

## Blackweb BWA16WI003

# Blackweb BWA16WI003 4-Foot Lightning Cable User Manual

Model: BWA16WI003

## INTRODUCTION

Welcome to the user manual for your Blackweb BWA16WI003 4-Foot Lightning Cable. This manual provides essential information for the proper setup, operation, and maintenance of your cable. Please read these instructions carefully before use.

## PRODUCT OVERVIEW

### Package Contents

- 1 x Blackweb BWA16WI003 4-Foot Lightning Cable

### Key Features

- 4-foot (1.2 meter) length for extended reach.
- Lightning connector for Apple devices.
- USB-A connector for power sources and data transfer.
- Durable construction for reliable use.

## SETUP AND CONNECTION

1. **Identify Connectors:** Locate the USB-A connector (larger, rectangular) and the Lightning connector (smaller, reversible).
2. **Connect to Power Source:** Insert the USB-A connector into a compatible USB power adapter, computer USB port, or other USB charging device.
3. **Connect to Device:** Insert the Lightning connector into the charging/sync port of your Apple device (iPhone, iPad, iPod). Ensure a firm connection.

## OPERATING INSTRUCTIONS

---

### Charging Your Device

Once connected to a power source and your Apple device, the device should begin charging automatically. A charging indicator (e.g., battery icon) will typically appear on your device's screen.

### Data Synchronization

When connected to a computer, the cable facilitates data transfer between your Apple device and the computer. Follow your device's instructions for syncing photos, videos, music, and other data.

## MAINTENANCE AND CARE

---

- **Storage:** Store the cable in a clean, dry place when not in use. Avoid extreme temperatures.
- **Cleaning:** Gently wipe the cable with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Handling:** Avoid bending the cable sharply or pulling it by the cord. Always grasp the connector ends when plugging or unplugging.
- **Inspection:** Periodically inspect the cable and connectors for any signs of damage, such as fraying or bent pins. Discontinue use if damage is observed.

## TROUBLESHOOTING

### Device Not Charging

- **Check Connections:** Ensure both the USB-A and Lightning connectors are fully and securely inserted.
- **Verify Power Source:** Confirm that the USB power adapter or computer USB port is functional and providing power. Try a different power source.
- **Inspect Cable:** Check the cable for any visible damage. If damaged, replace the cable.
- **Restart Device:** Sometimes, restarting your Apple device can resolve charging issues.

### Data Transfer Issues

- **Check Connections:** Ensure secure connections at both ends.
- **Computer Recognition:** Verify that your computer recognizes the connected Apple device. You may need to unlock your device and confirm "Trust This Computer."
- **Software Updates:** Ensure your computer's operating system and your device's iOS are up to date.

## SPECIFICATIONS

Feature	Detail
Model	BWA16WI003
Brand	Blackweb
Cable Type	Lightning to USB-A
Length	4 feet (approx. 1.2 meters)

Color	Pink
Connector Gender	Male-to-Male
Item Weight	1.92 ounces (approx. 54 grams)
Product Dimensions	7 x 2 x 5 inches (packaging)

## Safety Information
