IRIS USA Top Entry Cat Litter Box Instruction Manual

Model: 586965

Brand: IRIS USA

INTRODUCTION

The IRIS USA Top Entry Cat Litter Box is designed to provide a private and clean solution for your cat's needs while minimizing litter scatter. Its unique top-entry design helps contain litter and odors, making it an ideal choice for multi-pet households or those seeking a tidier litter area. This manual provides instructions for setup, operation, maintenance, and troubleshooting to ensure optimal use of your litter box.

PRODUCT FEATURES

- **Top Entry Design:** Provides privacy for your cat and helps prevent dogs from accessing the litter.
- **Litter Catching Lid:** Grooves on the lid help remove litter from your cat's paws, reducing tracking.
- **Included Scoop:** A convenient litter scoop that can be hooked onto the lid for easy storage.
- **Easy to Clean:** Rounded edges and durable plastic construction facilitate quick and easy cleaning.
- **Dimensions:** 20.75"L x 16.125"W x 14.625"H, Entry: 9"W x 10.5"H.

SETUP

The IRIS USA Top Entry Cat Litter Box comes pre-assembled in two main parts: the base and the lid. No complex assembly is required.

1. **Unpack:** Carefully remove all components from the packaging. Ensure the litter box base, lid, and scoop are present.
2. **Place the Lid:** Position the lid securely onto the base of the litter box. The lid is designed to fit snugly.
3. **Add Litter:** Fill the litter box with your preferred cat litter to a depth of approximately 3-4 inches (7-10 cm).
4. **Attach Scoop:** The included litter scoop can be conveniently hooked onto the side of the lid for easy access and storage.

MAINTENANCE

Regular cleaning is essential for your cat's health and to maintain a fresh home environment.

1. **Daily Scooping:** Use the provided scoop to remove solid waste and clumped litter daily. This helps control odors and keeps the litter box hygienic.
2. **Litter Replacement:** Depending on the type of litter and number of cats, replace all litter every 1-2 weeks.
3. **Deep Cleaning:** When replacing litter, empty the entire contents of the box. Clean the litter box using warm water and mild soap. Avoid harsh chemicals that may be harmful to your cat or leave strong odors. Rinse thoroughly and dry completely.

before adding fresh litter.

4. **Lid Cleaning:** Periodically clean the grooves on the lid to ensure they effectively catch litter from your cat's paws.

TROUBLESHOOTING

- **Cat not using the litter box:** Ensure the litter box is placed in a quiet, accessible location. Some cats may need time to adjust to a new litter box style. You can try placing a small amount of their old litter in the new box to encourage use.
- **Litter tracking:** While the lid is designed to minimize tracking, some litter may still escape. Ensure the litter level is not too high. Consider placing a litter mat around the box for additional litter containment.
- **Odor issues:** Scoop daily and perform regular deep cleans. Ensure adequate ventilation in the area where the litter box is located.
- **Dog accessing litter:** The top-entry design is intended to deter dogs. If your dog is still able to access the litter, ensure the litter box is placed in an area inaccessible to the dog, or consider additional barriers.
