LETMY letmy mini flashlight

LETMY Tactical Flashlight User Manual

Brand: LETMY | Model: A50 Tactical Flashlight

INTRODUCTION

The LETMY Tactical Flashlight is a compact, super bright LED mini flashlight designed for reliability and versatility. With a maximum output of 300 lumens, it can illuminate objects up to 600 feet away. Its durable, military-grade aluminum alloy construction ensures it is anti-abrasive, drop-resistant, and waterproof (IPX4 rated), making it ideal for various outdoor activities and emergency preparedness. The flashlight features three intelligent lighting modes and a convenient zoom function to adjust the beam.

SETUP

Battery Installation

The LETMY Tactical Flashlight requires one (1) AA battery (not included). To install the battery:

1. Unscrew the tail cap of the flashlight by turning it counter-clockwise.
2. Insert one AA battery with the positive (+) end facing towards the head of the flashlight.
3. Screw the tail cap back on clockwise until it is securely tightened. Ensure a tight seal for proper operation and water resistance.

Zoomable

Zoom in to enlarge the illumination area
Zoom out to gather the light and get the highest bright intensity

OPERATING INSTRUCTIONS

Power On/Off and Mode Selection

The flashlight features three lighting modes: High, Low, and Strobe. To cycle through the modes:

- Press the orange button on the tail cap once to turn the flashlight ON (High mode).
- Lightly press the button again to switch to Low mode.
- Lightly press the button a third time to activate Strobe mode.
- Press the button firmly to turn the flashlight OFF.

3 Modes

High

Low

Strobe

Zoom Function

The flashlight is equipped with a zoomable head to adjust the beam focus:

- To zoom in and narrow the beam for a more focused light, gently pull the head of the flashlight outwards.
- To zoom out and widen the beam for a broader illumination area, push the head of the flashlight inwards.

MAINTENANCE

Cleaning

To maintain optimal performance and appearance:

- Wipe the flashlight body with a soft, damp cloth.
- Avoid using abrasive cleaners or solvents, as they may damage the finish.

- Keep the lens clean for maximum light output.

Storage

For long-term storage, remove the battery to prevent leakage and corrosion. Store the flashlight in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Flashlight does not turn on.	Battery is dead or incorrectly inserted.	Replace the AA battery or ensure it is inserted with the correct polarity (+ end towards the head).

Issue	Possible Cause	Solution
Light is dim or flickers.	Low battery power or loose connections.	Replace the battery. Ensure the tail cap is fully tightened and battery contacts are clean.
Zoom function is stiff.	Dirt or debris in the mechanism.	Gently clean the movable parts of the head. Avoid forcing the mechanism.

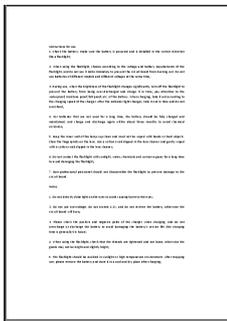

SPECIFICATIONS

Feature	Detail
Special Feature	Adjustable, Durable, Portable, Waterproof
Color	Clear (Light Output)
Power Source	Battery Powered (1xAA Battery, not included)
Light Source Type	LED
Material	Aluminum
White Brightness	300 Lumens (Max)
Product Dimensions	3.7"D x 1.02"W x 1.02"H
Voltage	1.5 Volts
Light Path Distance	600 Feet
Battery Cell Composition	Alkaline
Item Weight	0.13 Pounds (approx. 2.12 ounces)
Water Resistance Level	Waterproof (IPX4)
Runtime	1 hour (approx.)

WARRANTY AND SUPPORT

LETMY offers a lifetime warranty for this product. For any issues or concerns, please contact the seller directly. If you are not satisfied with your purchase, you may be eligible for a free replacement or full refund within 2 years of the purchase date. Please refer to your purchase documentation for specific contact details or reach out to the seller via the platform where the product was purchased.
