Prominence Home Alvina 42-Inch Ceiling Fan User Manual

Model: 80029-01 | Brand: Prominence Home

INTRODUCTION

The Prominence Home Alvina 42-inch indoor-rated traditional ceiling fan with light is designed to provide both style and functionality to your living space. Featuring classic hardware, frosted glass, and dimmable LED lighting, this fan offers adjustable, energy-efficient airflow. Its innovative 5-blade design and reversible motor ensure year-round comfort, circulating cool air in summer and warm air in winter. Control is made simple with two easy-to-use pull chains. This versatile ceiling fan blends seamlessly with various decor styles, from traditional to modern farmhouse.

SAFETY INFORMATION

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- Always disconnect power at the main circuit breaker before installing, cleaning, or servicing the fan.
- Ensure all electrical connections comply with local codes and ordinances, as well as the National Electrical Code (NEC).
- The fan must be mounted to a structurally sound outlet box or support system capable of supporting the fan's weight (approximately 10.5 lbs).
- Do not operate the fan with damaged blades or housing.
- Keep hands, clothing, and other objects clear of the fan blades when the fan is operating.
- This product is ETL listed, ensuring it meets safety standards.
- **Proposition 65 Warning:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Know Your Room Size

Use the guide below for best location of your ceiling fan

Small Room

Less than 8 ft x 10 ft
Fan Size Up to 32-in

THIS FAN

Medium Room

Up to 12 ft x 14 ft
Fan Size 32-in to 48-in

Large Room

Up to 12 ft x 18 ft
Fan Size 48-in to 58-in

Image: The Prominence Home Alvina ceiling fan is designed to be code compliant and is ETL listed, ensuring safety and quality standards are met.

PACKAGE CONTENTS

Before beginning installation, ensure all components listed below are present and undamaged:

- Motor Housing
- Canopy
- Blade Irons (Blade Holders)
- Blades (5 total, dual-finish)
- Light Kit (Opal Globe)
- Bulb (1 x E26/A15 LED)
- Pull Chains (2 total)
- Hardware Pack (screws, washers, wire nuts, etc.)

SETUP AND INSTALLATION

The Prominence Home Alvina ceiling fan features a low-profile hugger-mount design, making it suitable for rooms with lower ceilings. Installation is designed to be straightforward, but professional installation is recommended if you are not familiar with electrical wiring.

1. **Prepare the Installation Site:** Turn off power at the circuit breaker. Ensure the ceiling outlet box is securely mounted and capable of supporting the fan's weight.
2. **Mount the Canopy:** Attach the mounting bracket to the outlet box. Secure the fan canopy to the mounting bracket.
3. **Wire the Fan:** Connect the electrical wires according to the wiring diagram provided in the full user manual. Ensure all connections are secure.
4. **Attach Blades:** Assemble the blade irons to the fan motor, then attach the dual-finish blades. You can choose between Walnut Brown (Side A) or Maple Brown (Side B) to match your decor.
5. **Install Light Kit:** Connect the light kit wiring and secure the opal globe light kit to the fan motor housing. Install the included E26/A15 LED bulb.
6. **Final Checks:** Ensure all screws are tightened and components are secure. Restore power at the circuit breaker.

Reversible Blades

Choose between two different blade finishes to pick the style that best complements your home

The diagram shows two options for blade finishes: Walnut (Side A) and Maple (Side B). Each option includes a small inset image of the fan with the respective blade finish installed in a room setting. Below each inset is a color swatch and the name of the finish. The Walnut swatch is dark brown, and the Maple swatch is a lighter, natural wood tone. The text 'SIDE A' and 'SIDE B' is written in large, bold letters below the swatches.

Image: The fan features reversible blades, offering a choice between Walnut (darker) and Maple (lighter) finishes to complement your home decor.

Image: Guide for selecting the appropriate fan size based on room dimensions. The 42-inch Alvina fan is ideal for medium rooms up to 12 ft x 14 ft.

OPERATING INSTRUCTIONS

The Alvina ceiling fan is controlled by two pull chains, one for the fan speed and one for the light.

- **Fan Speed Control:** Pull the chain with the fan icon to cycle through the three available speeds: High, Medium, Low, and Off. The fan is designed for quiet operation at all speeds.
- **Light Control:** Pull the chain with the light bulb icon to turn the integrated LED light kit On or Off. The light is dimmable, providing 800 lumens with a 3000K color temperature.
- **Reversible Motor Function:** A slide switch on the fan's motor housing controls the direction of blade rotation.
 - **Summer Mode (Downward Airflow):** Set the switch to the position that causes the blades to rotate counter-clockwise, creating a downward breeze for a cooling effect.

- **Winter Mode (Upward Airflow):** Set the switch to the position that causes the blades to rotate clockwise, circulating warm air trapped near the ceiling throughout the room, helping to reduce heating costs.

Image: Illustration demonstrating the reversible motor function, allowing for warm air circulation in winter and cooling airflow in summer.

MAINTENANCE

Regular maintenance will help ensure the longevity and optimal performance of your Prominence Home Alvina ceiling fan.

- **Cleaning:** To clean the fan, wipe surfaces with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these can damage the finish. Ensure power is off before cleaning.
- **Blade Care:** Periodically check the blade screws for tightness. Loose screws can cause wobbling and noise.
- **Light Bulb Replacement:** The integrated LED bulb has a long service life. When replacement is eventually needed, use an E26/A15 LED bulb. Ensure power is off and the bulb has cooled before attempting replacement.
- **Annual Check:** Annually inspect all connections and mounting hardware to ensure they remain secure.

TROUBLESHOOTING

If you experience issues with your Prominence Home Alvina ceiling fan, refer to the common problems and solutions below. For more complex issues, consult the full user manual or contact customer support.

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Incorrect wiring.	Check circuit breaker and wall switch. Ensure all wire connections are secure. Verify wiring against the manual's diagram.
Fan wobbles excessively	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws. Ensure blades are balanced (a balancing kit may be needed). Verify mounting bracket is securely fastened to the ceiling.
Fan is noisy (humming/buzzing)	Loose screws; Incorrect dimmer switch; Motor issue.	Check and tighten all screws. If using a dimmer, ensure it is compatible with ceiling fans; replace with a standard switch if buzzing persists.
Light does not work	Loose bulb; Faulty bulb; Loose wire connection in light kit.	Ensure bulb is screwed in tightly. Replace bulb if necessary. Check light kit wiring connections.
Fan does not move air effectively	Incorrect blade direction (reversible motor switch); Fan speed too low.	Check the reversible motor switch position and adjust for desired airflow (summer/winter mode). Increase fan speed using the pull chain.

SPECIFICATIONS

Model: 80029-01

Brand: Prominence Home

Diameter: 42 Inches

Mounting Type: Flush Mount (Hugger)

Material: Metal (Housing), Glass (Shade)

Finish Type: Brushed Nickel

Blades: 5, Dual-Finish (Walnut Brown / Maple Brown)

Light Source Type: LED

Brightness: 800 Lumens

Color Temperature: 3000K

Bulb Base: E26/A15 (bulb included)

Power Source: Corded Electric

Voltage: 120 Volts

Item Weight: 10.45 Pounds

Product Dimensions: 42" Diameter x 14.5" Height (from ceiling to bottom of light kit)

Control: Pull Chain (Fan Speed, Light On/Off)

Motor: Reversible

Certifications: ETL Listed

UPC: 671961800291

WARRANTY AND SUPPORT

Your Prominence Home Alvina ceiling fan comes with a limited lifetime warranty, covering defects in materials and workmanship under normal use. For specific warranty details and claims, please refer to the official user manual or contact Prominence Home customer support.
