenoid valve.
- **Mineral Cartridge:** Improves essential mineral content, enhancing taste and correcting pH to an alkaline range.
- **Effective for TDS up to 2000 ppm:** Suitable for various water sources.

2. SETUP AND INSTALLATION

For optimal performance and safety, professional installation by a qualified technician is highly recommended. This section provides general guidelines.

1. **Unpacking:** Carefully remove the water purifier from its packaging. Inspect for any damage during transit.
2. **Location Selection:** Choose a clean, dry, and well-ventilated location, preferably on a countertop, away from direct sunlight and heat sources. Ensure sufficient space for maintenance.
3. **Water Supply Connection:** Connect the purifier to a suitable raw water supply line. Ensure all connections are secure to prevent leaks.
4. **Drain Connection:** Connect the waste water outlet to a drain.
5. **Power Connection:** Plug the power cord into a standard electrical outlet. Ensure the power supply matches the purifier's requirements.
6. **Initial Flush:** After installation, allow the purifier to fill and drain the first 2-3 tanks of water. This flushes out any manufacturing residues and prepares the filters for use. Do not consume this water.

3. OPERATING INSTRUCTIONS

Operating your Livpure Glitz Silver water purifier is straightforward. Follow these steps for daily use.

Powering On and Purification Cycle:

- Ensure the water supply is open and the power cord is connected.
- Turn on the main power switch. The "Power ON" LED indicator will illuminate.
- The purification process will begin automatically. The "Purification Process" LED indicator will light up.
- Once the storage tank is full, the "Tank Full" LED indicator will illuminate, and the purification process will stop automatically.

Dispensing Water:

- Place a clean container under the water dispenser tap.
- Gently push or turn the tap to dispense purified water.
- Release the tap to stop the water flow.

4. MAINTENANCE

Regular maintenance ensures the longevity and efficient operation of your water purifier. Always disconnect power before performing any maintenance.

Cleaning the Exterior:

- Wipe the exterior of the purifier with a soft, damp cloth.
- Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the surface.

Filter Replacement:

- Filters and membranes have a limited lifespan and require periodic replacement. The frequency depends on the quality of raw water and usage.
- The PA Filter and other purification cartridges should be inspected and replaced as recommended by a service technician.
- The Mineral Cartridge also requires replacement to ensure continued taste enhancement and pH correction.
- It is strongly recommended to schedule regular professional servicing for filter inspection and replacement to maintain optimal purification performance.

Storage Tank Cleaning:

- Periodically drain and clean the storage tank to prevent microbial growth. Consult your service technician for proper cleaning procedures.

5. TROUBLESHOOTING

If you encounter issues with your water purifier, refer to the following common troubleshooting steps. For complex problems, contact customer support.

Problem	Possible Cause	Solution
No water dispensing	No power, water supply off, tank empty, clogged filters.	Check power connection and switch. Ensure raw water supply is open. Wait for tank to fill. Contact service for filter inspection.
Slow water flow	Clogged filters, low water pressure.	Contact service for filter replacement. Check household water pressure.
Water leakage	Loose connections, damaged components.	Immediately turn off water supply and power. Contact service technician.
Unusual taste or odor	Expired filters, contaminated tank.	Contact service for filter replacement and tank cleaning.
LED indicators not working	Electrical fault, LED malfunction.	Ensure power is connected. Contact service technician.

6. SPECIFICATIONS

Detailed technical specifications for the Livpure Glitz Silver RO UF Mineralizer.

Image 2: Livpure Glitz Silver Water Purifier showing product dimensions (Length: 29cm, Width: 26cm, Height: 50cm).

Feature	Detail
Brand	Livpure
Model Name	Glitz Silver
Purification Method	Reverse Osmosis (RO), Ultrafiltration (UF), Mineralizer
Storage Capacity	7 Liters
Product Dimensions (L x W x H)	29L x 26W x 50H Centimeters
Item Weight	9.06 Kilograms
Material	Plastic
Installation Type	Countertop
Power Source Type	Corded Electric

Feature	Detail
Supported Water TDS Level Maximum	2000 ppm
Special Feature	Particulate Arrestor Filter, Mineral Cartridge

7. WARRANTY AND SUPPORT

Your Livpure Glitz Silver water purifier comes with a manufacturer's warranty and dedicated customer support.

Warranty Information:

- The product typically includes a **1-year warranty** from the date of purchase, covering manufacturing defects.
- This warranty often includes free visits by a technician during the warranty period.
- Additionally, some offers may include **two free maintenance services**, usually scheduled around the 7th and 11th month after purchase. Please refer to your purchase documentation for specific terms and conditions.

Customer Support:

For installation requests, service appointments, technical assistance, or any queries regarding your water purifier, please contact Livpure customer service. Refer to the contact details provided in your product packaging or on the official Livpure website.
