WHAT'S IN THE BOX

- Moredig Kids Night Light Projector (Model RCPL-001)
- Remote Control (AAA*2 batteries not included)
- USB Cable (Power adapter not included)
- Projection Films (Cosmos World and Animal World themes)
- Shade (Translucent white cover)
- Instruction Manual (This document)

SETUP INSTRUCTIONS

1. **Power Connection:** Connect the projector to a 5V1A power supply using the provided USB cable. A power adapter is not included.

2. **Initial Power On:** Locate and turn on the main power button near the USB interface on the projector.
3. **Projection Film Installation:**
 - To achieve a clear projection, remove the translucent white cover from the projector.
 - Select your desired projection film (Cosmos World or Animal World) and place it inside the projector.
4. **Remote Control Setup:** Insert 2 AAA batteries (not included) into the remote control.

Usage Tips

1. Please use a 5V1A power supply to ensure the product working.
2. Before using please turn on the main power button near the USB interface.
3. Please remove the white translucent cover before projecting and use the black film to obtain a clear projection.
4. The remote control requires AAA*2 batteries (Not included).
5. Whatever questions, please just contact us at any time.

OPERATING INSTRUCTIONS

The Moredig Night Light Projector can be operated using the buttons on the device or the included remote control.

Projection Modes

The projector offers two distinct projection themes:

- **Cosmos World:** Features stars, spaceships, and celestial bodies.
- **Animal World:** Displays cute jungle creatures.

To switch between themes, replace the projection film inside the projector as described in the Setup section.

Image: A split image showing the "Cosmos World" projection with stars and spaceships, and the "Animal World" projection with various animals.

Remote Control Functions

The remote control allows for convenient operation from up to 5 meters away. Functions include:

- **Power On/Off:** Turns the projector on or off.
- **Color Adjustment:** Changes projection colors (18 light modes available).
- **Timer Setting:** Sets automatic shut-off between 5 and 500 minutes.
- **Volume Control:** Adjusts the music volume.
- **Music Mode:** Selects from 12 different music styles.
- **Rotation Control:** Activates or deactivates the 360-degree rotation feature.

Image: A child looking at the projected images on the wall, with indicators for 360-degree rotation and a 500-minute timer.

Timer Function

The integrated timer allows the projector to automatically turn off after a set duration. This can be adjusted from 5 to 500 minutes (8.3 hours). If continuous operation is desired, ensure the projector remains plugged in via the USB cable.

Music Playback

The projector includes 12 different music styles. Use the remote control to switch songs, adjust volume, and select playback modes. Music can be used independently or in conjunction with the light projection.

Ideal Night-time Companion for Kids

Image: A child sleeping in bed with the Moredig Night Light Projector emitting a soft yellow glow and musical notes indicating sound.

MAINTENANCE

- **Cleaning:** Wipe the projector's exterior with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.
- **Storage:** When not in use, store the projector in a cool, dry place away from direct sunlight.
- **Film Care:** Handle projection films carefully to avoid scratches or damage. Store them flat when not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Projector does not turn on.	No power supply or main power switch is off.	Ensure the USB cable is securely connected to a 5V1A power source and the main power button is switched on.

Problem	Possible Cause	Solution
Projection is blurry or unclear.	Translucent white cover is still on, or projection film is incorrectly installed.	Remove the translucent white cover. Ensure only one projection film is correctly placed inside. Operate in a dark room for best results.
Remote control is not working.	Batteries are dead or incorrectly inserted. Obstruction between remote and projector.	Replace remote control batteries (2x AAA). Ensure batteries are inserted with correct polarity. Remove any obstructions between the remote and the projector.
Rotation feature stops working.	Internal mechanism issue or low power.	Ensure the projector is receiving stable power. If the issue persists, contact customer support.

SPECIFICATIONS

Model Number	RCPL-001
Brand	Moredig
