- **Handling:** Handle small parts with care to prevent breakage.

## TROUBLESHOOTING

---

If you encounter any issues, refer to the following common solutions:

- **Loose Parts:** Ensure all parts are securely attached. If a part repeatedly detaches, check for any obstructions or damage to the connection points.
- **Stiff Joints:** If a figure's joints are stiff, gently move them back and forth to loosen. Do not force movement excessively.
- **Glow-in-the-Dark Feature Not Working:** Expose the Troll's horns, teeth, and eyes to a light source for a period to "charge" their glow-in-the-dark properties.
