### 3. SETUP

1. **Charge Your Apple Watch:** Connect the Magnetic Charging Cable to the back of your Apple Watch and plug the USB Power Adapter into a power outlet.
  2. **Pair with iPhone:** Ensure your iPhone (iPhone 5s or later running iOS 11 or later) has Bluetooth enabled. Open the Apple Watch app on your iPhone and follow the on-screen instructions to pair your watch.
  3. **Customize Settings:** During setup, you can customize various settings, including notifications, app layout, and watch faces.
- 

### 4. OPERATING INSTRUCTIONS

#### Navigation

- **Digital Crown:** Rotate to scroll, zoom, or adjust values. Press to return to the watch face or app list. Double-press to switch between your last two apps.
- **Side Button:** Press to access the Dock (recently used apps) or Apple Pay. Press and hold to access the power off slider, Medical ID, and Emergency SOS.
- **Touch Display:** Tap to select, swipe to scroll, and force touch for additional options.

#### Key Features

- **Notifications:** Receive alerts from your iPhone directly on your wrist.
- **Apps:** Access and run iOS apps tailored for Apple Watch.
- **Heart Rate Monitor:** Track your heart rate throughout the day and during workouts.
- **Built-in GPS:** Accurately track distance, speed, and pace for outdoor workouts without your iPhone.
- **Barometric Altimeter:** Track elevation changes, useful for activities like climbing stairs or hiking.
- **Water Resistance:** Suitable for swimming and shallow-water activities (up to 50 meters).

---

### 5. MAINTENANCE

- **Cleaning:** Regularly clean your Apple Watch and band with a soft, lint-free cloth. If necessary, lightly dampen the cloth with fresh water.
- **Drying:** After swimming or heavy sweating, dry your Apple Watch thoroughly.
- **Avoid Harsh Chemicals:** Do not use soaps, cleaning products, abrasive materials, or compressed air.
- **Band Care:** For Sport Bands, wipe with a damp cloth and dry thoroughly.

---

## 6. TROUBLESHOOTING

- **Watch Not Turning On:** Ensure the watch is charged. Connect it to the Magnetic Charging Cable and USB Power Adapter.
- **Pairing Issues:** Make sure your iPhone's Bluetooth is on and both devices are close to each other. Restart both your iPhone and Apple Watch.
- **Slow Performance:** Restart your Apple Watch. Ensure WatchOS is up to date. Close unused apps from the Dock.
- **Water Ejection:** If water is trapped in the speaker, swipe up from the watch face to open Control Center, then tap the Water Lock icon. Turn the Digital Crown to unlock the screen and eject water.

## 8. WARRANTY AND SUPPORT

Your Apple Watch Series 3 comes with a one-year limited warranty from Apple. This warranty covers manufacturing defects but does not cover accidental damage or wear and tear.

For technical support, visit the official Apple Support website or contact AppleCare. You can also find extensive troubleshooting guides and community forums online.

For detailed warranty information, please refer to the documentation included with your product or visit Apple's official website.
