Diversey Crew Neutral Non-Acid Bowl & Bathroom Disinfectant (32 oz Squeeze Bottle)

Diversey Crew Neutral Non-Acid Bowl & Bathroom Disinfectant

32 oz Squeeze Bottle User Manual

Introduction

The Diversey Crew Neutral Non-Acid Bowl & Bathroom Disinfectant is a ready-to-use cleaner designed for effective disinfection and deodorization. Its nonabrasive, nonacid formula safely cleans and disinfects various surfaces in one step. This product is formulated to kill HIV, HCV, and HBV on pre-cleaned, nonporous surfaces and objects that have been previously soiled with blood and body fluids. It also contains odor-eliminating ingredients to leave surfaces smelling clean and fresh.

Safety Information

Always read the entire product label before use. Keep out of reach of children and pets. Avoid contact with eyes and skin. In case of contact, flush thoroughly with water. If irritation persists, seek medical attention. Do not ingest. If swallowed, call a poison control center or doctor immediately. Use in a well-ventilated area. Wear appropriate personal protective equipment (PPE) such as gloves and eye protection when handling. Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

Product Overview

This image displays the Diversey Crew Neutral Non-Acid Bowl & Bathroom Disinfectant in a 32 oz squeeze bottle. The bottle features a white label with product branding and usage information. The design is practical for direct application to surfaces. The product is a clear liquid disinfectant and cleaner.

The Diversey Crew Neutral Disinfectant is a versatile solution for maintaining hygiene in various environments. It is

suitable for use on multiple hard, nonporous surfaces, providing both cleaning and disinfecting actions. Its neutral pH formula ensures it is gentle on surfaces while being effective against a broad spectrum of microorganisms.

Setup and Preparation

1. **Read Instructions:** Carefully read all instructions and safety information on the product label and in this manual before beginning.
2. **Ventilation:** Ensure the area where the product will be used is well-ventilated. Open windows or use exhaust fans if necessary.
3. **Personal Protective Equipment (PPE):** Don appropriate PPE, including chemical-resistant gloves and eye protection, to prevent skin and eye contact.
4. **Surface Preparation:** For disinfection, pre-clean heavily soiled surfaces to remove gross filth or heavy soil prior to application of the product. This ensures the disinfectant can effectively reach and kill microorganisms.

Operating Instructions (Usage)

This product is designed for use on hard, nonporous surfaces such as glazed ceramic tile, glazed porcelain, chrome, stainless steel, and plastic surfaces associated with floors, walls, fixtures, toilets, urinals, sinks, shower rooms, and locker rooms.

For Cleaning and Deodorizing:

1. Apply the product directly to the surface to be cleaned.
2. Wipe with a clean cloth, sponge, or mop.
3. No rinsing is required for general cleaning.

For Disinfection:

1. Pre-clean heavily soiled surfaces as described in the 'Setup and Preparation' section.
2. Apply the product undiluted to hard, nonporous surfaces with a cloth, mop, sponge, or sprayer. Ensure the surface is thoroughly wet.
3. Allow the surface to remain wet for the contact time specified on the product label (typically 10 minutes for disinfection).
4. Wipe dry with a clean cloth or allow to air dry.
5. For surfaces that may come into contact with food, a potable water rinse is required after disinfection.

Maintenance and Storage

- **Storage:** Store the product in its original container in a cool, dry place, away from direct sunlight and incompatible materials. Keep container tightly closed when not in use.
- **Temperature:** Do not store at temperatures above 120°F (49°C) or below 32°F (0°C).
- **Disposal:** Dispose of empty containers according to local regulations. Do not reuse empty containers.

Troubleshooting

- **No Cleaning Action:** Ensure the surface was pre-cleaned if heavily soiled. Apply sufficient product to cover the surface.
- **Odor Persists:** Ensure the product was applied correctly and allowed sufficient contact time. For persistent odors, repeat application.

- **Accidental Skin Contact:** Wash affected area thoroughly with soap and water. If irritation occurs, seek medical attention.
- **Accidental Eye Contact:** Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do. Continue rinsing. Seek immediate medical attention.
- **Spills:** Contain and absorb spills with an inert material (e.g., sand, earth, vermiculite). Collect and place in appropriate waste disposal containers. Rinse the affected area with water.
