## **PACKAGE CONTENTS**

---

Verify that all items are present in the package:

- Panasonic RP-HT161-K Over-Ear Headphones

Drivers: 30mm  
Frequency Response: 10Hz - 27kHz  
Impedance: 32 ohm/kHz  
Cord length: 6.5 ft.  
Weight: 10.2 oz.

*Image: Retail packaging for the Panasonic RP-HT161-K headphones, displaying the product image and model number.*

Follow these steps to set up your headphones for first use:

1. **Adjust the Headband:** Gently extend or retract the headband to fit comfortably over your head. The earcups should fully cover your ears.
2. **Connect the Audio Cable:** Insert the 3.5mm audio jack into the headphone port of your audio device (e.g., smartphone, laptop, tablet, TV).

Works with devices with a 3.5mm headphone outlet

\*Adapter required (not included) for devices without a 3.5mm audio outlet

*Note: An adapter may be required for devices without a 3.5mm audio output. Adapters are not included.*

## OPERATING INSTRUCTIONS

These headphones are designed for straightforward audio playback. There are no integrated controls on the headphones themselves.

- **Volume Control:** Adjust the volume directly on your connected audio device.
- **Audio Playback:** Control playback (play, pause, skip) using your connected audio device.
- **Comfort:** The plush-padded earpads are designed for extended listening comfort. Ensure the earcups are positioned correctly over your ears for optimal sound isolation and comfort.

- 1. Balanced sound with powerful bass**  
Clear vocals, smooth midrange and treble registers
- 2. Dual 30mm neodymium driver units**  
10Hz – 27kHz frequency response with 1000mW maximum power
- 3. Plush-padded earpads**  
Lightweight and comfortable, for hours of listening pleasure
- 4. Extra-long, 6.5 ft. cord**  
Allows for convenient movement

## MAINTENANCE AND CARE

---

Proper maintenance ensures the longevity and performance of your headphones:

- **Cleaning:**
  - Wipe the exterior surfaces of the headphones with a soft, dry cloth.
  - Do not use abrasive cleaners, solvents, or strong detergents.
  - Avoid getting moisture into the earcup grilles or the 3.5mm jack.
- **Storage:**
  - Store headphones in a clean, dry place away from extreme temperatures and direct sunlight.
  - Avoid tangling the cord. Gently coil it for storage.
- **Handling:**
  - Do not pull on the cord to disconnect the headphones from a device; always grasp the plug.
  - Avoid dropping or subjecting the headphones to strong impacts.

## TROUBLESHOOTING

---

If you encounter issues with your headphones, refer to the following common solutions:

| <b>Problem</b>               | <b>Possible Cause</b>   | <b>Solution</b>   |
|------------------------------|---|---|
| No sound or low volume       | <p>Audio cable not fully inserted.</p> <p>Volume on device is too low or muted.</p> <p>Incorrect audio output selected on device.</p> <p>Damaged audio cable or jack.</p> | <p>Ensure the 3.5mm jack is fully inserted into the device's port.</p> <p>Increase the volume on your audio device.</p> <p>Check your device's audio settings to ensure the correct output is selected.</p> <p>Test with another audio device or cable if possible.</p> |
| Distorted sound              | <p>Volume on device is too high.</p> <p>Poor connection.</p> <p>Damaged audio source or file.</p>   | <p>Lower the volume on your audio device.</p> <p>Ensure the audio jack is securely connected.</p> <p>Try a different audio source or file.</p>  |
| Headphones are uncomfortable | <p>Headband not adjusted correctly.</p> <p>Earcups not positioned properly.</p>   | <p>Adjust the headband to fit your head.</p> <p>Ensure the earcups fully cover your ears and are not pressing uncomfortably.</p>  |

If the problem persists after trying these solutions, please contact Panasonic customer support.
