

Nerf E0016F07

Nerf Modulus Mediator Blaster Instruction Manual

Model: E0016F07

1. PRODUCT OVERVIEW

The Nerf Modulus Mediator Blaster is a pump-action, clip-fed dart blaster designed for customizable play. It features slam-fire action and is part of the Nerf Modulus system, allowing for various accessory attachments.

Figure 1.1: Nerf Modulus Mediator Blaster with 6-dart clip and 6 Official Nerf Elite darts.

2. SETUP

2.1 Unboxing and Initial Assembly

Carefully remove all components from the packaging. The Nerf Modulus Mediator Blaster comes with the blaster unit, a 6-dart clip, and 6 Official Nerf Elite darts.

2.2 Loading Darts into the Clip

1. Hold the 6-dart clip with the open end facing upwards.
2. Insert the Official Nerf Elite darts one by one into the clip until it is full. Ensure darts are inserted correctly to prevent jamming.

Figure 2.1: Loading darts into the 6-dart clip.

2.3 Inserting the Clip into the Blaster

1. Pull the priming handle on the blaster all the way back until it clicks.
2. Insert the loaded 6-dart clip into the side-loading port on the blaster until it clicks securely into place.
3. Push the priming handle forward to chamber a dart.

Figure 2.2: Inserting the loaded clip into the blaster.

3. OPERATING INSTRUCTIONS

3.1 Priming and Firing

1. Ensure the blaster is loaded with a dart clip (as per Section 2.3).
2. Pull the priming handle all the way back and then push it all the way forward. This action chambers a dart.
3. Aim the blaster at your target.
4. Pull the trigger to fire a dart.

3.2 Slam-Fire Action

For rapid-fire action, hold down the trigger and continuously pump the priming handle back and forth. This will rapidly fire darts until the clip is empty.

4. CUSTOMIZATION OPTIONS

The Nerf Modulus Mediator Blaster is designed for customization with various Nerf Modulus accessories (sold separately). It features tactical rails and attachment points.

4.1 Attaching Modulus Accessories

- **Tactical Rails:** The blaster has two tactical rails on the top and bottom for attaching scopes, grips, or other rail-compatible accessories.
- **Barrel Attachment Point:** The front of the blaster allows for the attachment of Modulus barrel extensions.

- **Stock Attachment Point:** The rear of the blaster has a point for attaching Modulus stocks.

Figure 4.2: Attaching a Modulus stock to the blaster.

5. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your blaster.

- **Cleaning:** Wipe the blaster with a dry cloth to remove dust and debris. Do not use water or cleaning solutions, as this may damage internal components.
- **Dart Care:** Use only Official Nerf Elite darts. Inspect darts for damage (tears, bends) before use. Damaged darts can affect performance and cause jams. Store darts in a clean, dry place.

6. TROUBLESHOOTING

6.1 Dart Jams

If a dart jams:

1. Ensure the blaster is not primed.
2. Remove the dart clip from the blaster.
3. Carefully inspect the dart loading area and barrel for any lodged darts.

4. Gently remove any jammed darts. Do not force them, as this can damage the blaster or darts.
5. Re-insert the clip and prime the blaster. If the jam persists, repeat the steps.

7. SPECIFICATIONS

Feature	Detail
Model Number	E0016F07
Brand	Nerf
Mechanism	Pump-Action, Clip-Fed
Dart Type	Official Nerf Elite Darts
Clip Capacity	6 Darts
Material	Plastic
Item Weight	0.62 Kilograms
Item Dimensions	2.24 x 14.25 x 8.27 inches
