## Troubleshooting

If you encounter any issues with your dollhouse, please refer to the following common problems and solutions:

Problem	Solution
Dollhouse is difficult to open or close.	Ensure no furniture or figures are obstructing the folding mechanism. Gently apply even pressure when opening or closing.
Furniture pieces do not stay in place.	Some pieces are designed to be movable for versatile play. If a piece is consistently falling, ensure it is placed on a flat surface within the dollhouse.
Figures' paint appears to be fading or rubbing off.	Avoid prolonged exposure to water or excessive friction, as this can affect painted details.
