## SAFETY INFORMATION

- Place the cat tree on a flat, stable surface to prevent tipping.
- Ensure all screws and connections are tightened securely during assembly and periodically check for looseness.
- Keep small children away from the cat tree during assembly and ensure they do not climb on it.
- Regularly inspect the cat tree for any damaged parts, especially the scratching posts and hanging toys, and replace them if necessary.
- This product is designed for cats weighing less than 22 lbs (10 kg). Do not exceed the recommended weight capacity.
- The cat tree includes an anti-tip kit. For enhanced stability, especially with active or multiple cats, it is recommended to secure the cat tree to a wall using the provided kit.

## ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your PawHut cat tree. It is recommended to have a clear, open space for assembly.

1. **Prepare the Base:** Lay the largest base plate on a flat surface. Attach the initial support posts to the base using the provided screws and Allen wrench.
2. **Install the Cat Condo:** Secure the cat condo to the designated posts on the base. Ensure it is firmly attached.
3. **Add Platforms and Posts:** Continue adding platforms and posts layer by layer, following the diagram in your included paper manual. Ensure each connection is tight before proceeding to the next step.
4. **Attach Top Perches:** Secure the top perches and any remaining posts.
5. **Attach Hanging Toys:** Fasten any hanging toys (e.g., pom-poms, mice) to the designated areas on the platforms.
6. **Secure to Wall (Recommended):** Use the anti-tip kit to secure the cat tree to a nearby wall. This significantly enhances stability and safety.

## USAGE GUIDELINES

- Placement:** Position the cat tree in a quiet corner or near a window, allowing your cat to observe its surroundings.
- Introduction:** Encourage your cat to explore the tree by placing treats or familiar toys on different levels.
- Scratching:** If your cat is not using the scratching posts, gently guide its paws to the sisal rope to demonstrate. Catnip can also be used to attract them.
- Supervision:** Monitor your cat's initial interactions with the tree to ensure safe usage.

---

## MAINTENANCE

- **Cleaning:** Use a lint roller or vacuum cleaner to remove loose fur and debris from the plush surfaces. For spot cleaning, use a damp cloth with mild soap and water, then air dry.
- **Sisal Rope:** Trim any frayed sisal rope ends to prevent further unraveling.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Damage Inspection:** Regularly inspect the entire structure for any signs of wear, tear, or damage. Replace worn-out parts or the entire tree if it becomes unsafe.

---

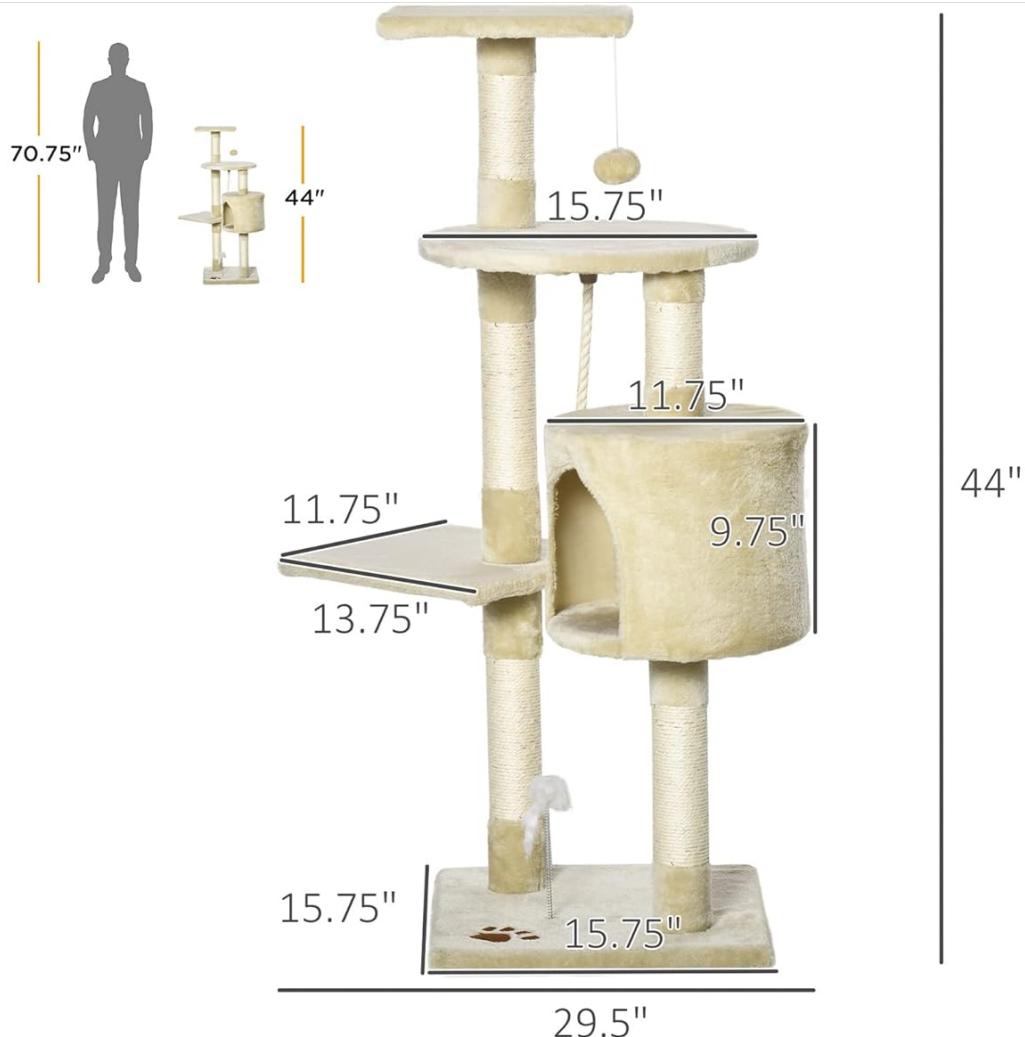

## TROUBLESHOOTING

- **Tree feels wobbly:** Ensure all screws are fully tightened. Verify the base is on a flat, even surface. Utilize the included anti-tip kit to secure the tree to a wall.
- **Cat not using scratching posts:** Apply catnip to the sisal rope. Gently guide your cat's paws to the posts. Ensure the tree is placed in an accessible and appealing location.
- **Cat not using condo/perches:** Place familiar blankets, toys, or treats inside the condo or on perches to make them more inviting.
