Zinus FSSW-K

Zinus Dori Upholstered Platform Bed Frame with Wingback Headboard, King Grey

Brand: Zinus | Model: FSSW-K

1. INTRODUCTION AND OVERVIEW

The Zinus Dori Platform Bed is designed for mattress support without a box spring. It features a square-stitched headboard with wingback accents and durable construction. The framework is made with steel and wood slats to prevent sagging and extend mattress life. All assembly components are conveniently located in a zippered compartment within the headboard.

4. OPERATING INSTRUCTIONS

This platform bed frame is designed to support your mattress directly, eliminating the need for a box spring. The durable wood slats provide adequate support for latex, memory foam, or spring mattresses. Ensure the mattress is properly centered on the slats for optimal support.

5. MAINTENANCE

To maintain the upholstered fabric, spot clean only. Avoid using harsh chemicals or abrasive cleaners. Regularly dust the headboard and frame with a soft cloth. Check all connections periodically to ensure they remain tight.

6. TROUBLESHOOTING

- **Squeaking Noises:** Ensure all bolts and screws are securely tightened. Check that the wood slats are properly seated and not rubbing against the frame.
- **Mattress Sagging:** Verify that the wood slats are evenly spaced (2.2 - 2.8 inches apart) and that the center support legs are firmly on the floor. Ensure the total weight on the bed does not exceed the specified capacity.
- **Difficulty Assembling:** Refer to the detailed assembly instructions provided. Ensure all parts are correctly identified and oriented before tightening fasteners.
