

## KIIROO Onyx 2

# KIIROO Onyx 2 Interactive Male Masturbator Instruction Manual

Model: Onyx 2 (05902310000)

## 1. INTRODUCTION

---

The KIIROO Onyx 2 is an interactive male masturbator designed to provide automated pleasure. It features a SuperSkin Kiiroo insert and is capable of reaching up to 140 strokes per minute. The device is designed for discreet use and portability.

This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your Onyx 2 device. Please read it thoroughly before first use.

## 2. PACKAGE CONTENTS

---

- KIIROO Onyx 2 Device
- SuperSkin Kiiroo Insert (pre-installed)
- Charging Cable (USB)
- User Manual (this document)

Figure 1: KIIRRO Onyx 2 device shown alongside its retail packaging.

### 3. DEVICE OVERVIEW

---

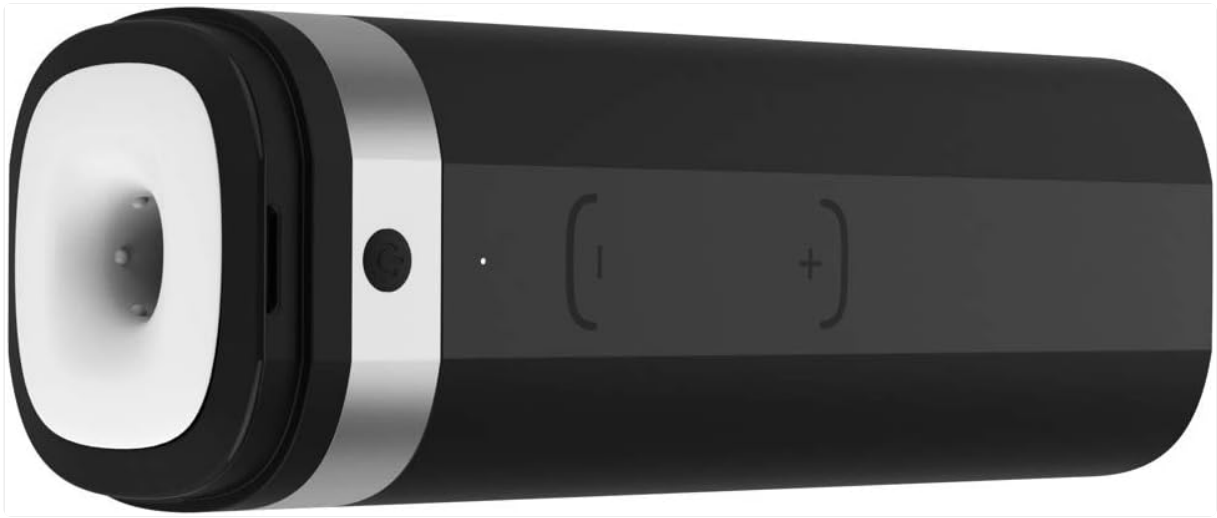

Figure 2: Side view of the Onyx 2, highlighting the power button, indicator light, and control buttons.

Figure 3: Top-down view of the Onyx 2, showing the sleeve opening, power button, and control buttons.

Figure 4: Internal view of the Onyx 2, illustrating the sleeve and the automated thrusting mechanism.

## 4. SETUP

---

### 4.1 Initial Charging

1. Locate the charging port on the device (refer to Figure 2).
2. Connect the provided USB charging cable to the device and a compatible USB power source (e.g., computer, wall adapter).
3. The indicator light will illuminate to show charging status. A full charge typically takes approximately 2-3 hours.
4. Ensure the device is fully charged before first use for optimal battery performance. The device

operates solely on battery power and cannot be used while charging.

## 4.2 Preparing the Sleeve

1. Before each use, ensure the SuperSkin Kiiroo insert is clean and dry.
2. Apply a water-based lubricant to the entrance and interior of the sleeve for comfortable use.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Powering On/Off

- To power on the device, press and hold the power button (refer to Figure 2) for approximately 2 seconds until the indicator light illuminates.
- To power off, press and hold the power button again until the indicator light turns off.

### 5.2 Adjusting Stroke Speed

- Once powered on, the device will begin its automated thrusting motion.
- Use the '+' and '-' buttons (refer to Figure 2) to increase or decrease the stroke speed. The device can reach up to 140 strokes per minute.

### 5.3 Interactive Mode (If Applicable)

The Onyx 2 is designed for interactive experiences. To utilize this feature:

1. Download the KIIROO application from your device's app store.
2. Follow the in-app instructions to pair your Onyx 2 device via Bluetooth.
3. Once paired, you can explore interactive content and synchronize the device with compatible videos or partners.

## 6. MAINTENANCE

---

### 6.1 Cleaning the Device

1. Power off the device before cleaning.
2. Carefully remove the SuperSkin Kiiroo insert from the main unit.

Figure 5: Illustration of removing the internal sleeve for cleaning.

3. Wash the SuperSkin Kiiroo insert thoroughly with warm water and a mild, toy-safe soap. Rinse completely.

Figure 6: Close-up view of the SuperSkin Kiiroo insert, showing its texture.

4. Wipe the exterior of the main unit with a damp cloth and mild soap. Do not submerge the main unit in water.
5. Allow all components to air dry completely before reassembly or storage.

## 6.2 Storage

Store the Onyx 2 in a clean, dry place, away from direct sunlight and extreme temperatures. Ensure the device is fully charged before long-term storage to preserve battery health.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on or respond.	Battery is depleted.	Charge the device fully using the provided USB cable. Ensure the charging cable and port are clean and undamaged.
Device stops working during use.	Low battery.	Recharge the device. The device cannot be operated while charging.
Motor jams or motion is inconsistent.	Sleeve obstruction or improper insertion.	Ensure the sleeve is correctly seated and free from debris. Avoid excessive pressure that might impede the mechanism.
Difficulty connecting to the app/interactive content.	Bluetooth not enabled, app issues, or device not in pairing mode.	Ensure Bluetooth is enabled on your smart device. Restart the Onyx 2 and the KIIROO app. Follow in-app pairing instructions carefully.

Problem	Possible Cause	Solution
Sleeve tears easily or does not fit comfortably.	Improper handling or size incompatibility.	Handle the sleeve gently during removal and cleaning. Ensure adequate lubrication is used. Note that product dimensions may not be suitable for all users.

## 8. SPECIFICATIONS

---

Feature	Detail
Model Number	05902310000
Brand	KIIROO
