Wekity Automatic Toothbrush Holder and Toothpaste Dispenser

Model: 8541790669

Brand: Wekity

INTRODUCTION

The Wekity Automatic Toothbrush Holder and Toothpaste Dispenser is designed to streamline your daily oral hygiene routine. This innovative device features dual automatic toothpaste dispensers, a holder for up to five toothbrushes, and an integrated electronic watch to assist with brushing time. It promotes hygiene by keeping toothbrushes covered and dispenses a consistent amount of toothpaste, reducing waste and mess.

PRODUCT FEATURES

- **Automatic Toothpaste Dispensing:** Utilizes a vacuum pump to dispense a precise amount of toothpaste, minimizing waste and ensuring hygienic use.
- **Dual Dispenser Design:** Features two separate toothpaste extruders, allowing for the use of different toothpastes (e.g., morning/evening, adult/child) simultaneously.
- **Hygienic Toothbrush Storage:** Includes a dust-proof cover and five slots to keep toothbrushes protected from airborne particles and prevent mold growth.
- **Integrated Electronic Watch:** An exclusive electronic watch helps users monitor brushing time, encouraging thorough and scientific brushing habits.
- **Easy Installation:** Designed for wall mounting with strong adhesive, suitable for smooth surfaces.
- **Detachable for Cleaning:** Components are easily detachable for convenient and thorough cleaning.

SETUP INSTRUCTIONS

Follow these steps for proper installation and initial setup of your Wekity Toothbrush Holder.

1. **Prepare the Surface:** Clean the desired wall surface thoroughly. Ensure it is smooth, dry, and free from dust or grease. This product is suitable for smooth tiles or mirrors. Do not install on rough or uneven surfaces like stucco walls.
2. **Attach Adhesive Plates:** Tear off the protective film from the back of the adhesive plates. Carefully press the plates onto the cleaned wall surface, ensuring firm contact and discharging any air bubbles.
3. **Mount the Main Body:** Align the main body of the toothbrush holder with the installed adhesive plates and securely buckle it into place.
4. **Insert Toothpaste:** Open the cap of your toothpaste tube. Rotate and screw the toothpaste tube firmly into the dispenser's insertion opening. Repeat for the second dispenser if using two tubes.

5. **Prime the Dispenser:** To exhaust internal air and ensure proper function, push a toothbrush into the dispenser's push slot to its furthest point and hold. Simultaneously, use your other hand to gently squeeze the toothpaste tube until a small amount of toothpaste flows out through the dispenser's exit. This primes the vacuum pump.
6. **Store Toothbrushes:** Open the lid of the toothbrush holder and place your toothbrushes into the designated slots. Close the lid to keep them dust-free.

OPERATING INSTRUCTIONS

Using your Wekity Toothbrush Holder and Toothpaste Dispenser is straightforward.

1. **Dispensing Toothpaste:** Place your toothbrush head into the dispenser's exit slot and gently push it inward. The internal mechanism will automatically dispense a suitable amount of toothpaste onto your brush.
2. **Electronic Watch:** The integrated electronic watch displays the time, which can be used to monitor your brushing duration.

3. **Toothbrush Storage:** After use, place your toothbrush in one of the five designated slots. The holder features separate areas for adult and child toothbrushes for convenience.

Step 3: Exhaust internal air:

A: Use a toothbrush to push the toothbrush push slot to the furthest and hold on;

B: Use the other hand to squeeze the toothpaste until there is a small amount of toothpaste flowing out through Opening C;

Step 4: Push the toothbrush into the slot;

Precautions:

Children and Adults

MAINTENANCE AND CLEANING

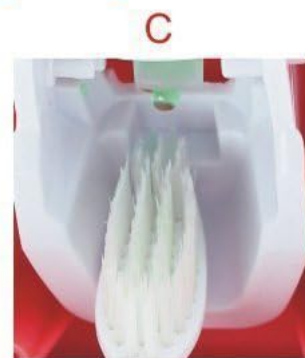

Regular cleaning ensures optimal performance and hygiene of your Wekity Toothbrush Holder.

- **Detachable Design:** Each part of the dispenser and holder can be detached for thorough cleaning.
- **Disassembly:** To disassemble, locate the 'PUSH' buttons on both sides of the unit and press them to open the covers and access internal components.
- **Cleaning:** Wash all detached parts with water and a mild detergent. Ensure all toothpaste residue is removed, especially from the dispenser mechanism.
- **Reassembly:** After cleaning and drying, reassemble the components by aligning them and snapping them back into place.

Step 3: Exhaust internal air:

A: Use a toothbrush to push the toothbrush push slot to the furthest and hold on;

B: Use the other hand to squeeze the toothpaste until there is a small amount of toothpaste flowing out through Opening C;

Step 4: Push the toothbrush into the slot;

TROUBLESHOOTING

If you encounter any issues with your Wekity Toothbrush Holder, refer to the following common solutions:

- **Toothpaste Not Dispensing:**
 - Ensure the toothpaste tube is fully and securely screwed into the dispenser.
 - Re-prime the dispenser by pushing a toothbrush to the furthest point and gently squeezing the toothpaste tube until flow begins.
 - Check for dried toothpaste blocking the dispenser exit. Clean the dispenser mechanism if necessary.
- **Unit Falling Off Wall:**
 - Verify that the installation surface is smooth, clean, and dry. Rough or porous surfaces will not provide adequate adhesion.
 - Ensure the adhesive plates were pressed firmly to remove all air bubbles during installation.
 - If the adhesive has lost its strength, consider replacing the adhesive strips or using screws for a more permanent mount if suitable for your wall type.
- **Electronic Watch Not Functioning:**
 - Check if the battery needs replacement. The product specifications indicate 1 Lithium Ion battery is required.
 - Ensure the battery is inserted correctly with the correct polarity.
- **Mildew or Residue Buildup:**
 - Increase the frequency of cleaning the detachable parts of the holder and dispenser.
 - Ensure toothbrushes are shaken dry before placing them in the holder to minimize moisture buildup.

SPECIFICATIONS

Feature	Detail
Brand	Wekity
Model Number	8541790669
Material	Polymer Materials
Color	White
Product Dimensions (L x W x H)	3.94" x 2.36" x 3.15"
Mounting Type	Wall Mount
Finish Type	Glossy
Special Feature	Automatic Toothpaste Dispenser, Electronic Watch
Number of Items	1
Item Weight	9.6 ounces
Batteries Required	1 Lithium Ion battery (for electronic watch)
