4. SETUP INSTRUCTIONS

4.1. Mounting the Dispenser

The PURELL ES6 dispenser can be installed using either the included adhesive tape or screws (not included).

1. **Choose a Location:** Select a flat, clean wall surface at an appropriate height for users. Ensure there is enough space below for hands and a drip tray if desired.
2. **Clean the Surface:** Wipe the mounting surface with a clean cloth and rubbing alcohol. Allow it to dry completely.
3. **Adhesive Tape Installation:**
 - Remove the protective backing from the adhesive tape on the back of the dispenser.
 - Press the dispenser firmly against the wall for 30 seconds.
 - Allow 24 hours for the adhesive to fully cure before adding the refill.
4. **Screw Installation (Optional):**

- Open the dispenser cover.
- Mark the desired screw locations on the wall using the dispenser's mounting holes as a template.
- Drill pilot holes if necessary and insert appropriate wall anchors (not included).
- Secure the dispenser to the wall with screws (not included).

4.2. Battery Installation

The dispenser requires 4 C-cell batteries (included).

1. Open the dispenser cover.
2. Locate the battery compartment.
3. Insert the 4 C-cell batteries, ensuring correct polarity (+/-).
4. Close the battery compartment securely.

4.3. Refill Installation

Ensure you are using a compatible PURELL ES6 HEALTHY SOAP refill.

1. Open the dispenser cover.
2. Align the refill bottle with the dispenser's internal mechanism. The ES6 refills are designed for easy, snap-in installation.
3. Push the refill firmly into place until it clicks securely.
4. Close the dispenser cover.

Match the Refill to the Dispenser

5. OPERATING INSTRUCTIONS

The PURELL ES6 dispenser is designed for simple, touch-free operation.

1. Place your hand directly under the dispenser's sensor.
2. The dispenser will automatically dispense a pre-measured amount of soap into your hand.
3. Rub your hands together to create lather, then rinse thoroughly with water.

Touch-Free

Refills Sold Separately

6. MAINTENANCE

6.1. Checking Soap Levels

The ES6 dispenser features an AT-A-GLANCE™ design with transparent refills, allowing you to monitor soap levels without opening the unit.

Monitor product levels with just one look

6.2. Cleaning the Dispenser

To ensure optimal performance and hygiene, clean the dispenser regularly.

- Wipe the exterior of the dispenser with a soft, damp cloth.
- Avoid using abrasive cleaners or solvents, as these can damage the finish.
- Do not spray cleaning solutions directly into the dispenser's sensor or dispensing nozzle.

6.3. Replacing Refills

When a refill is empty, replace it with a new, compatible PURELL ES6 HEALTHY SOAP refill. The factory-sealed refills help eliminate contamination.

7. TROUBLESHOOTING

If you encounter issues with your dispenser, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Dispenser not dispensing soap	Empty refill, dead batteries, sensor obstruction	Check soap level and replace refill if empty. Replace batteries. Ensure sensor is clear of obstructions.
Soap dispenses inconsistently	Low batteries, incorrect refill installation	Replace batteries. Re-install refill, ensuring it is securely clicked into place.
Indicator light not working	Dead batteries	Replace batteries.
